President To Attend Education Meeting

Dr. Don S. Patterson, president of Eastern Washington College of Education, will attend a little White House conference on education in Seattle October 28. He is a member of the committee on education.

Dr. Jack R. Leighton, head of Eastern's division of health, physical education and recreation, will also attend the conference at the invitation of Governor Rosellini, as a specialist in his field.

The governor also invited Tom Ennis, president of Eastern Associated Student Body, and one that we can all be proud of.

Dr. Claudius O. Johnson of WSU is national known for his abilities as an author and lecturer. His main interest lies in the field of national and government and he has written numerous volumes in that area. The solutions as a social figure are respected.

Congratula.tions Due Whitman College

One great problem involved in the operation of this facility which students do not understand. But which

by cleaning our own tables, stacking dishes properly, using ash trays for our cigarettes and saucers with our cups, we can materially reduce the cost of operating the cafeteria. When we have each done our bit to improve the conditions in the union, then, and only then will we have a right to gripe about the shortcomings of others. All that is necessary is that we take care of our own student union as we would our own home.

Congratulations Due Whitman College

Last week Whitman college at Walla Walla celebrated its 100th year of operation. We at Eastern wish to extend our sincerest congratulations and best wishes on this historic centennial of one of our sister colleges.

The faculty and administration of Whitman college can be justly proud of the fine record and excellent academic reputation acquired through 100 years of educating American youth.

LITTLE MAN ON CAMPUS

"YOU KNOW VERY WELL WHAT SIGNALS!"

The Greatest Show On Earth

To avoid giving the American economy.

The time has come when we must have regulat·ion of labor management relations in the public interest. This regulation must be just, equitable, sure, and effective. Past experience has indicated that it can only be so if it is placed in the hands of an independent agency with broad legislative and judicial powers. The national labor relations board, or some similar agency, must be empowered to force settlement of such disputes as the present steel strike before they are allowed to do irreparable damage to other innocent segments of the economy.

The right of appeal to courts must be preserved, but the primary actions in curbing strikes must be kept out of the courts or the right of appeal will nullify every effort to defend the public interest just as it has in the steel strike.

The function of the steel industry, both of companies and unions, in the new technological era, is to produce steel. Profits and wages must be secondary to this responsibility. The welfare of the economy demands it, and the time is nigh when the people will demand it.

T-P Talk

New EW Trio Receives Variety of Names From Students

Ed Barnhardt, Ron Jones and Gary Owaley, three singers who have formed a group at Eastern have been looking for a name for their group. Here are a few choice selections submitted by our readers: "The Savage Three," "Scat Singers," "The Mormon Tabernacle Choir," "Balladizers," "The Cosmic Croners," and "The Monkeys in Harmony." There are many, and I am sure that they are men, take your choice.

See your name in print! Anyone who contributed to the "Sad Sac Fund" will be mentioned in The Easterner.

Chief Gary er-

Phillip Grub, a graduate of this college, and currently doing graduate work at George Washington university, wrote Dr. Dayton a letter talking about his studies. The following is an excerpt from that letter:

"Since I arrived at this university and have seen the difficulty that so many graduate students are having in the way of course deficiencies and other matters, I believe that the right to appeal to courts must be preserved, but the primary actions in curbing strikes must be kept out of the courts or the right of appeal will nullify every effort to defend the public interest just as it has in the steel strike. But the steel deplorability continues to persist.

The function of the steel industry, both of companies and unions, in the new technological era, is to produce steel. Profits and wages must be secondary to this responsibility. The welfare of the economy demands it, and the time is nigh when the people will demand it.

The right of appeal to courts must be preserved, but the primary actions in curbing strikes must be kept out of the courts or the right of appeal will nullify every effort to defend the public interest just as it has in the steel strike.

ASTRONOMER'S COLUMN

By Chief Gary

For those of you who weren't here or didn't remember, this was a week where the most vocal student different people. Anyone who did was dunked in a water tank. The week's festivities were supposed to be climaxd by a dance on Friday night with the men selecting a "Miss Grubby" from among Eastern's co-eds. Things went fine until the signs from the different men's halls came out campaigning for their candidates. They read something like this . . . . "Vote for Miss Jones, the biggest PIG on Campus." "Miss Smith is the one . . . . she's real Dirty." or "O. O. Sal is a real filthy Gal." Needless to say the signs came down mighty fast when the candidates appealed to the dean of women.

Registration Shows 2158

Final fall quarter registration figures for Eastern Washington college show that 2158 students are enrolled for on-campus classes, Registrar C. W. Quinley Jr., announced.

A record 1116 freshmen are enrolled, Quinley said. More than 900 of these are new students; the others have transferred from other colleges.

Enrollment of sophomores totals 372; juniors, 330; and seniors, 217. There are 123 graduate students registered.

In every class, men outnumber women, Quinley said, with a total of 1461 men signed for classes, compared with 697 women. A breakdown by classes shows there are 745 men freshmen and 371 women. In the sophomore class, 255 men are enrolled and 117 women.

There are 230 junior men compared with 100 women, and 143 senior men and only 74 senior women.

IK Playboy Dance

Saturday, November 7, the IK's will sponsor their second annual Playboy dance. It will be held in the W. I. M. Memorial union from 9 until midnight.

Each men’s dorm will sponsor a “Playmate” of their choice and the winner of an election at the dance will be the “Playboy Playmate” for that night.

Leaving Whitworth Is Next Savage Scoop

Eastern Snaps Tie with Loggers

By Walt Hartman

Eastern Washington College grid on Saturday, Eden B. "Red" Reese, announced that the Savages would not run a reserve team in the 1-4-1 record for conference play, nor did it prove much of an accomplishment.

According to hoop coach W. B. "Red" Reese, this is the first record, and with a 2-3 record for conference play, not much more commendable.

Swim Team Is Promising

One of the largest turnouts since swimming became a major sport in 1968 has brought hopes that Eastern might be one of the top squads in the Evergreen conference.

Dr. Richard B. Hargis, swimming coach, has been plagued with infallibility for the past few seasons, but with 28 swimmers on hand he hopes this problem will be negligible.

The cause of these anxieties is the challenge of the Spokane Huskies, who came as excellent Evergreen competitors. Hargis join with the coaching staff in hoping that at least 90 percent of the squad will be on hand for next season.

With the coming Whitworth contest only three days away, at least four people or campus have begun developing anxieties, and are viewing the game with some trepidation. These are Tom Ennis, ASB president; Don Duncan, vice president; Gary Merick, dean of students; and "Chaz" Rawber.

Sutton Beats Hudson "A's"

The height of the intramural action last week saw the two football leaders-Sutton and Hudson "A" teams-clashing, with Sutton emerging victorious.

A stout Sutton defense which has not only scored on once all season, again turned the game over to their offensives.

Eastern gridders face what looks to be the toughest assignment of the season when they meet the league-leading Whitworth Pirates Saturday afternoon at Country Homes.

The Bucs have only one spill mark on their season record, a 5-6 defeat by the College of Puget Sound. Eastern had better success with the Loggers, however, settling them to a 13-13 tie in last Saturday's Homecoming contest.

It will be the final league game for the Pirates, while the Loggers have one loop contest with the Pacific Lutheran Crusaders remaining.

The defeat of PLC by Western Washington moved the Pirates into the top spot with a 5-1-1 record, tied with Central. Eastern's sports are a 2-1-2 record in conference play and has a 3-4 record for the year.

Whitworth demonstrated its defensive mettle in lip sync, literally wiping up the undermanned University of British Columbia 42-0. They almost tripled the Thunderbirds in the first half, picking up 24 for 180 yards, and picked up 200 yards rushing.

Eastern's defense may find the task of containing Eric Dynasty a tall order, but the Loggers have been accustomed to. He leads the leagues in rushing, with 624 yards in eight games.

"They have the kind of attack that we don't have, and our defense must always be on its toes or Whitworth will be a half back," Coach Ed Chiusano said.

On the list grew dramatically during last week's action. Bill Mav, starting halfback, is out with a knee injury and is also expected to be out for the season. Tom Meier, starting halfback, is out with a hand injury, and Ray Douglas, starting center, has six points," Coach Ed Chiusano said.

Leading Whitworth Is Next Savage Scoop

Winter's coming. With a little preparation, you can keep your car running smoothly through the cold weather.

Here are some things to keep in mind:

- Check your antifreeze. Make sure it's the right type and that it's adequately protected.
- Inspect your tires. Look for uneven wear, cracks, or cuts.
- Keep your engine warm. Use a good grade of motor oil and keep the radiator drained and clean.
- Use a good quality battery. Recharge it regularly and make sure the connections are tight.
- Keep your windshield wipers in good condition. Replace them if they're worn or damaged.

By following these tips, you can prepare your car for the winter weather and avoid some of the common problems associated with driving in cold temperatures.

If you have any questions or concerns, don't hesitate to contact your local mechanic for advice.

Happy driving!

Western Dance Set

The senior class is preparing for its annual western dance to be held in the Student Union Lodge October 31, Saturday, 9 to 12 midnight. Larry Loel and his group will provide the music.

The audience Thursday night, however, found all characters acted with integrity. The ensemble acting was well-balanced, smooth, and of rapid tempo. The abduction of the audience was concurrent with that of the innocent sweetness of Fannie, and although she couldn't find it in her heart to love the villain, the audience could and did.

By evening's end the rapport between audience and performer was complete. As it said in the program, "Blood will tell."—HRS

EW Future Is Promising

"Eastern Washington College of Education is no longer a small one-purpose institution," Dr. George J. Kabat, EWCE dean of instruction, told alumni and students at the annual Alumni association banquet Saturday night on the college campus.

The banquet was held in conjunction with Eastern's 25th annual Homecoming celebration. It preceded the Homecoming dance at the Spokane hotel later Saturday night.

Calling Eastern Washington College a "multi-purpose institution," Dr. Kabat said that slightly more than half of Eastern's graduates are preparing for careers in other than the teaching field.
