## New Type Health Tests Scheduled

"Home" health examinations will be required of all new students at Eastern starting with the 1960-61 school year, Dr. Daryl Hagie, dean of students, announced.

Formerly, health examinations were given by the college, but many colleges now require students to provide examinations by their own physicians, Dr. Hagie said.

The college will still provide physical examinations for students majoring or minoring in physical education and for athletes. And the college will still reserve the right to give students a physical examination when it is deemed necessary, Dr. Hagie added.

Standard forms for the examination will be furnished to students when they apply for admission to Eastern, Dr. Hagie said. When students enroll, the health forms will be filed in the college's infirmary.

In addition to enabling students to get more complete physical examinations, the new plan will expedite registration at the opening of the school year, Dr. Hagie said.

## Sacajawea Fund Total Nears \$100

Proceeds totaling \$40.85 from the Vets club dance were added to the Sacajawea fund, bringing the total amount collected to about \$100, Creed Morgan, newly-elected president, said.

At the last meeting of the Alumni board, three requests of the Vets club, that the board give them use of their mailing list, give them a write-up in their quarterly review and assist them financially, were granted.

Each alumnus on the mailing list will be asked to make a personal contribution of \$1 to the Sacajawea fund, Morgan said.

Other newly elected officers in addition to Morgan are Ralph Stockbridge, vice president and Walt Meyers, secretary-treasurer.

**KING AND QUEEN**—Lyn Sisich and Jack England, candidates of Sutton hall, were elected King and Queen of the Sitzmark Ski club-sponsored Sno-Ball. They were crowned at the dance Saturday night.

# EWSC Urged As New School Title

Eastern Washington State college.

That will be the new name of Eastern if the state legislature adopts the recommendation the three college's joint board made at their meeting here Saturday.

The board also recommended similar name changes for Central and Western.

It will be up to the 1961 state legislature to take action on the name, and if it does, Eastern's new name probably won't become effective until mid-summer, 1961.

In other action affecting present and future Eastern students, the joint board took

no action on a proposal to charge a fee for application for admission to the colleges and voted to let individual colleges act as they saw fit in charging tuition fees.

Eastern president Dr. Don S. Patterson said there are no present plans to charge tuition at Eastern.

The board also moved to investigate possible sources of state funds for borrowing for dormitory and food service facilities construction.

No action was taken on a proposal for different degrees to be awarded by the colleges, but further study of the matter was recommended.

Eastern's board, in a Friday night meeting, accepted the resignation of David A. Kaufmann, PE instructor and gymnastics coach, effective June 11. Kaufmann is leaving to continue his studies.

The board also voted to refuse acceptance of the new campus elementary school until the electronic system was satisfactory, and set February 13 as the bid-opening date for additions to the college's heating plant.

The Eastern board also voted to accept trust responsibility for any funds that might be willed or donated to the college.

## Atom Show On Display At College

A "Summary of Atomic Energy" exhibit, furnished by the U. S. atomic energy commission, is now on display in Showalter hall.

Its display at the college is sponsored by the division of science and mathematics.

The exhibit consists of 18 panels that presents the story of atomic energy in concise, easy-to-understand terms, Dr. Dana S. Harter, EWCE science division head, said.

One panel describes the principal components of the atom. Another describes the fission process, whereby tremendous power is obtained by the splitting of atoms of heavy elements such as uranium and plutonium. Still others show how radioactive isotopes are used in agriculture, medicine, and industry.

In addition to the panels are two components, activated by the visitor, that show the workings of a nuclear-energy plant for the production of electricity and describe the fusion process, in which power is obtained by combining atoms of light elements at extremely high temperatures—the opposite of the fission process.

Another striking display is a three-foot model of the N. S. Savannah—the nation's first nuclear-powered merchant vessel.

## Professional Ed Deadline Is Feb. 5

The last day for submitting applications for admission to the professional education program to be eligible for the February 18 interviews will be February 5. No applications will be accepted after then for the interviews, Dr. L. E. Patmore, director, admissions to professional education program, said.

All students who are eligible for interviewing or who are waiting to take the English and math clearance tests on February 2 and 3, and who wish to be considered for interview should submit their applications at this time, Dr. Patmore said.

These interviews are necessary before the student may enroll in Ed. 367, Curricula and Procedures I.

## SU Food Service Contract Eyed

Whether to continue the present student union food service contract for another year will be taken up by the student union board at a meeting scheduled for tomorrow, Dean Owen, board chairman, said.

Miss Anne Johnston, union food service supervisor, reported that in the eight months of union operation, \$1819 in profit was returned to the union, and \$4217 profit was retained by the food service.

The one-year contract, whereby the college's food service took over operation of union feeding, ends February 1.

Board members were asked to sample student opinion on the union's food service, Owen said, as a guide to determine the board's action.

Under the present arrangement, Owen said, the union has for the first time in its history, shown a profit on food sold in the union.

## Special Election Vote Short, Change Nixed

In the special election held last Thursday, a total of 465 persons voted. This figure was 332 votes short of the required number to constitute a valid election.

The election was for the specific purpose of either defeating or passing an amendment to the constitution concerning qualifications required of candidates for student body offices, according to Tom Ennis, ASB president.

"Of the total number that voted, 416 were in favor of the proposed amendment, and only 49 were against," said Ennis. "However, a total of 797 students would have had to cast ballots in order to make the election constitutionally valid."

Ennis said that the percentage of commuters that voted was approximately 25 per cent and approximately 75 per cent of the votes were from on-campus residents.

## TV Chem. Course Offered On KHQ

Eastern will continue to participate in the "Continental Classroom" television course for college credit, Raymond M. Giles, EWCE director of extension, announced.

Students may register for the second semester, which starts February 3, through the EWCE extension division, Giles said.

The 80-lesson series in modern chemistry will be seen on KHQ-TV daily starting February 3 through May 27, at 8 a. m.

Lecture demonstrations will be by Dr. John F. Baxter of the University of Florida, and will be concerned with radio, electro-, and bio-chemistry and new kinds of equilibria.

EWCE campus instructor for the course will be Dr. Vincent Stevens, assistant professor of chemistry.

## Author Vance Packard On Con Schedule Tomorrow

Vance Packard, the man who made "the hidden persuaders" a household word and whose new book, "The Status Seekers," explodes the myth of America's classless society, will speak at Eastern tomorrow at 10:10 a. m. in Showalter auditorium.

Packard will speak on "The Diploma Elite." As a social cri-

**VANCE PACKARD**

tic, Packard pioneered in alerting the American public to the techniques employed for "per-

suation in depth" advertising. He began collecting material on the subject in the early 1950's and "The Hidden Persuaders," published in 1957, quickly climbed to the top spot on the nation's best-seller lists. It was translated into nine languages, and nearly a million copies are now in print.

Packard's latest findings, as set forth in "The Status Seekers," show a trend toward a more rigid class system, in supposedly classless America, which in one way or another affects the life of every citizen. It appears that he has provided a new topic for provocative discussion that will be resounding across the nation's dinner tables for some time to come.

Currently, Packard is mapping plans for three other books and, meanwhile, filling several magazine commitments. His articles have been appearing in such publications as The Atlantic Monthly, Look, Reader's Digest, Ladies' Home Journal and the New York Times Magazine.

## Name Change For Eastern In Future

Soon it might be "Eastern Washington State College."

This generally seems to be close to what the misnomer of "Eastern Washington College of Education" may become. This is dependant upon the state legislators.

During the next session of the state legislature it seems likely that the three colleges of education in the state will have their names changed. Last year a bill was in committee that would have changed the names had there been sufficient time to consider it and be passed by the two houses of our state.

As you all know, WSC is now WSU, and this occurred late in the last session of the legislature.

A name change is fine but the acutal institutional change of course offerings and degree offerings is a responsibility owed to the nearly 50 per cent enrollment of liberal arts students at this college by the administration, faculty and law-makers of this state.

Teaching is—platitudes notwithstanding—a noble profession. But when the need of a community shows itself then the responsibility of the beforementioned groups should be exercised and it seems that it could be done with greater speed. At least the plans for changes in this direction should be better publicized to keep the most interested (non-education majors) informed. —T. E.

## World's Bigotry And Ignorance Shown

The recent wave of anti-semitic demonstrations throughout the world have stirred the embers of bigotry and ignorance. Very possibly the painting of swastikas on synagogues and other anti-Jewish acts have been perpetrated by organized anti-semitic groups as well as by other ignorant fools. "Pranksters" undoubtedly have committed some acts of this nature also.

To try to reach the died-in-the-wool bigots and anti-semitics is a somewhat impractical task. This commentary is directed primarily to the ignorant and the "pranksters"—bigots are welcome to read.

Payola is non-existent in college newspapers and the following is not meant to be a free plug; however, for those interested in knowing more of the history of anti-semitic purges the book "Exodus" by Leon Uris is highly recommended. While this is a fictional best-seller it is based on the fact of the ghettos in Germany, Russia and war-time Poland. It is a narrative of the birth of the Jewish state of Israel.

It is a very readable book, filled with some shocking descriptions of the atrocities committed against the Jews in the second world war. —T. E.

## LITTLE MAN ON CAMPUS

"SOMETIMES I THINK THE PRESIDENT KEEPS TOO CLOSE TABS ON THE FACULTY."

## Letter To The Editor

### Gurr Charges Book Monopoly

The moment of truth has arrived in our great capitalist system.

The student union bookstore is the first business I have ever seen that maintains a higher average markup and goes deeper in debt.

For example, a student walked into John W. Graham's in an attempt to purchase a text book which had been sold out in the union bookstore. As it happened, he mentioned that he was an EWC student for which he was charged \$6.50 for the book.

As it turned out, the printer's price was \$4.95. I wonder if Graham's has a working agreement with the Eastern bookstore, as a non-Eastern student is charged \$4.95 for the same text.

Cases such as this have also been reported at the Eastern bookstore. With all this above-average markup on books, the bookstore is going deeper and deeper in debt.

Concerning prices, I wonder why the union advertises coffee for ten cents and refills for ten cents. Maybe they think they're giving us a real buy with such tremendous savings.

These are only a few questions which enter the mind of students as they look about the campus. I was just wondering about the increased price of texts, and indebtedness in the student union.

I'm not suggesting that a swastika be painted on the bookstore door, picketing, or incite to riot, just thinking out loud.

(Signed) Dave Gurr

## In The Past

### Tri-Normal Trophy New In 1935

A new basketball award to be known as the "Tomahawk trophy" was to be presented to the team winning the tri-normal championship in 1935. The trophy, purchased by the Knights of Tomahawks, was a circulating one and had to be won three times for permanent possession.

In 1940, individual privilege for late leave, 12:15, to attend the Junior Chamber of Commerce dance, January 27, was granted women living in Monroe hall by the house director, and off-campus women by the dean of women.

One hundred twenty-six EWCE students were listed on the fall quarter honor roll with 16 maintaining a straight A average in 1950.

In 1955, students shoveled snow to get at their cars before the local authorities hauled them away under a new city ordinance which prohibited all night parking on streets.

## The Big Question

Are you in favor of dropping the "of Education" part of Eastern's official title? Why?

Lee Bloxom: "Yes, I feel it would add to the college's prestige."

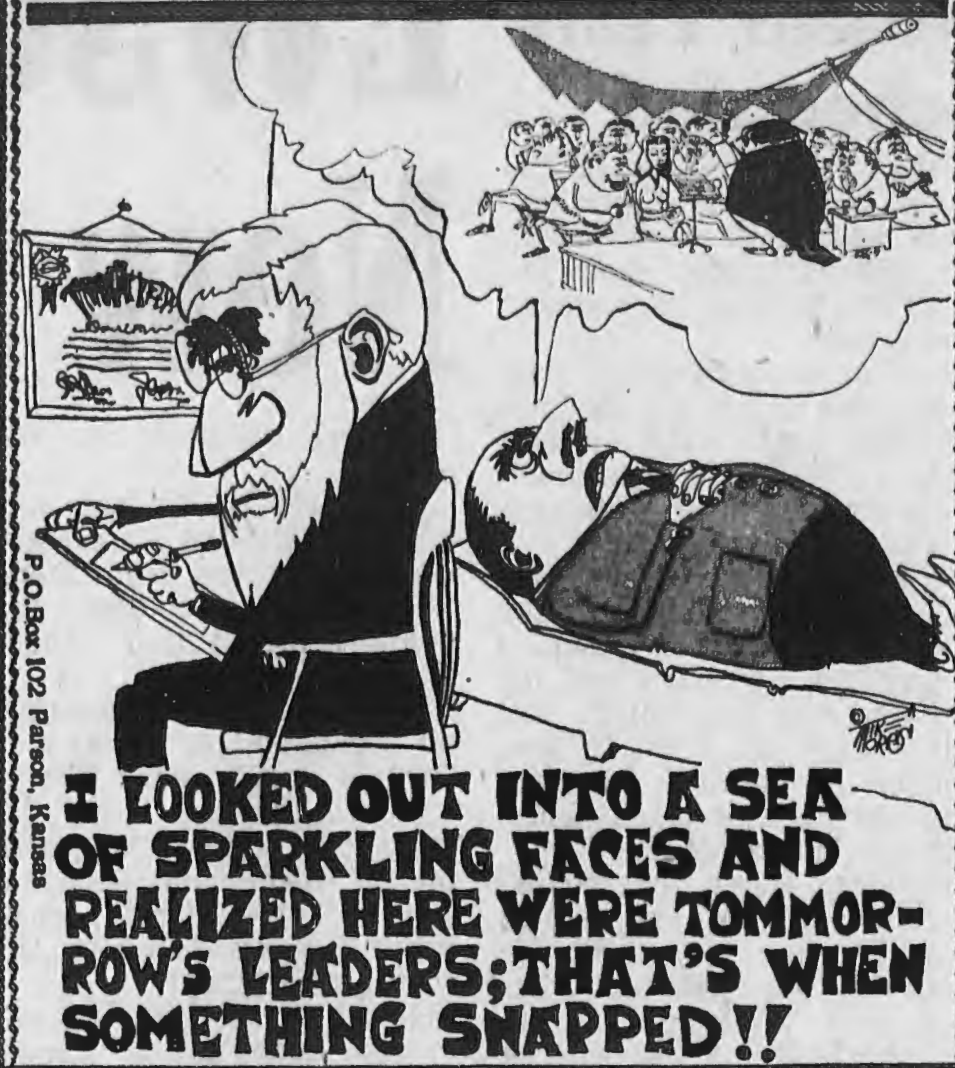

Gary Owsley: "Yes, I think the college has reached the point where it can afford to drop the education tag."

James Joierman: "Yes, the college is now emphasizing other things besides teacher training."

Stan Rhodes: "I couldn't care less, one way or the other."

Charles Moe: "Yes, because the college is more diversified now."

## A SCHOOLMARM'S FOIBLES

## ASB President Says

By Tom Ennis

### ASB Officer Qualifications Listed

As stated earlier, this column will be devoted to listing qualifications for student body officers until the various positions are described.

This week I intend to include three offices of treasurer, secretary and activities co-ordinator under one column. This does not mean that these positions are any less important and than president and vice president; however, elections are just around the corner and anyone interested in running should have the information about the offices as soon as possible.

The secretary of the student body is the person who handles all of the correspondence within and outside the school. The person elected to this position should very definitely know how to type. A knowledge of shorthand would be helpful. The secretary takes minutes of the ASC meetings, mimeographs and mails them out to the appropriate person.

Any of the other officers that wish to have letters typed or other work of a secretarial nature performed utilize the services of the ASB secretary. A knowledge of parliamentary procedure is helpful, because this is the manner in which ASC meetings are conducted.

Financial matters are an important aspect of your student government and the person who has direct responsibility in this area is the ASB treasurer. The ASB treasurer countersigns all requisitions for financial expenditure of ASB funds. This person is responsible for knowing where the more than \$100,000 a year of student fees are spent. An ability to change somewhat complicated financial language into understandable terms is a very desirable quality for the ASB treasurer to possess.

The treasurer is chairman of the ASB finance committee meetings on Thursday evening and should have some knowledge of parliamentary procedure. This person should be prepared to explain to members of the finance committee what the financial situation is in regard to any particular budget. The treasurer has responsibility for about 20 budgets under the ASB and should always be a vigilant "watchdog" of the students' fees.

Probably the one officer who meets more students than any other is the ASB activities co-ordinator. This person is in charge of the social activities of the student body. Big name bands, small dance bands, convocation artists and scheduling of all of these are the responsibility of the AC.

With a budget in the neighborhood of \$6500 per year the activities co-ordinator must make this money stretch to allow for a well-balanced social program in the college.

Very likely, this position is the most frustrating of all of those for which persons are elected, because it deals so much with personalities. An ability to get along well with all types of persons is, in my opinion, one of the most necessary attributes that a candidate for this position should possess.

## T-P Talk

By Chief Gary

### Enlarged Arts Festival Is Goal

Plans are now underway to expand this year's Arts Festival to include art and literary works from the colleges and high schools of the Inland Empire. Dr. Harold K. Stevens will direct a special "theater in the round" play for the festival.

There has been a lot of complaining about the poor turnout at the polls for the constitution change . . . Some blame it on the "I could care less attitude" of most of Eastern's students. Actually the best way to defeat the motion was not to vote at all. Could be this was the case.

This year the Scribes of the Fifth Estate will sponsor a contest to pick the outstanding newscaster and disc jockey on campus. Contestants will submit five minute tapes to be judged by KREM's news director Dick Hoover and Bob Carmichael, radio program director.

Because of last week's column, I have been accused of campaigning for an ASB office . . . This is not true; I'm like Truman, I'd rather write than be president.

I wonder if Coach Red Reese is trying to de-emphasize basketball?

## Future EW Building Plans Related By Dr. Patterson

Five main issues dominated last Thursday's meeting of Eastern's student council.

The first of these was Dr. Patterson's report on the status of some of the joint administration-student long-term projects.

"The general opinion of both faculty and students upon the renaming of EWCE seems to point two-to-one to Eastern Washington State college," reported Dr. Patterson. The other alternative would be to drop the "of education" or, as some alumni prefer, to leave the school's name as it stands.

Dr. Patterson also gave the council a view of the latest developments in a school building program which would provide Eastern with the new dorms and a food center which it needs. EWCE is now working upon a non-recallable bond program and these bonds cannot be called for until 1968. Because of this, it is impossible to get a new bond issue and needed building fund money until that date.

The only way that Eastern could begin more building before this date would be to negotiate with the bond holders (a task which would involve 3-4 years to even find these holders), or get a federal loan, Dr. Patterson said.

A new food center is now being planned, the first unit to take care of 1000-1200 students. Additional units could be added to make space for over 2000 students. A building fee of approximately \$7 to \$12 per student per quarter would undoubtedly have to be assessed, even if a federal loan were secured, Eastern's president said.

As Dr. Patterson now sees it, Monroe hall would, in the future, be once again converted to a women's dorm, and Hudson hall, which now houses 400-500 men, would be destroyed before it fell down.

"Hudson," Dr. Patterson said, "would probably make a wonderful Homecoming bonfire, and would certainly be done burning in the 15 minutes of halftime."

The next discussion was over John Bowers' motion that a recommendation be given to the finance committee that 25 cents per commuter be allocated as a social activity fee for the off-campus living group. Garth Wheeler seconded the motion and an extensive debate followed, Matt Finnigan speaking for the motion.

It was felt that at least 25

cents of the quarterly fees paid by the commuters was not being used by this group, which has difficulty in attending on-campus social functions.

If, off-campus living group president Finnigan said, this money was to be put in the group's social fund, it would bind it together by furnishing capital for dances or other social functions held in Spokane.

This consolidation of funds would also make unnecessary the small allotments of ASB fund, for commuter expenses.

The motion, after much consideration by the council, was not passed.

Fred Heinemann, manager of the student union building, next gave students a run-down on the problem of damage and shoplifting being done at the SUB, and answered their questions as to the pricing of texts at the EWCE bookstore.

### Reception Honors Foreign Students

Eastern's six foreign students were guests of Dr. and Mrs. Don S. Patterson at the president's residence Saturday night at the annual foreign students' reception.

More than 20 well-wishing guests from the college, Cheney and Spokane participated in the colorful affair. Highlight of the evening was color slides of famous spots throughout the country shown by William L. Rowles, head of Eastern's music division.

### EW Art Staff's Work To Be Seen At SU

Work of EWC art staff members, Miss Nan Wiley, Mrs. Opal Fleckenstein, Robert Hanrahan and Joe Daugherty will be exhibited on the second floor of the student union building for three weeks during the month of February.

The exhibit will include drawings, sculpture, paintings and crafts.

### Pizzas Are Coming

Pizzas are now being sold in the union.

Members of the student union board at their last meeting decided to lease a pizza oven on a trial basis until they see if the pizzas will sell or not.

They will sell at 59 cents and up.

## 'March Of Dimes' Show Successful

As a fund raising drive for the March of Dimes and as an all-around talent show for pure enjoyment, "Night On Broadway" proved to be a dual success last Friday night.

Paul Barton as master of ceremonies kept the show going at a good pace from the time of his rousing entrance to the introduction of the performers in the grand finale.

Singing "Cherokee" and "Bali Ha'i," Mona Lake was the highlight of the evening, although all the acts were well-received by an appreciative audience.

The smooth-running show evidenced the considerable time and effort that went into the production to make it a rousing success. —C. D.

### Heat Up The Griddle

All students and faculty members with a craving for eating pancakes and a thirst for rollicking fun are urged to attend the Activities and Recreation pancake eating contest this Saturday at 3 p. m. in the Isle-land Harbor room.

The competition will lead off with a student-faculty contest, which should be a riot in all aspects. Following this, and if you feel up to it, there will be a free-for-all among other competing students.

Even if you don't particularly like pancakes, come anyway. Remember, this may be a chance to get away from L. A. cooking.

### CLINIC DRAWS 200

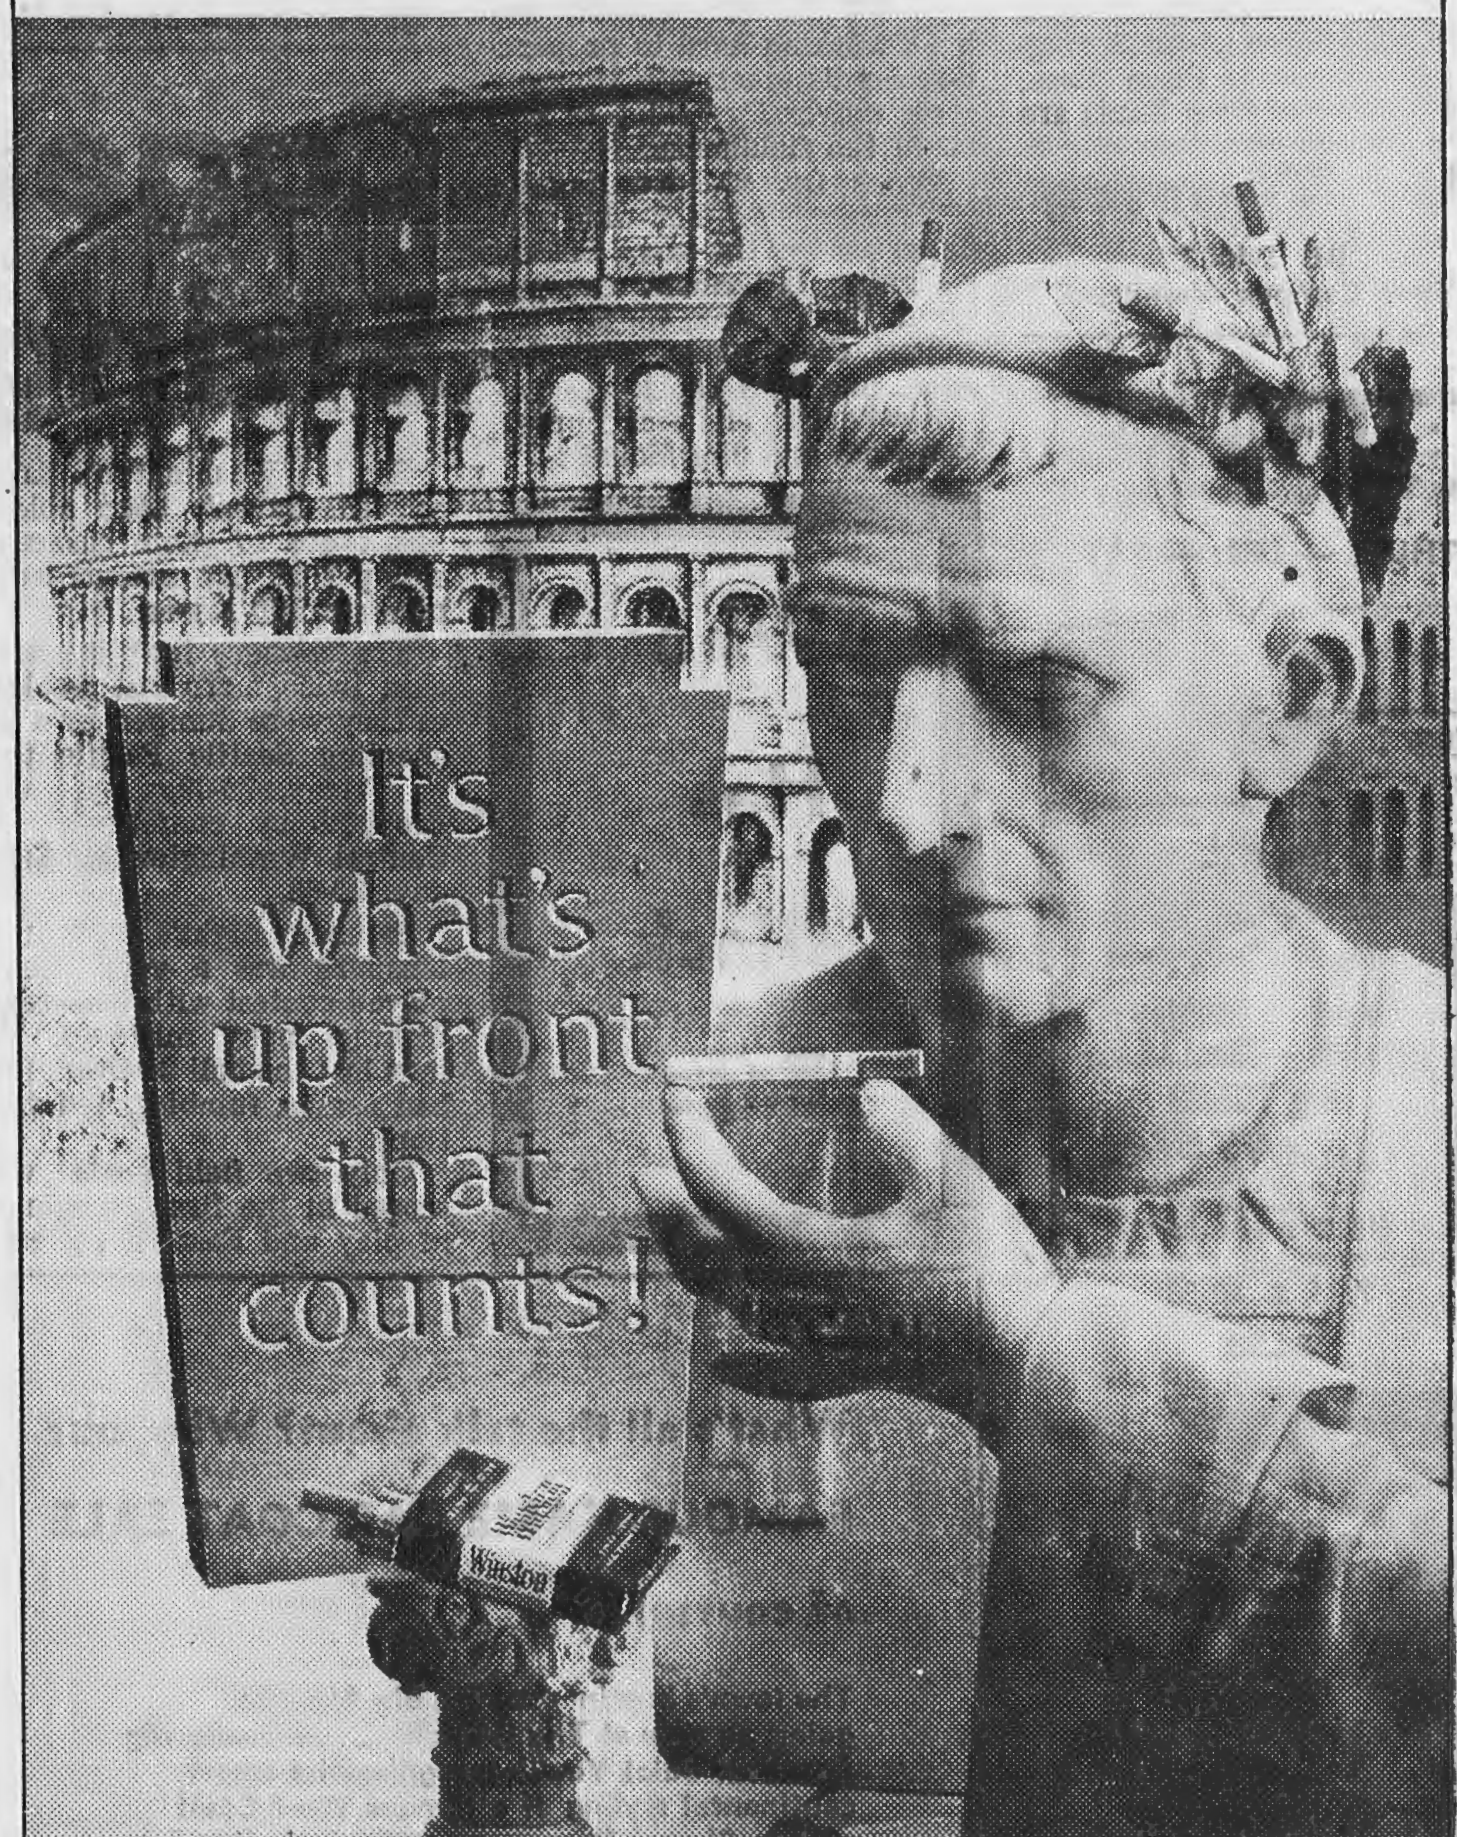

Almost 200 students from schools around the Inland Empire participated in the second annual orchestra clinic held at Eastern Saturday. The clinic, made possible by the cooperation of the college and the Eastern Washington Music Educators association, was directed by James Rickey, EWC assistant professor of music.

### HAWAII NEEDS TEACHERS

Mrs. Beatrice Carter, assistant district superintendent of schools from Hawaii, will be on campus February 5 to interview prospective teacher candidates for positions in Hawaii, Ramond M. Giles, director of placement, said.

Interested students should make appointments in the placement office.

## All filter cigarettes are divided into two parts, and...

**"Weni, widi, Winston!"** Thus did Caesar (a notoriously poor speller) hail the discovery of Filter-Blend—light, mild tobaccos specially selected and specially processed for filter smoking.

He knew that a pure white filter alone is not enough. To be a complete filter cigarette, it must have Filter-Blend up front. And only Winston's got it!

That's why Caesar would never accept another brand even when it was offered gratis. In fact, history

tells us he'd glower at the extended pack and sneer, "Et tu, Brute?"

In a stirring peroration to his legions, Caesar put it this way: "For the Numeral I filter cigarette—for the best-tasting filter cigarette—for the noblest filter cigarette of all—smoke Winston!"

**"Winston tastes good like a cigarette should!"**

P.S. to bachelors. If you're lucky enough to find a gal who'll keep you in Winstons, Caesar!

### Scarlet Arrow, Faculty Clash In Annual Cage Contest

The concept of higher education may look like it has taken a turn for the worse tonight as those molders of individuals, the professors, meet some would-be Scarlet Arrow athletes in the annual Scarlet Arrow-faculty basketball game in the Fieldhouse at 7 p. m.

The SA team, composed of members of the campus service honorary, will be out to avenge the defeat they suffered last year. Jon McFarland, a two-year varsity letterman, will anchor the squad and will be backed by most of the SA members. Rich Morgan, Rich Hilty, Ed Fisher, John Springer, Don Duncan, Ozzie Rose, Dan Miller and Tom Ennis are

all expected to last at least five minutes.

Should the faculty win the SA may claim unfair proselytizing, as the instructor squad is led by big John Woods, Canadian import and tennis coach. Jean-Claude as he is referred to by some (usually when he is not present) may not wear size 21 shoes, but to some he looks at least seven feet tall.

### Swimming Team Preps For Montana

Eastern's swimming team, now 0-3 in competition, has been working hard in preparation for its meet with Montana State university Friday at 2 p. m. in the fieldhouse.

Coach Dr. Richard Hagelin reports he now has nine students out for the team. Six are returning lettermen: Grayson Hand, Dean Owen, Chisato Kawabori, Clair Makie, Kent Cremon and Bob Short.

Newcomers are Dick Burger, Bob Ross and Jim Mohatt.

## Cagers Lose Again; String Now At Nine

Eastern Washington's Savages' still haven't been able to break out of their basketball slump that has extended to nine straight losses.

The Savages took it on the chin twice more last weekend as they were dumped by a hot-shooting Seattle Pacific team on Friday, 76-69, and were dropped by conference foe Central Washington on Saturday, 80-63.

Saturday night's game in Ellensburg was a very poorly played contest with both teams making many mistakes. Eastern lost the ball 24 times from bad passes, fumbles, and violations.

Only two field goals were scored in the first six minutes of play and Eastern pulled to

a 11-8 lead with 12 minutes to go in the first half. At this point Wildcat ace Jim Castleberry hit six straight field goals and Eastern never got back in the ball game. Central led at intermission, 40-23.

In the second half Eastern played the Wildcats on equal terms, but couldn't make up for the big deficit.

Gary Roberts was the only Savage who was able to find the basket consistently and pulled down high point honors with 20.

Friday night saw the Savages encounter a well balanced Seattle Pacific ball club that had a hard time missing a shot. The Savages and Falcons played on even terms throughout the game, but SPC scored 10 points from the free throw line in the last nine minutes to take a victory. During this period Eastern out-scored the Falcons from the field but could garner only two free throws.

The game was tied a total of six times during the evening. Eastern took a 14-9 lead, but SPC came back to go ahead by three at the half at 34-31.

Gary Roberts was once again high point man for Eastern with 19, followed by Dick Ko-

ford with 15, and big Dave Danielson, who played a fine second half, with 10.

In junior varsity action, Eastern trounced a tough North Idaho junior college team 66-52 at Coeur d'Alene Friday. Vern Westrick paced the JV's with 19 points.

# Pirates, Savages Ready For Weekend Series

## LOOKING UP

With Al Ruddy

There's lots of woes in the fieldhouse this winter, more than has been there for several years, as the basketballers continue to lose. The losing string is now at nine with little hope of rest in the immediate future.

What has become of the squad that, after last season, was expected to be one of the top teams in the Evergreen conference? Eastern lost only one starter via graduation, and then another when workouts began last fall.

Only Dick Koford and Gary Roberts turn in creditable performances. The others, last year looked like the best frosh and sophomore talent in the league. But the sparks seems to be absent.

Dave Danielson, who gained considerable experience last season and was often a starter, seems to have lost some of the poise that he had developed by the close of last season.

Doug Cresswell, last year showing himself to be the best defensive man in the league, seems to have lost his hustle and ball handling ability.

So it goes all the way down the squad. Defense, which by some has been considered the forgotten game, certainly looks as though it had never been learned by some of the maplemen on the team. Most of the members on the team refuse to go for the basket, and Koford has been the only one that drives for the lay-in.

As the season began, it was hardly conceivable that the team would not win for coach "Red" Reese his 500th game, for which he needed only nine. Now he needs but four but the question whether they can win four in the remainder of the season is a large one, and if things continue as they have the question will be answered negatively.

A bright note for the spring is track. Two weeks ago the Sports Writer and Broadcasters of the Inland Empire nominated two Eastern students as athletes of the year in two different track categories. Roland DeBoer took the nod for the top college cinderman in the Inland Empire. He grabbed a new record in the quarter last year at the Evergreen track meet at Whitworth college.

Al Rhodes, probably the most sought-after high school track man in the state last season, entered Eastern this quarter. He set records in both the high and low hurdles in last year's state high school meet. He ran the high hurdles in 14.4 seconds, bettering the old mark set in 1954 of 14.6.

He clipped five-tenths of a second off the old 180 low hurdle record of 19.5, set a year earlier by a former teammate, Sam Parker.

Football coach Ed Chissus calls to our attention the accomplishments of Dave Crowell, a starting tackle on his last season's squad. Crowell receives no grant-in-aid or scholarship, but made the honor role with 3.4. According to Chissus he could be receiving financial aid at other schools but came to Eastern on preference.

After another winless weekend on the road the Savages are preparing for what looks to be their toughest assignment of the season, a two-game series with the Whitworth college Pirates. It will be the first meeting of the teams this year.

Eastern hosts the Bucs Friday night at 8 p. m., then returns to their opponent's home ground Saturday.

Whitworth got its second win of the Evergreen conference season Friday night, beating Central Washington for the second time. On the same night the Redmen gave up a second half lead to the Falcons of Seattle Pacific.

The following night the teams switched opponents and

both lost. Eastern bowed 63-80, and Whitworth lost, 78-93.

Whitworth boasts one of the best scoring attacks in the conference this season, centering around last year's leader, Ray Washburn. Jay Jackson, 6-5 center, has added some additional offense and back board strength, while Bob Quall, a transfer from Seattle Pacific, gives the team some much needed speed.

The Bucs now have a 2-3 record in conference competition, losing to Western, Pacific Lutheran and Puget Sound.

This is a very favorable comparison to Eastern's lowly 0-5 record. Besides losing to the three teams that have beaten the Pirates, they have lost

twice to Leo Nicholson's Central Wildcats.

The Saturday night loss to Central marked the ninth straight loss for the Redmen, giving them a 5-12 record for their 17 season games.

Starters for coach "Red" Reese will probably be undeclared until late this week, with only two assignments basically unchallenged, those of Dick Koford and Gary Roberts.

Koford has been the Savage's leading scorer throughout the season with an average of 16. He also tops the rebounding statistics.

Roberts follows Koford in total scoring, and Saturday led the field of Redmen with an even 20.

### Unpopular Policy Broken At Union

The long-standing policy which prohibited faculty members from taking classes to the union was finally broken as a result of the January 7 meeting of the student union board.

If a professor should desire one of the rooms in the union he must make a reservation with Don Williams, assistant in student personnel services, at least 24 hours in advance.

If coffee is wanted for the class it should be requested at the time the reservation is placed. Also, professors are asked to attend all sessions their classes hold in the union.

### PTA Scholarship Available For Soph.

A PTA scholarship is available for a second quarter sophomore, Dr. Daryl Hagie, dean of students, said. This scholarship will pay \$50 a quarter for the rest of this year and for the junior and senior years.

Only graduates of Washington state high schools who are majoring in education are eligible to apply. Applications can be picked up in the office of the dean of students and returned there by February 3, Dr. Hagie said.

### 'Zags Down Bowlers, Cut Winning Streak

Gonzaga university won two out of three games from EWCE's bowling team Sunday, to cut Eastern's win streak at nine. The talented second place Gonzagans also cut Eastern's lead from seven to four points.

High for Gonzaga and also for the series was Jim Gilbertson with 603. High for Eastern was Captain Bruce Wong with 586.

The second match saw Eastern splitting with University of Idaho two to two. Al Underwood of Idaho was high bowler with 569, and Don Nusser of Eastern was next with 528 for the poorly bowled match.

The poorly prepared U of I alleys were one of the largest factors for the low scores bowled by each team, Wong said. This was felt not only by Eastern's bowlers, but also by the host team, U of Idaho, as they themselves bowled their lowest games of the season, Wong said.

### WSU Gymnasts Hand Eastern First Loss

Washington State gymnasts handed Eastern its first defeat of the season 93-51, last Friday at Pullman.

WSU's team won eight of nine events with Jack Benson winning Eastern's only first on the flying rings.

Benson was EWC's high point man with 18 points. Others who contributed to EWC's score were Dale Shirley 17, Bob Caruso 9, Joe Barrow 3, Jim Bernave 2 and Harold Bowers 2.

### Spokane Gun Club Downs ROTC

The Spokane Valley Gun club won a match from Eastern's ROTC squad last week by a margin of 1399-1361. The scores are based on the high five scores.

This Thursday afternoon will see the firing for the sixth army ROTC interscholastic indoor smallbore rifle match.

## 2 Publications Go On Sale

Curiosity aroused by posters announcing not one but two new Artpresses will be satisfied January 29, when current issues of the Literary Artpress and the Graphic Artpress go on sale simultaneously on the second floor of Showalter.

The two are now completely independent publications sponsored respectively by the art department and the English department but will continue to cooperate closely according to the faculty editors, Robert Hanrahan and Vaughn Albertson.

Both magazines will be conspicuously displayed all day at a price of 15 cents for the Graphic Artpress and 25 cents for the Literary Artpress. Later, as long as they last, copies may be obtained at the college bookstore at the same prices. Proceeds will go to defray in-

cidental costs of distribution and promotion.

The Graphic Artpress promises an interesting new format and reproductions of outstanding student work produced in the art department during the six months that have elapsed since the last issue of the old combined Artpress last spring. The Literary Artpress, continuing a policy inaugurated this fall, will contain contributions by several off-campus poets as well as both verse and prose fiction by EWCE students.

### RED CROSS REP DUE

J. S. Clawson, representative from the American Red Cross, will be on campus February 5, to interview candidates interested in working with the Red Cross, Ramond M. Giles, director of placement, said.

## EW-Whitworth IKs To Co-Sponsor Mixer

Eastern's chapter of Intercollegiate Knights announced that following the Eastern-Whitworth basketball game, January 2, they, in cooperation with the Whitworth chapter of the IK's, will hold a mixer in the Bali lounge from 9:30 to 12:30. The Stompers will play.

The joint effort on the part of the two groups is to promote spirit, cooperation and a better understanding between the two schools, according to Ray Raschko, president.

The annual March of Dimes tape will be passed at the game.

## Faculty Pics Set For Kinnickinick

Eastern faculty members will have their pictures taken for the Kinnickinick beginning tonight at 7 p. m. in The Easterner office in the student union building, Ron Wolfe, editor, said.

There will be an hour between pictures for each instructional division beginning tonight with the division of education, psychology and philosophy and followed by the division of fine and applied arts.

Members of the history and social studies division will have their pictures taken on January 29 at 7 p. m. The division of music will follow immediately.

Those in the division of languages and literature will have their pictures taken February 1 at 7 p. m., and following will be the military science and tactics division.

Members of the science division will have their pictures taken February 2 at 7 p. m. The campus school division will follow at 8 p. m.

Finally, on February 3 at 7 p. m., the picture taking of the division of health, physical education and recreation will complete the faculty pictures.

### HANRAHAN EXHIBITS

The paintings of Robert Hanrahan, EWCE assistant professor of art, are currently on exhibit at Holy Names college, Spokane.

## Big Carnival To Highlight Dad's Day

Eastern's annual Dad's day will be held Saturday, February 6.

Brought into the winter quarter for the first time this year, the occasion honoring Dads of Eastern students will be held in conjunction with the annual AMS-AWS-sponsored carnival, Roy Clayton, Ben Glassley and Patty Lane, co-chairmen for publicity, announced.

This is expected to be the biggest celebration yet, the publicity chairmen said, with the day-long Dad's day being climaxed by the carnival which will follow the Eastern-Pacific Lutheran university basketball game that night.

Spurs will register Dads as they come on to the campus. There will be prizes for the Dad who travels farthest, for the oldest and youngest Dads. A special noon banquet in the student union is also planned.

There will be tours of all living halls and of the campus during the afternoon.

Theme of this year's carnival is "Tomorrowland," Clayton, Glassley and Miss Lane said.

The space-age inspired booths sponsored by almost all campus organizations, including dorms, will compete for an award based on the best interpretation of the theme.

There will be everything from cakewalks to kissing booths and jalls, baseball throws, and lots of food. Three door prizes will be awarded.

Background music and announcements will be furnished by Clemens Mayberry.

### IK Book Exchange Called 'Largest Ever'

The largest book exchange ever held by the IK's was completed recently with a total of 450 books handled and with more than \$1400 passing through the club's hands.

The project was headed by Jerry Littlemore and Bill Dick.

Another book sale sponsored by the IK's will be held at the beginning of next quarter. This activity enables students to get a higher price for used books, Littlemore said.

# DUAL FILTER DOES IT!

It filters as  
no single filter can  
for mild, full flavor!

HERE'S HOW THE DUAL FILTER DOES IT:

1. It combines a unique inner filter of ACTIVATED CHARCOAL...definitely proved to make the smoke of a cigarette mild and smooth...
2. with an efficient pure white outer filter. Together they bring you the real thing in mildness and fine tobacco taste!
