Dear journal,

Here's what I want right now:

1. X and Y to stop existing and put an end to my misery. I don't want to feel jealous of her. I never have. The problem is her boyfriend is hot and he has big arms. I want them to not exist.
2. A whole custom made closet with tailored clothes
3. To go back to London for a vacation
4. To live in London
5. To learn a ballet solo
6. To sing musical theatre
7. To get featured on TV
8. To look like a model
9. To lose 10 lb. I want to be rid of my stomach.
10. To get my master's degree, even if I have to fake it.
11. To live harmoniously with John & Pumpkin
12. To talk with Z again. One more time. Talking to attractive people is a privilege!
13. To help Mom & Dad clear out their storage unit in Montana.
14. To fly first class. I bought a ticket to Cassidy's wedding. That'll be my chance, unless the wedding is canceled.
15. To donate some of our mugs and glasses to Good Will.
16. To have my own piano studio inside my home.
17. For Mom to be happy
18. For people to stop being racist towards my dad.
19. For Daniel, Rye, and Sophie to all be happy.

Fact for future generations, John and I have taken to sitting in cool baths watching DS9 together. There we are, naked and sprawled out, with a pine scented candle flickering near the sink while Pumpkin lies down in my room down the hall. It's romantic and endearing. It just shows how much we love each other, reaffirms how safe I have always felt in John's arms. And the cool water is just what we need to combat this hot, dry 99 degree Spokane County weather.

We're watching DS9 now, an episode about a ghoul who inhabits Keiko O' Brien's body and forces her husband to sabotage the station.
