WYNIA GETS 11 STRIKEOUTS

W. S. C. Team of Pros and Students Play Good Ball and Wins BY Tight Fielding

W. S. C. took the 11-5 victory from the Savage baseball team, 11-5, yesterday afternoon on the Normal field. The team from Pull­
man was composed of faculty and students. "Doc" Bohler, varsity coach and physical director, "Hack" Appleget, baseball coach, and Foster, graduate manager, assembled the players, who were the members of the team. The pitching of the Cougars was un­
usual by the effective twiddling of Wynia, who also collected four good singles with the willow.

The attack of the team was well highlighted by the individual star for the individuals of the Willow.

LIVING "DEAD LANGUAGE"

IT WILL be a surprise to many to learn that the dead language of ancient Rome is one of the living languages, but one that is com-
pletely unknown among the million students in our modern public school sys-
tem as somewhat of a gigantic "trust,
" setup for the benefit of the few at the ex-
pense of the many. The number of students in Latin in our schools is not much larger than the number of students in some of the other foreign languages. And the number of basc fame among Latin students is not much larger than the number of basc fame among Latin students in the Middle West, despite the fears of those championing the dead language for the past forty years. For instance, the Latin studies held after the war, by the students at Indiana University, which held its annual meeting in Indi-
ana at the time of this writing, was a matter of indifference to the students. It is doing a patrimoine suffering against the con-ventional system of education, the dead language is a living language, and it is time we had a change of heart. It is time we had a change of heart. It is time we had a change of heart.

Men Suffer After

Hard Exercise

in Physical Torture

Judging by the after-effects of last week's physical torture, some men could well be termed physical torture victims, and there are many of these. It is well known that some of the exercises during the past week have created a strain which is not only injurious to health, but also leaves a mark on the face of the class, for there is a marked discontent among the members of the class who were subjected to the torture.
