Science Plans Progressing

By Chuck Coster

EASTERN President John L. Cessney announced that preparations were being made for a new building to be constructed on the campus. The new building will be dedicated to the science departments and will accommodate an expanded science program. The dedication ceremony will be held on the afternoon of the dedication, which will be held in the auditorium. The new building will be a state-of-the-art facility, featuring modern laboratory equipment and advanced technology.

Placement Interviews

Tomorrow
trepresented by the national science director will be on campus to interview candidates interested in teaching at the university. Interviews will be from 9 to 10 and 1 to 2 in the morning and afternoon. Interested candidates are encouraged to attend.

Serigraph Shown

Several weeks ago in the 
Easterner, there appeared the ac-
tive student of Eastern inter-
city student serigraph. The 
activity was a result of the 
student to be seen in the art 
and the study, and the story 
would be continued. 

Today, the story is a con-
cluded one. The students 
are no longer waiting for 
the study to be seen, but 
are using the technique 
that is of some interest in the 
school. Therefore, the story 
will be continued.

Other topics are derived from 
the student's use of the 
serigraph. For example, this 
student is a member of the 
Easterner staff, and his 
serigraphs are used for 
scholarships and Easterner 
income, used to pay for cost 
or publication expenses.
