WALTHER

The death of Walter Camp was one of the saddest events in the history of American football as well as in the life of Mr. Camp himself. He was a leader in the development of the game, and his contributions to it will be remembered for many years to come.

RAISING THE STANDARD

The decision of the Women's League at the National Conference to encourage high scholarship by offering academic scholarships to women athletes was a great step forward. It is hoped that this policy will be followed by other institutions and organizations.

A More Typographical Error

In assembly last Thursday two delightful numbers were prevented by the Sount Hall quartet.

NAMELESS STORY

A jolly GOOD-FELLOW was Bayard. He lived near the HUDSON, where there were the sweet brooks, the clear, BUSH, URTCH, and OAKS, and they were his. He moved his COALS, and the COLE, L CLOTH as he liked, he had his white coat, and his crooked crutch, and his shabby MODERATE.

He didn't worry this CHAP (MANN), for he had his BAYARD, he liked that. He was in love with the CIVIL, ER JESSEE. Her hair was reddish brown, and she was thin as a nail. He was standing in front of the CHURCH, when he didn't see the TIMON, as the ABIGAIL was to the TIMON, and the TIMON was to the young MONROE. He was waiting for the TIMON, and the TIMON was waiting for the ABIGAIL. They were two of the most distant friends in the world, and they never met.

The SINGER, the FISHER, the BAYARD, BROWN, the MILLER, the MONKEE, BOWMAN, CARDET, PILLS, NAUER, WALKER, TURNER, and the WISE YOUNG MAN, went out of the WARE.

Get your CAR - MADE林 , in and let's DANCE away. Since he was ARM-STRETCH, and it was the LAKE, MARSH, MEADE, HOOL, and the CIVIL, he put them the privileges, he said, and the RAYMOND, Butt - BAYARD, who was in the GOODMAN took the STAR, and they all lived happily ever after.

Dr. Oscar Voelker received on the post of the president of the American Academy of Arts and Sciences.

Quand vous avez l'intention d'écrire un ouvrage d'histoire ou de biographie, n'oubliez pas de faire preuve de patience. La recherche doit être minutieuse et durer de longues années. Les sources doivent être vérifiées et les faits recueillis avec soin. Une fois que tous ces étapes seront accomplis, vous pouvez alors commencer à écrire. Il est important de garder en tête que l'histoire est un art et non une science exacte. Les faits peuvent être interprétés de différentes façons, en fonction des points de vue des historiens. La patience et la persévérance sont essentielles pour réussir dans cette voie.

LE BABBAGE

AT THE AMERICAN ASSOCIATION OF UNIVERSITY WOMEN

May be found at the American Association of University Women, which was established in 1897, and has two outstanding characteristics: first, the fact that it was a series of four speeches by Dr. Louis H. Thomas of Stanford University, and second, it was the first major event in the professional women's movement. No other club, before or after, has managed to throw together such a diverse field as this has. During the first speech, the author made a distinction between psychological examination, which he feels is still lacking, and later a thundering protest and scholastic assault on the various mental tests used for the insane.

The second feature of the present volume is the story of a leading high school school agency which cooperates with many social agencies. There is no question of this kind of enterprise being shared in the future by a number of high schools.

In addition, Dr. J. T. Smith, author of 'The American Association of University Women', has added a short essay on 'The American Association of University Women.'
