PROMOTION IN RANK AND TENURE

Dr. Patterson outlined five criteria for promotion in rank, (1) teaching performance, (2) research and scholarship, (3) public service, et cetera, (4) academic preparation, and (5) outstanding service in their fields. The following staff members, he stated, had the recommendations from their division heads, the Dean of Instruction, the Faculty Affairs Council and himself.

Mr. Meagher moved, seconded by Mrs. Tanke, that the promotions in rank and the recommendations for tenure be approved. Motion carried, effective September 1965.

Mr. Perrin C. Smith, Registrar

Dr. Kenneth Swedberg, Department of Biology

Dr. Benard Taylor, Department of Psychology

Dr. Wm. C. Wilson, Principal, Campus School, Division of Education

WARREN C. HEYLMAN, ARCHITECT

Mr. Warren C. Heylman, Spokane architect, was introduced by Dr. Loomis and described his work, asking consideration of the board on future college projects.

RASQUE APPOINTED ARCHITECT

Dr. Wayne Loomis described the project for the proposed classroom addition to Martin Hall and suggested that the firm of George W. Rasque and Associates be appointed as architects since they had planned the original building and have given greatest amount of space for the money. It was moved by Mr. Meagher, seconded by Mr. Voorhees and Mrs. Morrison, that Mr. Rasque be named. Motion carried.

APPOINTMENT OF ENGINEER

Dr. Loomis reported that the removal of Hudson Hall leaves utility lines exposed. He recommended that Mr. Jack Reeves, engineer, be appointed to provide plans and specifications for the extension of service and rerouting of steam lines, condensate and electric services to the Music Building and telephone service to Pearce Hall. Dr. Patterson reported that the funds (\$15,000) are available for this project.

It was further recommended that Mr. Reeves also be retained to do the planning for extended heating and utility services in connection with the heating plant.

Mr. Voorhees moved that Mr. Reeves be retained for the two projects and Mr. Meagher seconded the motion. Motion carried.

EXTENSION OF TIME ON SUTTON HALL PROJECT

Dr. Loomis recommended an extension of time from February 15 to February 20 for completion of the sprinkling system at Sutton Hall. The Board approved this extension of time.

CHANGE ORDERS

It was moved by Mr. Meagher, seconded by Mr. Voorhees that the following change orders be approved:

Dryden Hall

1. Change Order #G-1 to contract with Selkirk Company, general contractors

- a. Traffic bearing reinforced concrete roadway slabs to protect steam line-----\$491.92
- c. Six door closers with hold-open devices with 130⁰ fusible links; add fusible links to 6-door closers----- 372.32
- Total \$864.24

2. Change Order #M-1 to contract with Warren, Little and Lund, Inc., mechanical contract

- a. Automatic sprinkler system in the two basement incinerator rooms with electric flow alarm system-----\$826.16
- b. 4" h.p. supply valve, 2" return valve ----- 286.00
- c. H.P. drip trap assembly ----- 182.00
- d. Change plumbing fixture carriers (no charge)

\$1,294.16

Motion carried.

PREPLANNING LOAN APPLICATION

Dr. Loomis recommended that an application be made to HHFA for a pre-planning loan for the new heating plant , utility tunnels and extension of utility service. Mr. Johns presented the attached resolution authorizing the filing of the application. Mr. Meagher questioned the wording in the resolution that the college should provide any additional funds necessary to defray the cost of planned preparation beyond the amount of the loan and asked whether the adoption of the resolution would commit the board to spend college funds. Mr. Johns explained that the loan would cover the engineering contract and no increase could be made in the amount of the contract without the approval of the board. The resolution was passed.

REVISION OF PAY SCHEDULE FOR EXTENSION AND CORRESPONDENCE

Dr. Patterson explained the proposed pay schedule for extension and correspondence and recommended its approval. Mrs. Tanke moved that the revision be accepted and Mr. Meagher seconded the motion which carried.

Change in rate from 90¢ to \$1.00 for new enrollments in correspondence

New courses and revised courses for the new catalog to be computed on the new schedule of \$30 per quarter credit for new courses and \$15 for revised courses

All extension classes to be computed on new pay scale of an additional \$3.00 per hour of travel time (based on 50 m.p.h. rate) for instructors who travel 50 miles round trip, computed to nearest 25 miles or one-half hour travel time.

INSCRIPTION FOR LIBRARY PLAQUE

Dr. Patterson read from the January Board Minutes the three quotes of President Kennedy that are under consideration for the plaque. It was moved by Mr. Meagher, seconded by Mr. Voorhees that the quotation, "Our progress as a nation can be no swifter than our progress in education," be selected. Motion carried.

COLLEGE PRINTING

Mr. Voorhees requested that the item regarding the print shop be put off until the next meeting.

APPROVAL FOR MR. STARRY TO ATTEND SCHOOL

The board approved the attendance of Mr. Robert Starry, tabulating equipment supervisor, at a two-weeks school offered by the IBM in Seattle, April 4-17, travel and per diem

PARTICIPATION IN NDSL PROGRAM

Mr. Johns read a memo from Dean Hagie requesting authorization to apply to the Office of Education for a federal contribution of \$337,220 to the National Defense Student Loan fund and also requesting the transfer of \$38,580 from the general local funds as the college's matching contribution. Mr. Voorhees moved and Mrs. Tanke seconded the motion, that the authorization be given. Motion carried.

REPORT ON STATUS OF ATLAS SHEET METAL CONTRACT

The Board considered the attached letter dated March 17, 1965, from Mr. Charles F. Murphy, Assistant Attorney General, concerning the status of the Atlas Sheet Metal Company contract. After discussion it was moved by Mr. Meagher that the board authorize Mr. Murphy to proceed with negotiations with the attorneys for Atlas along the line suggested in Mr. Murphy's letter. The motion was seconded by Mr. Voorhees and was passed 4 to 1, with Mrs. Morrison voting "Nay."

INFORMATIONAL ITEMS

Dr. Patterson reported that the State Commission has approved the application for a grant in the amount of \$750,000 to construct the library, and the approval has been forwarded to the U. S. Office of Education by the Commission.

Dr. Patterson gave the board a letter from Mrs. Ruth Cheney Street^[et.] for their perusal.

Mr. Voorhees asked if the quality and quantity of library holdings is rated by any outside agency. Dr. Patterson said this is not done in this section of the country but suggested that a report could be obtained from each department head on campus as to his opinion on the library holdings in his discipline. Mr. Voorhees said such a report would be of interest.

Dr. Patterson reported that Senate Bill 520 had been introduced in the extra session to appropriate the \$1,500,000 from tuition fund for the library.

Dr. Patterson read a memo from Governor Evans regarding his request for reduction in expenditures for the balance of the fiscal year, and said that he had replied to the Governor explaining what a 10% reversion would do to this college.

Dr. Patterson read a letter from Representative Moon of the House Ways and Means Committee stating the committee is considering an increase in the college operating budget and was considering also a possible increase in enrollment fees. Dr. Patterson said he had been requested to attend a hearing in Olympia the following week on fee increases and asked for the advice of the

March 19, 1965

board on the position to take. It was the consensus of the board that they would not like to see an increase in fees but they realized it was legislative prerogative to raise the funds to support the college budget.

The Association of Governing Boards meeting was announced and it was moved by Mrs. Morrison, seconded by Mrs. Tanke that if any board member is free to attend, the travel is authorized.

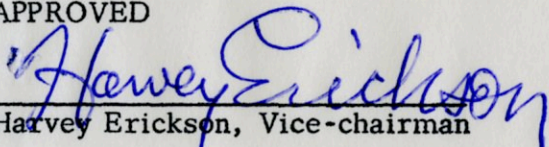

INVESTIGATION OF EDITORIAL IN EASTERNER

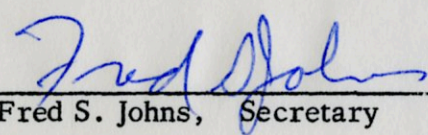

Mr. Erickson reported that an executive session of the board had been held on February 19 to discuss an editorial appearing in the February 17 edition of the Easterner, which ended with the appointment by the board of a special sub-committee consisting of Mr. Erickson, Dr. Robert Bender, president of Faculty Organization, and Dr. Vincent Stevens, chairman of the Academic Senate, to investigate the implications of the editorial. He read the report of the committee (copy attached) and said the committee had concluded in view of the report that nothing constructive could be gained by further investigation and the committee expressed confidence in the ability of the faculty and student body to handle this problem should it arise. It was moved by Mr. Meagher, seconded by Mrs. Morrison, that the report be accepted. Motion carried.

ADJOURNED

The meeting of the board was adjourned at 9:10 p.m.

STANDARDS FOR COLLEGE CREDIT CORRESPONDENCE

1. Correspondence courses should accurately reflect the standards of achievement required of the student in the same courses in residence instruction.
2. The content of a correspondence course offered for academic credit should be comparable in scope and depth to that of the equivalent course taught in residence. Any new or revised course should be approved by the academic department and the correspondence department before it is added to the offering.
3. The approval of personnel who prepare or revise correspondence courses and who correct correspondence lessons must rest with the academic department. A correspondence course normally should be written by a faculty member who teaches the course in residence or by someone competent in the same special area of the academic discipline.
4. When a course is prepared or revised, the authors should be adequately compensated and the course should become the property of the correspondence department. A request should be made to a department head for a change of instructor when a course becomes such a burden that service to a student is not reasonable or businesslike.
5. Instructors of correspondence courses are paid according to a fixed fee schedule for lesson correction. Total compensation will of necessity vary with enrollment.
6. The availability of library and other instructional materials should be as nearly comparable to on-campus availability as time and distance factors permit and should be considered in offering courses and granting permission to enroll.
7. The correspondence department should cooperate with the academic departments in developing examinations. All examinations should be administered either by the correspondence department or by a proctor approved by the correspondence department. The integrity of examinations should be protected by changing them from time to time and/or using one or more alternate forms (Form A and B).
8. The continuous monitoring of the quality of instruction should be carried out by the correspondence department and the academic department concerned.
9. The correspondence department should possess administrative, supervisory, and clerical personnel competent to assure a superior program of correspondence instruction.

\$30 per quarter credit will be paid for preparing a newly adopted correspondence course approved by the correspondence office and submitted by May 1 preceding the year it will be introduced.

\$15 per quarter credit will be paid for revising and up-dating a course when it is determined necessary by the department and the correspondence office. A revision may be done at any time, and it must be submitted to the correspondence office by an agreed upon date.

It is also requested that the fee for correcting lessons be increased from \$.90 to \$1.00.

Dear Dr. Bender:

Thank you for your recent letter and memorandum of record as to the investigation of the editorial in the Easterner in regard to cheating in examinations.

I think that the memorandum prepared by you contains a sufficient answer. I will discuss it with Mr. Voorhees of the Board in executive session and do not think that the matter merits any further investigation at this time.

Yours very truly,

MEMORANDUM OF RECORD

At the request of Mr. Harvey Erickson who was acting for the EWSC Board of Trustees in its inquiry into the implications of an editorial published on Wednesday, February 17, 1965, in THE EASTERNER, Professors Robert F. Bender, President of the EWSC Faculty Organization, and Vincent L. Stevens, Chairman of the Academic Senate, met with Mr. Terry Gamon, Editor of THE EASTERNER, on this date.

The editorial in question, entitled "Air Cadets More Honest" (enclosed as Exhibit A), contained in the final paragraph the following statement which was the subject matter of the inquiry:

People say, "Did you hear about the terrible cheating scandal at the Air Force Academy?" These people will do well to appraise their own value /sic/ because the amount of cheating at the Air Force Academy does not begin to approach the amount that is tolerated elsewhere, including Eastern. (Emphasis provided.)

Mr. Gamon stated the context of his editorial was the degree of toleration permitted by the students at Eastern, as is apparently the case elsewhere. (His position is supported in the editorial, since student action or inaction appears to be the central theme.) He stated he did not intend to imply in any form that the faculty of Eastern was lax in, tolerant of, or blind to the matter of cheating. In fact, his experience reveals the opposite to be true.

Mr. Gamon also regreted any implied accusation that might have resulted due to the choice of words in the editorial.

Air Cadets More Honest

The recent cheating scandal at the Air Force Academy unfortunately produced a good deal of unfavorable publicity for the school. In spite of the scandal, the students at the Air Force Academy probably have higher personal standards of honesty than their counterparts at most other institutions.

Only a small number of the cadets were involved in the scandal. It is doubtful that many colleges have a smaller percentage of students involved in cheating each year.

Where other institutions fail to measure up to the Air Force Academy (and the other service academies) is in the standards of honesty which are observed. The cadets' honor pledge reads, "We shall not lie, cheat, or steal, nor tolerate among us those who do." Violation of that last phrase was responsible for the dismissal of many cadets.

How well does Eastern compare? Many students here choose to ignore cheating when they see it. Many students consider it bad practice to "rat" on cheaters. If you will not tolerate cheating you are a fink.

People say, "Did you hear about the terrible cheating scandal at the Air Force Academy?" These people will do well to appraise their own value because the amount of cheating at the Air Force Academy does not begin to approach the amount that is tolerated elsewhere, including Eastern.
