**Kala Christougena! Want to Help Trim the Olive Tree?**

While Christougena, or Merry Christmas, is the popular greeting wished by the people of Greece during this time of year, "Christougena in America is certainly different from the Christmas in the States," says George Parke, 36, a student from Athens, Greece. In Greece there is no present exchange, except in the wealthy classes. The school boys sing carols through the neighborhoods and Oakhurst residents give them money with which they buy their own gifts.

"Before Christmas, there is a toot-doo when vegetables are the main course," asserted George, "and we make up for it on Christmas day." A pit which is furnished for the occasion is hardened and served in a grand manner with all the trimmings. The family usually last several days.

**New Years**

"New Years is also celebrated differently," says George. "A large plate, called Vampalites is boiled, and contains a small gold coin. If the coin is not spent but kept for a lucky charm, George is a senior majoring in business administration at North Texas. He has been in the U.S. since 1967. He attended the First Gymnasium in Greece and graduated from Long and Clark. He went into business for himself in 1962 and is now a member of the Marines until September 1962.
