SOCIAL ACTIVITIES AT THE NORMAL

By Luella McFaddin, Chairman Social Committee

The social life of a college student means a great deal of culture and sport, and one is able to realize when he is in school. It simply assesses a part of the regular routine. We go to entertainments, programs, dances, and parties, and mingle with people who are interested in the same things as ourselves. The reasons for this are to have fun, to get away from the usual round of living, and to feel at ease in whatever company we find ourselves.

The primary purpose of the informal dances is to give an evening of pleasure for the members of the faculty and the students. However, this is not the only purpose of these dances. They are also an opportunity for the students to see each other and to have fun. It is a way to get to know each other better.
