Relationships to EWU: alumni

Additional information:

Your experience during COVID-19: Covid vaccines have given me peace of mind that the health of our nation is moving towards a brighter future. I am however, embarrassed as an alumni that EWU has chosen to not enforce Covid vaccines; that backward action jeopardizes the health of students, staff, faculty and employees not to mention risking the lives of their family members. We're trying to move forward as a nation and science has proven the effectiveness of the vaccines. Choosing not to be vaccinated is an uninformed approach and an embarrassment to EWU. Good luck with fundraising activities. Being a positive platform is the only to move forward.
