ATTENTION, SWIMMERS!

Our swimming pool is badly in need of adiving board. Several attempts have been made to put one in, but so far none has been successful. Half of the fun of swimming lies in diving. Many of our students cannot take full advantage of the pool without one. If each of you helps behind the move- ment, there is no doubt that a suitable organiza- tion in it, there will soon be one installed. Swimmers, let's move this forward, and out that a diving board is installed soon.

WHAT CONSTITUTES SUCCESS?

(By Raymond Middleman, Kinne University)

Let us for a moment consider what constitutes success. Some would measure success by the height of one's position, or by the amount of money one possesses. Others would measure success by the money we accumulate, or by our position in society, or by our success in achieving that which we have desired. Whether we measure success by height or by money, which is the correct viewpoint? Success is not as easy to measure, although there is no reason it should be.
