Candidates For ASB President

LARRY LEEL
Office: ASB President

I am running for this office because I believe that our student government needs some new direction in order to be able to fulfill its responsibility to the student body. In the past, we have had some problems with lack of leadership and organization, which I believe can be corrected if the slate is present with a new approach.

My Platform: To continue and expand the activities of the present administration and to introduce new ideas and plans which I believe can be effective, or value to the student and his college.

My Background: I have been involved in activities related to student government for three years, serving in various capacities and positions, and have gained a wealth of experience and knowledge which I believe will enable me to fulfill the responsibilities of this office.

Last week in this column appeared excerpts from a declaration that was formulated and signed by many students last summer at the 12th National Student Association congress at the University of Illinois in Champaign-Urbana, Illinois. Some readers considered this to be an infestation of persons other than students (i.e., faculty, legislators and alumni). This was what it was meant to be; however, following are further excerpts directed at the student:

"We are concerned about the vast number of students who enter the university to earn a dollar diploma, a $15,000 a year position, three weeks vacation, early retirement, and a flannel suit; and who leave with the same commitment, never having been moved by the cries of social causes, political life, society, and even humanity.

... about the magna cum laude graduate who says, 'I didn't question my teachers; I told them what they wanted to hear.'... about the course picker who chooses his three hours not for their intellectual content, but for their service as an easy step to a degree.

... that the term papers which yields nothing but good grades at a sleeping; and the test, adeptness at coin-tossing or pronouncing hurriedly between classes.

... about students' greater interest in beer parties than in the lack of social and intellectual communication with foreign students on our campuses. We are concerned about the vast number of students who enter the university to earn a dollar diploma, a $15,000 a year position, three weeks vacation, early retirement, and a flannel suit; and who leave with the same commitment, never having been moved by the cries of social causes, political life, society, and even humanity.

Candidates For ASB Secretary

PHYL SIEERRA
Office: ASB Secretary
I am running for this office because I am interested in student government and am also confident that I can do a good job.
My Platform: My qualifications: Can take shorthand, can type, as I have made by living at this sort of work.
(Signed) Phyl Sierra

IRENE SHERWOOD
Office: ASB Secretary
I am running for this office because from participating in student government for the past two years, I have become very interested in becoming an ASB officer to help organize and carry out activities that students really want. Since my major is business education, I feel qualified to fulfill the position as ASB secretary, along with my background in student government and organizations.
My Platform: My main objective is to help bring the commuter and on-campus students closer together rather than widening the line between them. I believe more commuter representatives on standing committees would help bring this about.
Qualifications: Associated Women Students secretary, Louise Anderson Hall vice-president; SPUR adviser; sophomore class treasurer; ASB finance committee, 2 years; delegate to ASB leadership conference last spring; ASB council, freshman year; OG Guide; former Tawanka, vice-president and secretary; SNEA, secretary, social chairman; can take shorthand, type, etc., and have worked as a secretary for three years on-campus.

New cigarette paper "air-softens" every puff!

Now even the paper adds to Salem's springtime freshness!

An important breakthrough in Salem's research laboratories brings you this special New Porosity paper which breathes new freshness into the flavor. Each puff on a Salem draws just enough fresh air in through the paper to make the smoke taste even softer, fresher, more flavorful. If you've enjoyed Salem's springtime freshness before, you'll love even more please now. Smoke refreshes, smoke Salem!

- menthol fresh • rich tobacco taste • modern filter, too

Salem refreshes your taste
1. I am running for this office because I feel that my experience in student government in high school and here at Eastern qualifies me to represent the student body in their government. I have a genuine interest in the welfare and services rendered to each and every student at Eastern.

My Platform: 1. A program which will give the commuter student an amount of student services which will be proportionate to its number of members and prevailing circumstances.

2. The appointment of members to the finance committee who are proficient in the problems of business and accounting.

3. A periodical edition of a report to the student body concerning the distribution of their funds. Information published concerning the past policies and precedents of the finance committee, and material pertaining to the acquisition of funds.

I am not seeking the endorsement of any living group or organization as an entire body, but merely the consideration of the students as individuals. A candidate is not qualified for an office just because he has been nominated by a particular living group, but he must be judged by his own merits.

BILf DICK
Office: Treasurer
I am running for this office because I feel that my experience in student government as the chairman of the finance and activities of our Associated Student Body. It is my desire to take an active part in the development and promotion of our student government, to better serve the students of Eastern Washington college.

My Platform: Serving as an intermediary between the business office and the Associated Student Body is one of the main functions of the office of treasurer. The treasurer is the chairman of the finance committee and has the responsibility of organizing the budget for each school year. As a member of the executive council of the ASB, the treasurer takes an active role in all business brought before the council. The office of treasurer, therefore, has many responsibilities, not only to the personal, but to the students as their representative. As treasurer I will work to my greatest capacity to fulfill the responsibilities I will be accepting.

College May Get Lake Property

Dr. Don S. Patterson, EWC president, informed the ASB that there is a possibility Eastern may be granted lakefront property on Badger lake, and though there is little idea of a state allocation to develop this land, ASB funds might be possible if federal property were to be developed.

If this land, which is now federal property, were to be developed, Eastern could use it for student council and organization retreats and meetings and for the training of camp counselors.

Members of the student council, along with M. L. Sun- beck, director of Eastern's physical plant, are going to examine this heavily wooded property and report back to the council.

Other business discussed by the council resulted in the appointment of Garth Wheeler as editor of the "Savage Pathfinder," and the installation of Paul Barton to replace a retiring member of the election committee.

16 Eastern Students Take Part in Internships

A series of internships in labor-management relations, sponsored jointly by the Spokane area Citizenship Clearing House and selected businesses and labor organizations, began February 2.

Three Spokane area colleges, Eastern, Gonzaga university and Whitworth college are cooperating in what is believed to be the first such interning, Dr. H. Kenneth Hossom, EWCE associate professor of political science and secretary-treasurer of the Citizenship Clearing House, said.

Labor organizations taking part in the internships are Spokane Central Labor Council, Building Trades Council, Transport's and Chauffeur's Union and Warehousemen and Garage and Service Station Employees Union.

"Purpose of the internships is to provide students with factual information concerning the economics of labor as well as the process of labor and management relations," Dr. Hossom said.

Students will spend three hours each week at the cooperating organization. At each of the colleges, a weekly seminar will be held to have students share their internship experiences and for the faculty to assist the interns in studies that will support topics scheduled by the cooperating business and labor organizations, Dr. Hossom said.

Sixteen EWCE students have been named to the program by Dr. Robert P. Bender, chairman of the college's business department, and Dr. Hossom.

Other EWCE students in the internship program include Neil L. Callahan, Gregory F. Smith, Terry R. Evans, Walter M. Hartman, Jerry L. Maley, John C. Sprenger, Darrell E. Varnier and Gerald L. Lesh.

The Western Washington college basketball team finally unleashed some of the hustle that has been a problem all year, as they took a southerner to Western Washington, 60-54, and now are scheduled to face the Pacific Lutes in Everett on Friday night.

On Saturday, the Savages played their best game of the season in defeating the Lutes before a fine Dad's day crowd.

Eastern jumped off to a bad start as the Savages were not able to catch up until two minutes before the half of the game. With five seconds remaining in regular play, Eastern added a 68-66 margin, but Bill Williams scored on a lay-up at the buzzer.

PLU came back strong, and the lead was never back and forth for the last 10 minutes of the game. With five seconds remaining in regular play, Eastern added a 68-66 margin, but Williams scored on a lay-up at the buzzer.

Sutphin, a freshman from Sunnyside, and Al Keeler scored all 40 points, as they picked 40 points between them. However, it would be impossible to pick out any one player for special recognition, as it was a real fine team effort.

In Friday night's game, big Ron Crowe of Western hit 27 points, most of them coming in the second half, to pace the Western offense.

Eastern again was able to jump to an early lead, but Fred Peterson and Dave Danielson, hitting with deadly consistency, led a 17-2 lead after six minutes of play.

However, the Savages hit a cold spell, and Western went ahead just before the half, 28-24. Doug Creasy, a buck­

Candidates For ASB Vice President

RAYMOND RASHCKO
Office: Vice President
I am running for this office because I feel that my back­ground and experience in IWCE and other organizations makes me well qualified for the office because the governmental structure of the IWCE and the ASB are identical. I would also do my best to raise the status of Eastern in all ways.

My Platform: Is to help the students of IWCE by:
1) Constitutional revisions which will bring committees under the supervision of the vice president. This will release the president to a large extent, and also allow him to assume the responsibilities more beneficially of his office.
2) Writing up complete job descriptions for each ASB committee, thus delineating their sphere of authority and making them more efficient.
3) Monthly meetings with all committee chairman at which time written, reports-filled out on a form mimeographed by the vice president-will be required of all committees.
4) Making sure the students are well-informed on all student government and administrative activities.
I am asking for student's support as individuals, because I believe that a person can serve the students of Eastern Washing­ton College best if his identification with the student body as a whole is stronger than any group affiliations he may have.

(Signed) Raymond Rashko

EDWARD C. RISHER
Office: Vice President
I am running for this office because I am interested in student government. There are many reforms that have come up in my dorm that I, as an ASB representative, have not been able to get on. I feel that this office will help or be means to an end towards better student government. I would, also, like to create a greater participation among the students to install the feeling of "of the students, for the students." My Platform: Incorporate, mainly for finance reasons, investigate five meal tickets for college suit-case students. Better the faculty-student rela­tions through the student-faculty committees. Install bet­ter and smoother running committees by hand selection. Work toward a smoother and better functioning student council. Partial refund for meals not eaten in the cafeteria.

Dave's Day And Carnival Called 'Most Successful'

This year's Dave's day and carnival have gone down in his­tory as perhaps the most suc­cessful ever held at Eastern. Dads crowded Louise Anders­son dining hall Saturday noon for the annual luncheon. It was the largest crowd ever re­corded for the occasion.

Oto Lich was the dad who traveled the farthest, coming 285 miles from Kalamazoo, Mich. Oldest dad was Moreland Thompson, 78; the youngest dad was L. C. Summer, 39.

The Dance Club's Space Sta­tion booth was awarded the $5 first prize as the best decor­ated in the "Tomorrowland" theme.

Top money-makers were the Intercollegiate Knights with their Space Dog booth, where they sold out of hot dogs (90) and poured $4 quarts of soda pop. Garry hall's jail was the second money-maker.

Door prize winners included Pam Berg, who won the trans­istor radio; Roy Clayton, clock radio; Miss Alice Moe, Teddy bear, with coupon from last week's Easterner; Jim Jore­man and Howard Vaugel, Teddy bears, and Carol Ulery, puppet dog.

Best Barker award went to Gary Osvaly of the Bachelors club dunk tank.

Monroe hall's candidate, Jay Stowell, won the Ugly Man con­test.

Paul Hooper, Associated Men Students president, which co-sponsored the carnival with the Associated Women Stu­dents, said, "I would like to sincerely thank everyone who helped make this Dad's day and carnival the real success that it was.

"A special thanks goes to the committee heads who did a real fine job and deserve a lot of well-earned credit. Their effort is well appreciated by both the AWS and AMS."

Change Announced In Graduate Requirements

New requirements for the master of education degree at Eastern Washington College of Education are contained in a 1960 graduate study bulletin just released, Dr. Raymond P. Whitfield, EWCE director of graduate study, announced.

The former requirement of 48 quarter hours without the thesis has been dropped, Dr. Whitfield said.

Master degree candidates must now take 48 quarter hours of credit. The level of courses required and the credits counted toward majors have not been reduced, he said, but the number of elective hours allowed has been decreased.

"We are constantly stressing the importance of quality rather than mere quantity of the work done," Dr. Whitfield said.

The new requirements also provide for improved proceedings in selection of candidates, he said, starting with an improved testing program which all students must take before being admitted to study for the master degree.

Residence requirements for the degree have also been raised, Dr. Whitfield said. The former requirement of 36 quarter hours of credit, taken in residence by students with the bachelor degree awarded by EWCE, and 24 hours if the degree was adopted by the state board of education.

Now all master degree candidates must take 36 hours taken in residence at EWCE, he said.

The teaching certificate or fifth year program, required by the state, is undergoing modifications, Dr. Whitfield said. Graduate offerings at EWCE are being adjusted to meet new regulations as they are adopted by the state board of education.

Demons Set Talks On Candidates

Because of the spirited contest now being waged for the democratic presidential nomination, the EWCE Young Demo club is planning to hold a series of panels in which leading national candidates will be discussed and their qualifications, backgrounds, and chances for nomination analyzed, Michael K. Green, club vice president.

Each panel discussion will be followed by a period of open discussion from the audience.

First panel will be held on Thursday night, February 11st at 7:30 p.m. in the Capri room. Green and Guy Wallace will discuss the candidacies of Senators John Kennedy and Hubert Humphrey.

All student and faculty, regardless of party, are invited to attend, Green said.

GARTH WHEELER
Office: Activities Coordinator

Because I feel that more benefits can be obtained for all students from the fees they are now paying the ASR. My platform is designed with this in mind—each panel being aimed at a specific area.

My Platform: 1). Greater cooperation participation in campus life through the staging of informal dances in Spokane and increased activities on campus during the day.
2). More "real" bands and entertainers, through chain bookings with other colleges.laces and inter-college relations through social events.
3). Greater variety of campus entertainment, possible through increased subsidization of sponsoring organizations.
4). More school spirit, promoted through torchlight and inter-dorm rallies.
5). Increased cultural benefits through the scheduling of "classics" and outstanding foreign films at the theater and fewer, but better, conversation speakers.
6). I firmly believe that if any student running for this office because I feel that the activity is not as good as it could be, I also feel that in the past this office has been one of the most uncoordinated offices in the student government.

My Platform: To organize and coordinate the activities on campus for the enjoyment of the students, not to fill the vacant days.

JANET MORROW
Office: Activities Coordinator

I am running for this office because I feel that the position of activities co-ordinator is a very important one to the students of Eastern. I am acutely aware of the major role that activities play in the life of the students. Therefore, I feel I could best fulfill my obligations to the school and those enrolled in it by filling this position.

My Platform: As activities co-ordinator I would strive to promote a more active school spirit by planning and carrying out all activities in which the student body participates, such as dances and convocations and free days. To uphold the traditions of the school by promoting such things as Scarecrow and Homecoming, thus fostering a spirit of loyalty and helpfulness, is my aim. By representing the school by its activities, I would strive to arrange all and commuter student activities would be planned to co-ordinate the gap between the two groups.

This is not as good as it could be, because correspondence and Homecoming, which are of the school's importance to the students. Therefore, I would co-operate fully with the other officers in creating a student government that, by its very actions, would build and maintain the interest so vital to its successful operation.
