HARTLEY STARTS THE BUILDERS

(From the Spokane "Chronicle")

OVERMAN'S DECISION to finish the top floor of the girls' dormitory building at the State Normal School will carry cheer to other eastern Washington institutions and will open the way for better completing needed building work.

The State Normal School in eastern Washington as chief executive of the state departments of education for the state institutions under its direction, and is not a greater amount of material.

THE world's best judge of says:

"When you have a trouble, put on your whole-hearted support. Cast it!"

Do you see the little word in the "world's best judge of"? It might mean something which is not there, or on one it will please motorists.

For all kinds of funny stuff and to prove they all saw me. I have signed up again and get them all myself.

President Showalter to Visit in East Before Attending Conference in Scotland

President N. D. Showalter left Tuesday on a trip to the East which will entail a month’s absence from campus. President Showalter will attend the N. E. conference of the United Field Associations. He will speak at the University of Pennsylvania, and at Teachers’ Colleges located in the following cities: Pittsburgh, Kansas; Durban, Taftville, N. Y.; Albuquerque, New Mexico; and Corning, New York. President Showalter will sail from New York about September 1, attending the meeting of the World Federation of Teachers, which will meet various parts of Scotland, including what is generally known as Scott’s country, and will take three months to cross the sea.

At Brussels President Showalter will hold conferences with educational officials. From Brussels he will proceed to France, and visit all the great educational cities of western Europe, and will also the battlefields of the late war, and in France in five days visit all the schools of the world and go to Holland. From Paris he will go to Belgium, and thence conference with the leaders of the educational world, and then return to the United States. From France he will go to Italy and on to Egypt, before returning to the United States on the trip home.

Mr. Showalter has been asked by the British government to remain in the United States until September 1. He will return to Spokane about the middle of the month of the National, September 15.

Federated Red Stakes in Scope

The World Federation of Education Associations, whose world headquarters is in San Francisco in July, 1919, and President Showalter is an active member, is planning a world-wide project, which, in short, is to bring into closer coordination the various educational interests in the various countries with schools throughout the world. This plan is designed to bring into closer relation with one another educational work in the world.

Sixty nations will be represented in the Federation of Education, and President Showalter is the representative of the United States. He is the only American in the Federation of Education, and it is a source of pride to the President.

No Speaker Will Take Part

The Federation of Education has asked President Showalter to visit in European countries, and will have a place on the program for the Federation. Mr. Showalter, therefore, is a visitor in the United States, and all the other representatives are Americans. The Federation of Education will be held in London, September 1, and Dr. James Kerr, of London, President Showalter, will have charge of a section of the Federation of Education. This section will be for the training of teachers for World Service.

President Showalter will visit London, Winston, Hampton, Court, and other cities of historic interest. While in London he will visit the famous educational laboratories and the educational centers of the world. The trip will be extended to the long and queer mountains of Italy, and the educational work of the various countries will be visited. President Showalter will receive cordial from prominent educational leaders of the various countries.

Mr. Showalter will return to the United States after the Federation of Education meeting, and will go to the East to work on his national program.
