The idea of "Homecoming Day" is not a new one. Young men from all colleges throughout the country have been coming home for this day on which all of the alumni strive to get back to their Alma Mater. And we are sure that you, the attraction football game with some high-stakes rivalry is staged in the afternoon.

In the past a group from this town, and a few from next door, would come back for this game or the next. To crystallize these various homecomings, Homecoming Day at Cheney Normal has been set up. This group and the other would all come back on the same day and not only have the pleasure of seeing the games, but would see the men who are in school now, but since they are all coming back at Homecoming Day at Cheney Normal has been the most essential thing. What is important is the spirit manifested above all on Homecoming Day.

The idea of "Homecoming Day" is this: the first annual Homecoming Day was in October. The members of the Senior class at Cheney Normal are the alumni who will participate in this Homecoming Day. The Senior men are the ones who have graduated from Cheney Normal, and the Senior class is the group of students who are about to graduate.

The term "Homecoming Day" is a day when the alumni return to their alma mater and participate in events that celebrate their time at the school. It is a time when the alumni come back and glory in the things which are being strengthened in the under-graduate and rekindled in the alumni.

We may win or lose on the football field, but that is not the essential thing. What is important is that we are united in the winning or losing, and above all on Homecoming Day we get a chance to show our school and its spirit to those who have perhaps been away many years.

Mr. A. R. Eddy has been instrumental in establishing a Homecoming Day, having been working at it for years. Last fall it was mentioned to President Shoultzer, who said he would like to have a Homecoming Day. The time was too short and the task too much, but he brought about a successful event at that time, so plans were laid for next year. Negotiations are under way between Ritzville College and Cheney Normal for next year's Homecoming Day, which will be held on October 26, 1924, will go down as a red letter day in the annals of the alumni, faculty, and students.

You may have friends who will want to come. Write them and tell them all about it, as they may be interested in the things that we have. Next week 1000 extra copies of the Homecoming Day information are to be printed and mailed to the alumni. The letters you write may be received by someone who can do, as it is a personal touch that we cannot have, and yourphia to your friends.

Remember—each Homecoming Day is October 26th. The alumni homecoming football and the alumni homecoming for Homecoming Day, October 26, 1924, will go down as a red letter day in the annals of the alumni, faculty, and students.

NEW OFFICERS ARE ELECTIONED BY MEN OF SCHOOL

In the second year's assembly of the normal school, officers were elected. Robert Osborne, vice president, and Joseph W. Jordan, secretary, were elected. E. B. Webster was elected president at the first assembly of the new school.
LET US REMEMBER

We have few rules whose violation calls for punishment. Most of the rules are necessary, but they may not be enforced. For example, it is not necessary to wear a suit to class, but if you do not, you may not be accepted as a student. Therefore, let us remember that rules are not always necessary, but they are necessary.

TAKING TIME TO BE A FRIEND

The first thing you must do is to think about yourself. You must decide whether you are going to be a friend to others. If you are, then you must decide what you are going to do to become a friend. If you are not, then you must decide why you are not. The seriousness of this situation and the fact that some people are friends by chance are important factors to be considered.

LOTTERIES, BEWARE!

When all the money is in the lottery, it is possible to buy tickets for anyone's use, as long as the money is available to buy tickets. But if there is no money available, it is not possible to buy tickets, as there is no money to buy tickets. Therefore, let us beware of lotteries.
