The Eastern Washington University Jazz Program offers tremendous opportunities to undergraduate and graduate students to learn from our Artist Level faculty. Opportunities include Big Bands (3), Vocal Jazz Ensembles (2), Small Groups (5) as well as an Undergraduate Jazz Certificate Program & Graduate Jazz Pedagogy Degree. In 2008 Bob & Darlene Curnow donated the Sierra Music Publishing Library (over 500 pieces of music!) to our Jazz Program. In addition, 2009 brought us a newly established Virginia Jones Endowed Jazz Scholarship Fund.

**INSTRUMENTAL JAZZ ENSEMBLES**
The EWU Jazz Ensemble you are hearing performs throughout the United States and Canada playing classic big band literature and newer, original compositions by EWU students & faculty along with some of the freshest and well-known writers in the business. The Jazz Ensemble has recently performed at MENC conferences and concert halls in San Francisco, Portland, Seattle and Vancouver, BC. The Repertory Jazz Ensemble (II) and Lab Jazz Band (III) are two other big bands on campus performing with guest artists as well as touring the Northwest and Canada.

**VOCAL JAZZ ENSEMBLES**
The EWU Vocal Jazz Ensemble (II) and Collegians (I) perform at conferences and in concert halls and festivals throughout the United States. These ensembles sing classic and contemporary vocal jazz literature and range from 8 to 16 voices. These groups provide our students with the skills, tools and experiences to be successful in a chaos educational environment.

**JAZZ SMALL GROUP PROGRAM**
The Small Groups are coached by EWU Faculty and Graduate Teaching Assistants and regularly perform in concert and at various performance venues around the region. These groups have recently performed for Marcus Roberts, Marcus Printup, Dave Pietro, John Fedchock and many of the finest jazz educators and performers in the nation. Through weekly Jazz Forums and jam sessions the Small Group Program provides invaluable experiences to the college musician.

**JAZZ RESIDENCIES, JAZZ CAMPS AND JAZZ FESTIVAL**
Each year our jazz students enjoy numerous opportunities working with some of the finest musicians in the business through residencies, jazz camps and our world-class jazz festival (November). Internationally recognized Artists and visit campus to present classes and sessions on arranging, improvisation, the business of music and teaching. The Jazz Dialogue Summer Camps (MS & HS) provide two weeks of fun, friends and jazz education. Over 200 students visit our campus each summer for one of the finest jazz education experiences in the country.
