# KEWC Returns To Air Tonight

KEWC STUDIOS—"Eager Beaver" Ed Hamblin, station manager, smiles up from the control room of the new KEWC studios. Hamblin has been working steadily to get the station on the air. Programs of music, news and special events will be aired from the 665 spot on your radio.

## Council Sets Homecoming Job Change

As a result of a motion by the associated student council on January 14, there will no longer be the elected positions of homecoming co-chairmen.

Tom Ennis, ASB president, said that a motion was passed last week which stated: "That the office of homecoming co-chairmen not be included in the general election and be established as a single office to be filled through application and approved by the ASB council."

"The reason for this change," Ennis said, "was that in past years having two persons responsible for homecoming oftentimes caused much confusion in the delegation of authority."

"Sometimes one co-chairman did not know what the other was doing, and this resulted in confusion," Ennis said.

"Most persons who are concerned with homecoming favor this change. In a situation where homecoming co-chairmen are elected the results of the election may cause two persons with personality conflicts to be required to work together on a mutual project. It is also felt that an appointive position would be better because then one person will be aware of, and responsible for, the overall operations of homecoming."

## •The Savage Scene

Jan. 20—ASB mixer, 7-8 p. m. Bali.

21—ASB special election, 9 a. m. to 5 p. m., student union.

22—March of Dimes show, 8:15 p. m., Showalter aud. Sponsor Corps mixer, 10-12:30 p. m. Bali.

23—EWCE orchestra clinic, 8 a. m. to 4 p. m., Showalter aud., S 106, 108. Sitzmark Sno-Ball, 9-12 p. m., Bali.

26—Koffee Korner, 10 a. m., Harbor. HPE division coffee hour, 3 p. m., Bali.

KEWC will go on the air tonight.

That's the announcement from Ed Hamblin, manager of Eastern's carrier current radio station.

Off the air since college classes dismissed in June, the station now has completely new equipment, including the transmission lines, which should enable students in all living halls to receive the station at 665 on the radio dial.

Equipment and transmission tests have been completed, Hamblin said.

KEWC will be on the air five week nights from 5 p. m. to midnight, and programming will be mainly music and news.

The station has a staff of 10 operator-announcers, plus five newsmen who will be heard in newscasts hourly on the half hour with five minute summaries, Hamblin said. There will also be three 15-minute newscasts during the night, one of which will be completely sports news.

A special feature of each broadcast day will be the telephone request program from 9 to 11 p. m. KEWC telephone number is 227.

Here is the complete nightly program schedule:

5 p. m., dinner and dance music  
5:30, new summary  
6:30, news summary  
7 p. m., armed forces transcribed program  
7:15, spin session  
7:30, news summary  
7:45, 15 minute newscast  
8 p. m., dance date  
8:30, news summary  
8:45, sports page news  
9 p. m., telephone requests  
9:30, news summary  
10 p. m., 15 minute newscast  
10:15, telephone requests  
10:30, news summary  
11 p. m., progression til tomorrow  
12 p. m., sign off.

## Sherman To Speak At Whitworth Con

A fall quarter graduate of Eastern, Dave Sherman, will speak at a convocation at Whitworth college Friday.

Sherman, who was an observer at the communist-sponsored Vienna Youth Festival last summer, will speak on his observations at the festival.

## Constitution Change Purpose Of Vote

Tomorrow will be general election day on the campus to vote on a proposed amendment to the ASB constitution presented as a result of action by the student council January 7.

The election, which will be held in the student union from 9 a. m. to 5 p. m. tomorrow, will present to the student body the following proposed amendment concerning qualifications of student body officers:

"The presidential and the vice presidential candidates shall have been in residence four quarters, have a 2.25 cumulative grade average and be at least a junior with at least 96 credits at the time of nomination. The candidates for secretary, treasurer, and activities coordinator shall have been in residence four quarters, have a 2.25 cumulative grade average and be at least a sophomore with at least 48 credits at the time of nomination."

The reason for this amendment, according to Tom Ennis, ASB president, is that the student council feels the present section in the constitution that deals with qualifications for office are too ambiguous.

"Under the present constitution it requires a person be in residence five quarters and be at least a first quarter junior and not more than a third quarter junior at the time of nomination for the presidential and vice presidential positions," Ennis said.

"The other positions now require a person to be in residence five quarters and be at least a second quarter sophomore and not more than a third quarter junior at the time of nomination."

"In past years," Ennis said, "it has been very difficult for the elections committee to determine exactly what is meant by 'a first quarter junior and not more than a third quarter junior' in the qualifications for the first two positions."

"Certainly there are persons on campus, that, in terms of the college catalogue, would be classified as seniors, but for all practical purposes the individual concerned might be only a first or second quarter junior in relation to the date of his graduation. This would allow persons in this situation to be eligible for nomination for office."

"The reason for the change in residency requirements was because it was thought by the council that the intent of the constitution is to allow sophomores to run for the three latter offices mentioned," Ennis continued.

"Under the present constitution only sophomores that are one quarter ahead of other sophomores would be eligible. If a person attends one full year at Eastern and is in his sophomore year at the time of nomination he would be only a first quarter sophomore and would be in the process of becoming a second quarter sophomore."

Ennis said that every candidate who is nominated must sign a statement agreeing to return to college for the duration of the term of office should he be elected. Therefore, according to Ennis, a person scheduled to graduate at the end of winter quarter could run for office; however, that person would be required to stay in school as a regularly enrolled student for the duration of the year he is elected to serve in.

According to the constitution there must be a minimum of 797 students (out of a total enrollment of 1992 regularly enrolled students) vote in the election to constitute a valid election. He says a majority of these 797 students (or a majority of whatever number over this that vote) must vote in favor of the proposed amendment to validly amend the constitution.

## Theft Of \$106 Reported By Hudson

Theft of an estimated \$106 from Hudson hall has been reported to Cheney police by Dr. Glenn Kirchner, hall director.

Dr. Kirchner said the money, of which about \$30 was in checks, was taken from the unlocked room of John Van De Wege, hall treasurer.

Most of the money belonged to Hudson's social fund, but some covered key deposits and payment for hall jackets.

Van De Wege first missed the money, which was in an envelope, on Thursday, January 7, Dr. Kirchner said. But he believed it was merely mislaid and did not report the loss for several days.

"We believe we know who stole the money," Dr. Kirchner said. "We're trying to get the proof."

SNO-BUNNIES—Vying for the title of king and queen of the snowball, sponsored by the Sitzmark ski club, are these men and women who are running as couples for the title. They are, left to right, Delbert Fine and Karen McMillan, sponsored by Monroe hall; Jim Nelson and Roma Adams, Senior; Jack England and Lyn Slisich,

Sutton; Jerry Littlemore and Mary Ann Engstrom; Louise Anderson; Ben Glassley and Patty Lane, Garry; Leroy Faling and Becky Irving, Hudson. Matt and Sherel Finnigan, off-campus and commuters' representatives, were chosen after this picture was taken.

## New Programs Aimed At Better Students

Two new programs have been initiated on campus that should do much to attract high caliber students to EWCE.

Dr. Patterson has announced that there will be an accelerated winter quarter beginning February 1 of this year. This is a program which will offer high school students who graduate in January the opportunity to enroll in college and not have to wait eight weeks before enrolling for spring quarter. It should also attract students who might choose a school on the semester basis rather than EWCE because of the time lapse.

Last week the ASC finance committee allocated about \$800 to Dr. Carl Wilson of the speech department for the purpose of financing a debate team.

There are many students that have an interest in debate, extemporaneous speaking, oral interpretation of literature, public speaking, etc., that would have attended Eastern if these courses and activities had been offered in past years.

Now we have such activities and courses that should help to attract more high-caliber students to our college.

We hope that these are just the first of many changes that will help to create a more academic atmosphere on campus.

## Serious Students Aren't Delinquents

Juvenile delinquency in Spokane county went up three and a half percent during 1959, according to the report of Robert Brumblay, chief juvenile officer.

Although the general population increase in the county may account for the increase of 44 juvenile cases in 1959, Brumblay is greatly concerned over the trend in liquor offenses.

"Drinking often precedes the commission of some other law violation," he explained.

Eastern students, at least that part of them who are juveniles, are certainly not the cause of this increase.

Eastern may be a "suitcase" college, but is is peopled with, for the most part, serious students.

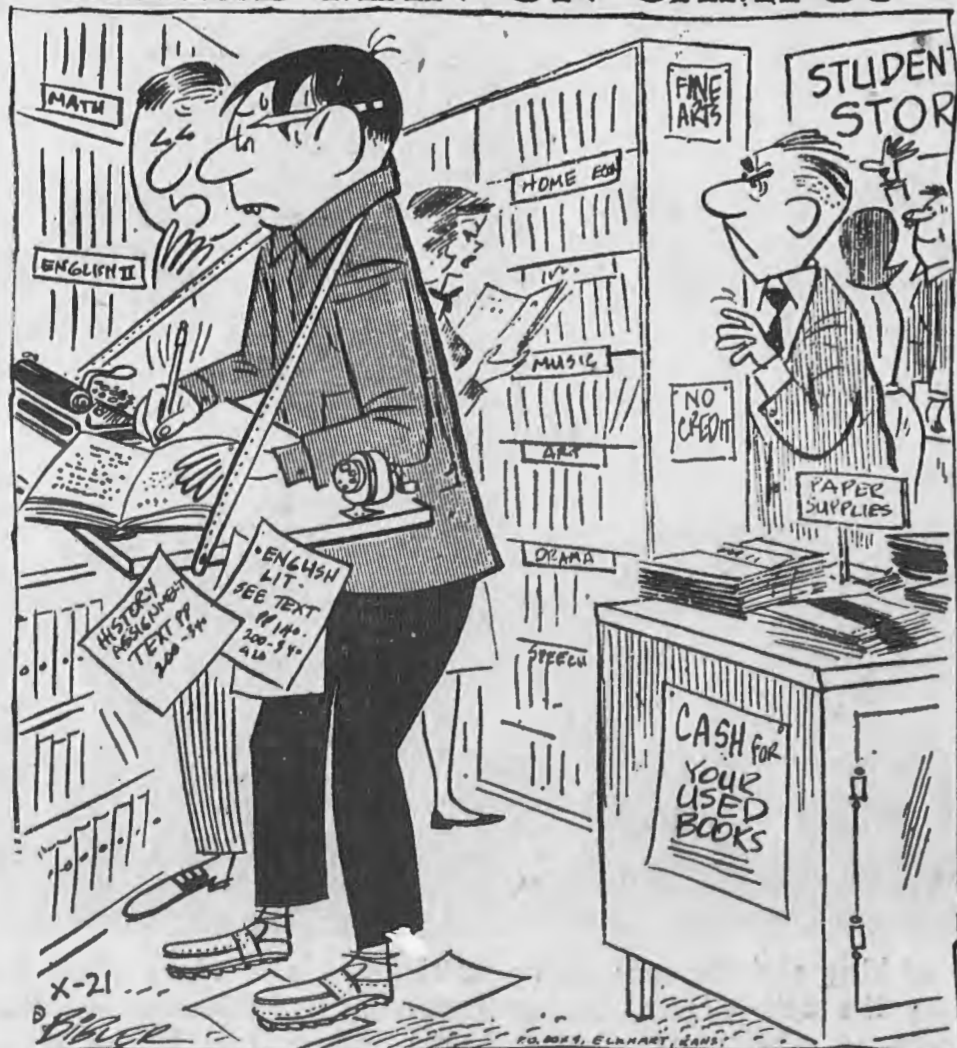

And serious students have no time to get into trouble.

However, it seems that there is always that exception to the rule.

Last week \$106 was taken from the room of a student in Hudson hall. The money was hall funds that the individual was in charge of.

If and when the sneak thief who stole this money is apprehended we hope that swift and just action shall be taken against him, be he "adult" or juvenile delinquent.

## Letter To The Editor

### Thinking About Student Government Urged

(Editor's note: The writer of the below letter asked that this letter be presented in the Letters to the Editor column as an open letter to Paul Hooper, whose letter to the editor was published last week.)

Dear Mr. Hooper:

Your arousing letter which appeared in last week's issue of our fair college newspaper was of great personal interest to me. I sincerely hope it stimulated some of the students at Eastern to do some serious thinking about their student government. I believe this was one of your reasons for writing it.

Though your letter was eloquently written and some of the issues it contained were sound to a degree, I feel your comments tended to warp the true perspective of student government.

To an extent, I'm inclined to agree with you that the executive branch is primarily responsible for much of the so-called complacency of our student government. There have been a few cases when projects haven't been developed adequately. However, there are many more projects which failed to be planned, presented, followed through or evaluated by students outside the immediate executive committee or the council.

These students, who are directly or indirectly associated with student government, have been lax in exercising the individual responsibilities which are necessary for it to function effectively.

It is nice to have a beautifully painted picture of abstract ideals for student government. However, many of these ideals tend to be nebulous or meaningless.

The fundamental purpose of our student government is to be a practical and realistic

organization for meeting the immediate needs of our society. When these needs, that are often termed as "minor and unimportant" are handled effectively, and when the society changes its values for the better, and when the students sincerely and soundly express their needs for advancing themselves, only then can a student government attempt to assume a position of advanced leadership. A small leading group can not force unfounded programs on any large body.

I feel few, if any, of the proposed projects mentioned in your letter are of primary concern to the students at Eastern at the time or will be in the near future. Some of the projects do not come under the legal or desirable jurisdiction of student government.

The ASB council is engrossed in several important projects that are concerned with the present interests and needs of the students at Eastern. Not all projects are as noticeable or "showy" as the building of or adding to the student union but nevertheless they are important and beneficial.

I do not find myself in agreement with Mr. Kweder when he states, "... leaders ... should be the foremost concern of all facets of our colleges and universities." Something beside just leaders must be developed in order to have a well balanced, organized and peaceful society.

The development of an individual's sense of understanding and responsibility toward himself and his fellow men is the primary objective of our institutions and is the only hope for future world peace and well being.

Sincerely,

(Signed) Don Duncan

By Chief Gary

## T-P Talk

### Council Record Speaks For Itself ... Unfortunately

February 4 has been selected as the day to nominate next year's student body officers. Perhaps it is fitting at this time to review the record of our present administration.

I for one had sincerely hoped that with the start of this school year the student council would have begun to act on some of the many problems facing Eastern—but alas, not so.

Except for a reorganization of the various committees by Tom Ennis, our present administration strongly resembles that of Graham Johnson's 1958-59 "Mugwump" tenure in office.

For example, no action has been initiated to drop the "of education" title from the school.

No action has been taken to remedy Eastern's antiquated athletic budget, a budget that forces Eastern to compete on an uneven basis with other schools of the Evergreen conference.

Why hasn't something been done to replace the "Cardboard castle" living quarters? If this is out of the hand of the council, then

something should be done to put pressure on those who can do something about it.

Perhaps it is too early to judge our present administration. After all this is only winter quarter. Maybe they just need time to get organized.

During February 4th's nominations I would like to see a united front on the part of the commuters to pick some candidates who will look out for their interests at Eastern.

A sample platform for the commuter family could be:

1. A revision of the rules governing absences.
2. Changing the meeting of the student council to a more opportune time.
3. More representation on the council.
4. Popular prices at the book store.

We commuters have been charged with a "I could care less" attitude towards Eastern. This probably fits some but not all. Arrange events so we can attend and participate without making it a burden and I'm sure there will be better results.

## ASB President Says

### Duties of ASB Vice President, Second-In-Command, Explained

In the last issue before Christmas vacation I listed the duties of the ASB president.

The second-in-command of the ASB is the vice president. As most of you know, a vice president should be capable of performing all the duties of the president in case of emergency.

The veep of the student body at EWCE is in charge of all ASB committees and is chairman of the campus council (one of the campus disciplinary committees).

He (or she) should be a person able to take orders and give them with authority.

This position is probably the most nebulous of all of the offices. The veep should be a person who can be a jack-of-all-trades and master of most.

The vice president should sit in on as many ASB committee meetings as possible and be prepared to inform persons what committees are and should be doing.

Often times the vice prexy does act in the capacity of the president when for any reason the president cannot attend a particular function that student government should be represented at.

While this is not a complete list of the duties of the vice president, it should give anyone interested in the position next year

some idea of what to expect.

Next week comes the duties of the ASB secretary and, possibly treasurer.

Happy new year!

## The Big Question

What do you think of the present Associated Student Council's record and what would you like to see them do?

Ed Hamblin: "What have they done? I would like to see them complete furnishing the offices of The Easterner, Kinnickinick and KEWC."

Walt Hartman: "They have been somewhat slack in accomplishing anything for the number of hours spent in session. I would like to see something accomplished on the project of a name change for our institution."

Matt Finnigan: "I think they have accomplished little. I recall a finance committee meeting where members flew paper airplanes around the room and passed a motion to appropriate money for more paper, presumably for more airplanes."

Dave Gurr: "They have done very little, if anything so far. I would like to see them change their meeting times to enable more commuters to attend."

Milo Kurle: "I didn't know they had a record. However, I'd like to see them do something to draw the commuter element a little closer to the fold."

By Tom Ennis

Tom Ennis

## Annual Schedules Pics For Winter Quarter

Pictures will be taken tonight for the Kinnickinick at 7 p. m. in The Easterner office in the student union building, John Nugent, assistant editor, said.

There will be 20-minute intervals between pictures for each organization beginning with the Business club at 7 p. m. Immediately following and in order will be the Dames club, Ellen H. Richards club, Epsilon Pi Tau, French club, Geography and Geology club and Cavaliers.

Beginning again January 21 at 7 p. m., the German club will start off the picture taking and following at 20-minute intervals will be the Inter-collegiate Knights, International Relations club, Inter-varsity Christian fellowship, Lutheran Student association, MUNC and Mu Phi Epsilon.

Monday, January 25 at 7 p. m. the following organizations will have their pictures taken at 20-minute intervals: Newman club, Off-Campus and Commuters club, Phi Mu Alpha, Savagettes, Scribes of the Fifth Estate, Sitzmark Ski club and Spanish club.

Finally, on January 26 at 7 p. m. the Spurs, SWEA, United Student Christian foundation, Veterans club, Young Democrats, Young Republicans and Bachelors' club will finish the picture taking.

### USCF Sets AA Talk

A member of Alcoholics Anonymous will speak at a meeting of the USCF Thursday evening at 7:30 p. m. in the Tahiti room of the student union.

## Mystic Rapped By Confused Caruso

By Bob Caruso

Arthur Ford gave a 60-minute lecture on the assets and worth of man, at a convocation last Thursday. According to Ford's most amazing figures, a 180-pound man is worth \$258,000,000. Can you imagine what this would do to the national debt if we were to cash in?

Ford travels around the world at an average speed of two dreams per day. He must be a very learned man when you consider the time that he must spend sleeping.

Ford postulated much and proved little. At one time during his speech he turned and had to ask the mysterious lady in the background what was going on.

Ford will probably be lionized because of the incertitude of most of the erudite metaphysicians in attendance. His diadactical approach was successful in creating a condition best described as ennui.

The most exciting part of the whole speech was watching the people awaken from their troubled slumber.

The question remains in my mind, does Ford believe in transcendentalism or universalism?

### Reception Slated

Eastern's art department is having a reception tomorrow night for Stanley Day, Spokane artist, whose work is now on display on the third floor of Showalter.

The reception is scheduled to begin at 7:30, Mrs. Opal Fleckenstein, art instructor, said. All students and faculty are invited.

## Home Management House In Operation

A home management house, under the home economics department, is now in operation.

The house at 719 F street, formerly used for faculty housing, is being occupied by Mrs. Sara Steensland and two Eastern students, Delores McNees, a junior, and Delores Jackson, a senior.

Living and operating the home is part of a class in home management residence, Mrs. Steensland said. The two students maintain the home, buy and cook food.

## Prestige Won By 'Literary Art Press'

The prestige of the "Literary Art Press" seems to be on a well-deserved rise.

Five poems in the current issue, one by Ursula Albertson, and others by non-Eastern students, have been selected for inclusion in the second "American College Poetry Society Anthology."

Also attesting to the spreading recognition of the Eastern magazine is the request for a subscription by the New York public library.

### Spurs To Meet

All freshmen women who are interested in the Spurs organization are invited to a get acquainted session on January 28 at 7 p. m. in the Bali lounge, President Shirley Beaudreau said.

Sunday dress will be appropriate and entertainment will be provided.

### McNees Chosen

Delores McNees, EWCE junior, has been chosen as student representative to conduct the Reed and Barton scholarship program on campus. This program provides 10 scholarships from \$100 to \$500 for undergraduate women students.

Miss McNees, a home economics major, lives in Newport.

JANUARY 20, 1960

The EASTERNER

Page 3

ALL TOGETHER NOW—Rupert Thackray, exchange instructor from England, runs through a few chords of "The Battle of New Orleans" for the Easterner photographer.

## Thackray Thumps Rock And Roll Noise

"I admire the vitality of 'rock and roll' but the sounds soon prove quite tiring to listen to." So said Rupert Thackray, who is teaching this year at Eastern while Donald K. Smith takes his place at Bedford College of Physical Education in England.

The two music instructors have exchanged jobs for one year.

A graduate of Oxford university, Thackray is interested in

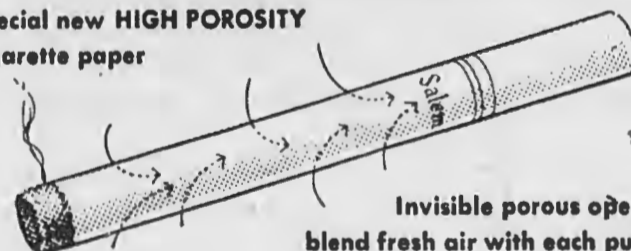

the current modern or progressive jazz trend in this country. He believes it shows how closely related classical music and jazz really are.

Thackray is quite impressed with American food, but is not too enthusiastic about our hot dog.

Thackray is currently living in Cheney and hopes to have his wife and son join him here in the spring.

## Correspondence Dominates ASB Council Meeting

Correspondence seemed to dominate last Thursday's ASB council meeting.

Tom Ennis, ASB president, read portions of various letters, including one from the USNSA—United States National Students association, which announced a one year academic exchange to commence in the fall of 1960 and to be preceded by a one semester academic exchange in the spring semester of 1960.

Both the spring and fall exchange programs call for the exchange of two students from the U. S. A. and from the U. S. S. R. who meet minimal linguistic and academic standards.

Qualifications and scholarships for applicants were listed and Paul Hooper, student government NSA coordinator for EWCE, has been forwarded application and recommendation forms for this exchange.

A letter from the Evergreen Conference Students' association told of a resolution submitted by Gonzaga university in regards to its withdrawal from the conference as of March 1. A new meeting place for the organization's winter meeting must now be obtained.

Other correspondence included an NSA bulletin telling of its stand on the loyalty oath clause of the national defense education act loans. The student association found them to be of little value in determining Communistic affiliation,

**THE WASHINGTON  
WATER POWER CO.**

and, too, took a dim view of the "special suspicion" which was leveled at college students.

The educational travel division of the NSA informed Eastern's ASB council of various tours being planned offering study programs.

The special committee for planning EWCE's bell tower told of President Patterson's approval of the site in front of the ROTC building on the hill. Representatives from the campus living groups offered their ideas and the school architect will be called upon to proceed with the plans.

Three issues are currently being discussed by the registration committee. These are: the shortening of forms in registration booklets, the slowness of the distribution of grades, and the possibility of having upperclassmen register before freshmen, Roma Adams reported.

ASB vice president Don Duncan moved that the proposal of the campus chest committee's allotment of funds be accepted as follows: March of Dimes, 20 per cent; Muscular Dystrophy, 10 per cent; World university, 30 per cent; Cancer, 10 per cent; TB, 10 per cent; Lakeland Village, 20 per cent.

Other charities under discussion were listed, and the motion for acceptance, seconded by Maggie Jeffers, was carried.

ASB officers have contacted several colleges which use photographs of students on their student body cards, and all of these have found them to be very satisfactory, it was reported.

Dr. W. W. Force, comptroller, said there is a possibility of purchasing a machine which would automatically take the pictures and print them on the cards as the students passed through it.

Further research will be done on this project.

### Roop To Interview

James W. Roop of the Liberty Mutual Insurance company will be on campus Wednesday, January 27, at 9 a. m. to interview candidates interested in positions as insurance adjuster trainees with his company. Starting salary is \$4600 per year.

Anyone interested should contact the placement office for an interview, Ramond M. Giles, director of placement, announced.

## 5 Eastern Students In Forensic Meet

Five Eastern speech students took part in the Seattle Pacific college invitational forensic meeting at Seattle last weekend, Dr. Carl Wilson, assistant professor of speech, announced.

The five were Betty Barker, Marilyn Doering and Mertis Munns, who entered the oral interpretation competition, and Gary Phillips and Judy Webber, who competed in discussion.

Miss Barker reached the semi-finals, Dr. Wilson said. She was also entered in after dinner speaking competition.

This is the first time Eastern has entered competitive speech work, Dr. Wilson said.

## Pefley Sets Opera For March 2-3

The "Song of Norway," an opera to be presented by students of Eastern possessing the necessary musical abilities, is scheduled for presentation, March 2 and 3 in Showalter auditorium, stated Dr. Wallace B. Pefley, director of the opera.

Members of the cast include Gary Van Horn as Rikard Nordraak; Gloria Schlenker, Nina Hagerup; Ronald Jones and Roger Brown, Edvard Grieg; Edward Barnhart, Count Peppi LeLoup; Rhoda Paulson, Countess LeLoup (Louisa Giovanni); Fred Boutz, Father Grieg; Bonnie Palmer, Mother Grieg; David Coe, Father Nordraak; Judy Thaut, Sigrid.

Bernard Carlson, Einar; Ronald Jones and Roger Brown, Pisoni (Maestro of Royal Roman Opera); Faith Mason, Elvera; Mona Lake, Hedwig; Karen Pratt, Greta; Jeanne Merritt, Margharetta; Janice Johns, Hilda; Delores Zehm, Miss Anders; Ruth Webb, Miss Norden; and William Watson, Gunnar and Henrick Isben.

Gerald Neyland is Tito and Freddy; Rita Foy, Adelina and Maiden Norway; Bob Bruya, a male dancer; Barbara Elington, Grima; Marcy Steers, Helga; Lucille Meidinger, Christa; Bill Watson and Gerald Neyland, Henchmen of the North Wind, and Wanda Bryceson, chief of the Snow Maidens.

Rehearsals, under the direction of Dr. Pefley, have started.

## 'Night On Broadway' To Be Shown Jan. 22

Grand Finale  
"Fine and Dandy"

Eastern's annual winter quarter March of Dimes talent show will be presented January 22, at 8:15 p. m., in Showalter auditorium. Admission is 25 cents.

The show is under the direction of Paul Barton, who has devised an ingenious method for the opening this year. Working with Barton on the show is a capable production staff, including Dave Burger, director of musical productions and Marvin Morasch, stage manager.

The Easterners, directed by Wendell Exline, have also been booked for the show. This year's members and their instruments are Phil McClintock, Wills Sander, Gary Thomas and Mel Hotchkiss, saxophones; Terry Dougherty, Dave Acree and Ellis Evans, trombones; Dave Burger, Ed Barn-

hart, Charles LaBounty and Bob Harper, trumpets; Armand Boatman, piano; Kyle

## Alumni Sets Fund Drive

Plans to start an annual EWCE alumni fund program were made by the college alumni board in a meeting on campus last Saturday, Wayne Hall, alumni association executive secretary, said.

"We will ask alumni to contribute on an annual basis," Hall said. "This, we believe, will create a greater interest in Eastern by graduates."

The annual alumni fund program will be divided into two areas, Hall said. One is for scholarships and one is for grants-in-aid.

"Scholarships will go to high school graduates and Eastern students with 3.0 or better grade average," Hall said. "They will be awarded by an alumni scholarship committee, and awards will be basically on need and college potential."

The grants-in-aid will be given to high school graduates and Eastern students with grades between 2.0 and 3.0, he said.

Included in this annual drive will be a special appeal to alumni of the years 1910 to 1926 for the Showalter memorial scholarship fund program, he added. This was the period that Dr. N. D. Showalter was president of Eastern. Dr. Showalter was later state superintendent of public instruction.

Alumni will also have an opportunity to designate all or a portion of their contribution to the Sacajawea fund, now being sponsored on-campus by the Veteran's club, Hall said.

## Carlton Named To EW Alumni Board

Robert Carlton, a 1951 graduate of Eastern, now principal of Kenroy elementary school, East Wenatchee, has been named a member of the college's alumni board.

Wayne Hall, EWCE alumni association executive secretary, said Carlton will represent district four, comprising the Wenatchee area.

Carlton, who lives in East Wenatchee, was appointed to the board by Merrill Smith, EWC alumni association president. Smith is principal of Jenkins high school, Chewelah.

## Johnson Gets Wings

Lt. Stanley R. Johnson, a 1959 graduate of Eastern, recently completed the officer airborne course at Fort Benning, Ga.

Lt. Johnson received his paratrooper wings after completing four weeks of training.

## 1960-61 Schedule Approved By Council

The schedule for the 1960-61 school year at Eastern has been approved by the college's administrative council, Registrar C. W. Quinley Jr. announced.

Following faculty orientation on September 15 and 16, three days of orientation and testing for freshmen is scheduled, with registration to be held September 22 and 23. Fall quarter classes will begin September 26, and end December 16, Quinley said.

Winter quarter 1961 will begin January 3, with the quarter ending March 17. Following 10 days vacation, spring quarter will start March 27, and the school year will end June 9.

The school year will total 153 instructional days, Quinley said.

## Rickey Announces Music Clinic Plans

An orchestra clinic for elementary, junior and senior high school musicians will be held at Eastern January 23, James C. Rickey, EWC assistant professor of music in charge of the clinic, announced.

More than 200 students and their teachers from schools in Eastern Washington, the Columbia Basin and Idaho are expected to attend, Rickey said.

The clinic for school orchestras will be the second annual one to be held at EWC. It is believed to be the only one held in the state, Rickey said, and is made possible through the cooperation of the college and the Inland Empire Music Educators association.

## Education First Seen For Latins

Education comes first for the Latins, the noted Latin American affairs expert, Jasper French, representative in Paraguay of the food and agriculture organization of the United Nations, said in a talk at the student union last week.

"Radical and liberal is the uniform motto for the Latins' governments," French continued. "But the very conception and the idea just do not work out for them that way."

"When you go down there you will see that people don't like to discuss politics as such, and you better just look and observe, and shut your mouth tight, then you won't get into any trouble," he said.

## TV's Educational Potentials Studied

Possibility of installation of closed circuit television for classroom instruction at Eastern is being explored, Dr. John Church, director of the college's instructional materials center, said.

Two types of installation are being considered, Dr. Church said. One would permit projection of films to several classes at one time, and could be expanded to allow several different films to be shown to different classes at the same time.

This type of installation would cost about \$10,000, Dr. Church estimated.

The other type of closed circuit television being studied would require a minimum of two cameras to allow live telecasting. The cameras and the sound equipment would be mobile, Dr. Church said, to allow instruction to originate at almost any point on the EWCE campus.

Cost of the live telecasting equipment is estimated at \$25,000.

## Savagettes Pledge 16

Sixteen fall quarter Savagette pledges were initiated at a dinner held in their honor at Louise Anderson dining hall last week, Marlene Klein, Savagette reporter, announced.

New Savagettes are Janice Allen, Kathy Banhon, Rolene Fox, Sharon Gonyou, Maryellen, Johnson, Janet Karrer, Marlene Klein, Donna Moe, Andrea Olson, Karen Pratt, Irma Rose, Lliane Ruley, Lindsay Townner, Pat Eddy, Judy Thaut and Winnie Wise.

### FOR SALE

Don, MA 4-9241-FA 5-5197

## Credit Union Meeting Set This Afternoon

The annual meeting of the Cheney Public Employees Credit Union will be held today at 4 p. m. in S219, T. T. Wall, president, announced.

Election of officers will be the main order of business, he said, and all members are urged to attend.

The credit union now has more than \$35,000 in shares, Wall said, and is paying 5 per cent interest. Assets of the union have more than doubled in the past two years.

## \$18,000 Paid Cadets

During the calendar year, 1959, Eastern students in advanced ROTC received cash payments for participating in the advanced program, the sum being almost \$18,000, Captain Robert Gregory, assistant professor of military science and tactics, said.

Each student enrolled in the advance program receives a subsistence allowance of \$27.90 a month. This allowance begins when the student is accepted into the third year program and ends with the completion of his fourth year of ROTC.

The allowance is paid by the government during summer months, common between the junior and senior years.

These are the silver wings of a U. S. Air Force Navigator. As a flying officer on the Aerospace team, he has chosen a career of leadership, a career that has meaning, rewards and executive opportunity.

The Aviation Cadet Program is the gateway to this career. To qualify for this rigorous and professional training, a high school diploma is required; however, two or more years of college are highly desirable. Upon completion of the program the Air Force encourages the new officer to earn his degree so he can better handle the responsibilities of his position. This includes full pay and allowances while taking off-duty courses under the Bootstrap education program. The Air Force will pay a substantial part of all tuition costs. After having attained enough credits so that he can complete course work and residence requirements for a college degree in 6 months or less, he is eligible to apply for temporary duty at the school of his choice.

If you think you have what it takes to earn the silver wings of an Air Force Navigator, see your local Air Force Recruiter. Ask him about Aviation Cadet Navigator training and the benefits which are available to a flying officer in the Air Force. Or fill in and mail this coupon.

There's a place for tomorrow's leaders on the Aerospace Team.

Sutton Leads Both Leagues

After the results of the first games of the intramural basketball season are in, it looks like Sutton and Hudson halls will once again be in the thick of the fight in an attempt to wrest the intramural trophy from the other.

Five of the seven unbeaten teams so far are from either Sutton or Hudson halls.

- The results:
- Hudson B1—30
  - Sutton B2—33
  - Garry A1—28
  - Hudson A1—66
  - Idahoan's—51
  - Travelers—45
  - Sutton A1—37
  - Sutton A2—28
  - Hudson B3—38
  - Idahoans B—36
  - Sutton B1—62
  - Hudson B2—31
  - Garry A1—33
  - Kelley's—51

# Central Next On Savage Schedule

Eastern hoopsters will be out to snap a seven game losing streak as they take to the road for games with Central Washington college and Seattle Pacific this weekend.

The Savages dropped their third conference game to Central Washington Friday night in one of the worst contests seen on their home court in several seasons.

Then Saturday night they went into the cellar of the conference by losing to the University of Puget Sound, 66-50.

About the only thing in the Redmen's favor for the first night of action is that usual edge given the home team won't be as great as usual, for this year is the first year the Wildcats have played in their fieldhouse. The new plant is scheduled for dedication next month.

On the coast in Saturday's action Eastern will control a slight edge, having beaten the Falcons in the season opener.

About the only member of the squad assured of a starting berth is Dick Koford. Friday night he alone kept it from being a runaway, throwing in 21 points. Saturday, however, he was held to only eight, but was still only one shy of Eastern's high point man, Dave Danielson.

For the season the Redmen have a five won, 10 lost record and have gone 0-4 in conference play. If they intend to make this a winning season they had better get the ball rolling for they are just three losses away from being in the 40 percentile when the season closes.

Those who observed Friday's action saw one big defect in the performance of the Savages, that of defense. Though they lacked a serious offensive threat defensive inability was the most obvious. If this doesn't improve the end is not far in sight.

## Tennis Team Now Drilling

Although EWCE's tennis team will not begin its Evergreen conference schedule until sometime next spring, practices will be held twice a week in the Fieldhouse, Coach John Woods said.

Facilities are available for as many as 20 individuals to practice timing drills, volleys and serving on specially marked walls in one of the large gymnasiums.

Winter practice is a great aid for the development of timing, form, hand-eye coordination and general physical conditioning, Woods added.

In addition to the wall bounce drills, the squad members also participate in general conditioning exercises such as weight lifting and jumping rope. In some instances, swimming and basketball supplement the program.

If all goes well, the team should have a 16 match schedule this year, beginning the second week in April, meeting teams from Washington, Idaho, and Montana, Woods concluded.

## Girls' Gym Clinic Set

A women's gymnastics clinic and open meet will be held here Saturday, March 5, sponsored by EWCE's department of health physical education and recreation. Dr. Jack Leighton, division head, announced.

The clinic will help to stimulate interest in the neglected activity of women's gymnastics in the Inland Empire, Dr. Leighton said.

It will also present to public school physical education teachers (both sexes) the mechanics of various skills in the six women's gymnastic events, and to provide some competition for girls interested in gymnastics, he added.

The program will consist of mechanics and skills in the six women's events by the clinic staff, movies, sessions for judges and coaches and an open meet for girls.

The staff will be made up of some of the area's leading men and women coaches in the field of gymnastics, Dr. Leighton said.

## Registration Reaches 1996 Quinley Says

Registration for the winter quarter has reached 1996, Registrar C. W. Quinley said. This is four more students than were registered for winter quarter last year, a drop of 162 over fall quarter's 2158.

## Do You Think for Yourself?

(THROW THESE QUESTIONS INTO THE POT AND SEE WHAT COOKS\*)

If your studies led you to believe you could strike oil by drilling a hole right in the middle of the campus, would you (A) keep still about it so people wouldn't think you were nuts? (B) sell stock in the proposition to all your friends? (C) get an oil man interested in the idea, even if you had to give him most of the profits?

A ☐ B ☐ C ☐

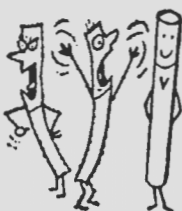

"A watched pot never boils" means (A) the man who made such a statement never watched a pot; (B) if you don't want the stew to boil over—watch it! (C) you can't hurry things by worrying about them.

A ☐ B ☐ C ☐

If you saw a girl perched up in a tree reading a book, would you say, (A) "Timber!" (B) "Is the light better up there?" (C) "Will that branch hold two?"

A ☐ B ☐ C ☐

Assuming cigarettes could talk, would you listen to (A) a filter cigarette that talks only about its taste? (B) a weak-tasting cigarette that talks about its filter? (C) a filter cigarette that lets its advanced filter design and full taste speak for themselves?

A ☐ B ☐ C ☐

Next time you light up, take a moment to think about what you really want in your filter cigarette. Most men and women who think for themselves choose VICEROY,

the cigarette with the most advanced filter design of them all . . . the one cigarette with a *thinking man's filter* and a *smoking man's taste*.

*\*If you checked (B) in three out of four of these questions, you're a pretty smart cooky—but if you checked (C), you think for yourself!*

**The Man Who Thinks for Himself Knows—**  
**ONLY VICEROY HAS A THINKING MAN'S FILTER... A SMOKING MAN'S TASTE!**

## Men Bowlers Score 3024, Highest Series

Eastern's men's bowling team scored the highest three-game series in its history Sunday night in the annual Inter-collegiate air mail bowling tournament, Bruce Wong, team captain, said.

Individual series scoring was led by Wong with 661, followed by Don Heyn with 636. Heyn also had high individual game of 268.

Other individual series scores were Don Nusser, 592; Larry Pember, 560, and Dick Burger, 575.

The match game total of 3024, averaging higher than 200 points per man for each game, is expected to lead the Northwest in this tournament, Wong said.

## Eastern Gets AAU Gym Championships

The first annual Inland Empire Amateur Athletic Union gymnastic championships will be held at Eastern March 18-19 in the fieldhouse, the division of health and physical education announced.

This is the first meet of its kind to be held in Cheney. EWCE's coach Dave Kaufmann said he is expecting a good turn out, with such schools as Washington State university, Eastern, Kennewick, Colfax, Shadle and Richland high schools attending.

The Spokane YMCA and the Calgary Turners also plan to attend, Kaufmann said.

# 7th Straight Loss Marked In UPS Win

Things are looking pretty dismal for the EWC Savage basketball team as they dropped a pair of weekend conference games to Central Washington, 54-49, and were swarmed under by the University of Puget Sound, 66-50, on the Savages' home court, to extend their losing streak to seven.

Eastern jumped off to a quick 10-6 lead against the U-PC Loggers and looked as though they might shake the jitters that have been plaguing them all year, but another Savage cold spell found them trailing 23-22 with five minutes to go, and behind 37-27 at half time.

Eastern outshot the Loggers 37 per cent to 35 per cent in the first half but were out-rebounded, 28-20.

### Frigid Second Half

If things weren't bad enough in the first half, they started out worse in the second as Eastern was able to connect on only one field goal in the first 10 minutes and trailed, 53-34.

A fine bit of hustle by Ted Paterson helped shave the margin to 11 points, but the Savages once again started their rally too late.

Paterson, plagued by a knee injury, was outstanding for the Savages, as he intercepted several passes, played the boards well, and collected seven points.

Dave Danielson also played a fine game, picking up nine points and playing a good defensive game.

Keeler	2	0-1	0	4
Totals	19	12-22	15	49

Half time: Puget Sound 37, Eastern 27. Officials: John Presley and Jack Ouran.

### Late Free Throws

On Friday night, the Savages lost a heartbreaker to Central, as they saw a fine rally go for naught as big Norm Erken and Jim Castleberry hit four free throws with less than a minute remaining to give the win to the Wildcats.

Again hot and cold streaks was the story for Eastern. Central started off fast in the first half with a 20-11 lead, but Eastern came roaring back to tie

it at 21-21. Half time favored Central 25-23.

In the second half, the Wildcats pulled away at 41-34, but two long howitzers by John Nugent and a short jumper by Doug Cresswell evened it up at 41-40.

Central rallied to put the Wildcats out in front at 49-42, but at this point ball-hawking Cresswell stole three straight passes, and set up a pair of Savage scores to bring it to 50-49 with a minute to go. Then the stage was set for the free throws by Erken and Castleberry.

### Koford Stars

Dick Koford played an outstanding game for Eastern as he picked up 21 points and dominated the backboards.

Eastern's junior varsity squad lost a pair of thrillers to two of the top freshmen and junior college teams in the Northwest, dropping a 52-45 decision to Lewis & Clark on Friday, and being nosed out, 57-54, by the WSU frosh team on Saturday.

Dan Sutphin and Vern Westrick were high point men on Friday with 13 apiece, and Albin Hucksteiner paced Eastern with 16 against WSU.

## Swimmers 'Lose Two; Montana Here Next

Last weekend Western Washington college and the University of Idaho's freshmen and varsity squeaked by the EWCE swimming team. The scores were WWC 48, EWCE 45, U of I freshmen 46, EWCE 41, U of I varsity 56, EWCE 33.

Perhaps the most outstanding time of the two day meet was turned in by Chisato Kawabori in the 200 yard individual medley with a time of 2:38.6.

Eastern's swimming team will have to be in better condition if they expect to beat Montana State university in their next meet here Friday, January 29.

MSU is repected to be a strong contender in the Rocky Mountain conferece and the meet here should be very interesting.

# Kindergarten "Prep School" In Operation

**GETTING READY FOR KINDERGARTEN**—These "students" at EWCE's nursery school—sometimes called a preparatory school for kindergarten—are pictured in the midst of their "studies." In the picture at the left are, left to right,

Sandra Lytle, Debbie Kingsley and Michelle Colyar busy at snack time. Center is Sheryll Tavenner, learning how to iron. At right, Doug Gladden, Tracey Elliot and Keith Isherwood enjoy the afternoon sleep break.

By Tom Ennis

There are various levels of school, even kindergarten "prep" schools.

There is just such a school at Eastern. It is the pre-school nursery, which is under the

direction of the home economics department of the college.

Children in the 3, 4 and 5 year age brackets are the students at this preparatory school for all of the rest of their formal educational processes. The first instructional situation outside of family life is experienced by these little people.

The pre-school nursery is not to be confused with a baby-sitting service. It whets the child's curiosity about things that he will experience in the years of schooling to follow.

The "students" enrolled at the "school" are sons and daughters of instructors, students and townspeople from

the community in which Eastern Washington College is located.

Not more than 20 students are "enrolled" in the school. Ten attend from 9 a. m. to 4 p. m., and 10 attend one-half day.

The world of "The Three Little Pigs," the Pilgrims and other historical and classic fairy tales are related to them by their teachers. The children experience for the first time the difficult tasks of determining which color is blue, red or green, and which shape is a triangle, circle or square.

Modeling clay, paints, building blocks (no small ones, these) are also available, as are picture story books and assorted toys.

The "school" is non-regulation in one way. From 1:30 to 3 p. m. one end of the school is transformed into a sleeping room for the afternoon "sleep break."

The center was established seven years ago as a result of a desire on the part of parents to have a place for their children to learn the social experience of dealing with other people.

Mrs. Marge Paulson, teacher at the center, can readily cite examples of situations that prove "kids say the darndest things."

The children at the "school," which is located at the end of college infirmary building, are often the subject of observa-

tions by students from Eastern Washington College in home economics classes on family living, future teachers learning educational psychology and physical education majors observing the prodigious athletic ability of the little "preppers."

Readers who doubt the validity of calling the pre-school nursery center a "prep" school, should think back a few years to the time when they were trying to learn how to cut paper with a pair of scissors, or reproduce some recognizable picture with paints.

Wasn't this educational process as difficult as many experienced further on up the educational ladder?
