A READING FAIR was featured as a class project of Education 429, heading to the Elementary School, conducted the summer under the direction of Bernard King, assistant professor of education, and Alice McGrath, visiting summer faculty member, who are shown pointing out the features of a word game called "Reader" created by Mary Wood, a member of the class. In the upper picture of several of the class members are pictured with some of the projects which made up the fair.

Post-session Workshops Will Cover Wide Range of Subjects

Following close on the heels of the regular semester, the summer session at EWCE is the post-session, a two-week period of concentration in one of most two weeks, runs from July 6 through 12.

There are 13 courses offered during the post-session, six of which are workshops. Most of the courses run from 9 a.m. until 2 p.m. five days a week for the two weeks, minus appropriate breaks. A feature among the workshops are:

Workshops in art, conducted by Betty A. Doty and Robert D. Hamilton which will be given in two sessions, one devoted to visual arts and the other to graphic arts and sculpture, conducted by Dr. Donald E. Passarelli will provide some direct approaches for those planning to go into teaching. Analysis and philosophy of art and technology of the art field are two of the main topics covered.

Materials and techniques of biology as a tool and literature survey to assist teachers in the collection, preparation and identification of aquatic and terrestrial animals (e.g. butterflies), are taught by the biology department. This workshop will go on to the public, permitting their views on the problems of present day biology relations under direction of Dr. Herald H. Ham and William C. Boll.

Education in the kindergarten will survey the history, today, tomorrow, equipment and materials, and best practices for the education for the five-year-old directed by Margaret Allen.

The workshop in middle school curriculum will be led by Bernard King and C. D. Roberts, it offers both elementary and secondary school teachers an opportunity to do intensive work on selected problem related to the curriculum and teaching techniques.

The handwriting equipment workshop will cover the topics of the selection, evaluation and evaluation of handwriting equipment. It is directed by Fred C. Thompson.

The recreational handcrafts workshop directed by Kenneth R. Chubb, a project in 30 days to work in his interest areas and also in areas of wood carving, water sports equipment, metal working and archery building.

The music education workshop under the direction of Harold Van der Linden, a music education, is designed to 1st order with various music teachers to the newer techniques for teaching the practical aspects of music education.

P.E. in the elementary school workshop will discuss personal methods, development and evaluation techniques for conducting the elementary school P.E. program through activity teams, supervision of H.T. C., and of the state department of public instruction is the instructor.

Workshops in youth problems will give an intensive review of critical problems of youth with emphasis given to the role played by the family, the peer group, the school and community. John C. Fox will conduct this workshop.

Miss Alice Mac dale is in charge of the workshop in specific arts with special interest in the field of music and drama with emphasis on drama and music. Specific areas, both the secondary and elementary school levels will be the main topics covered.

The aim of this workshop is to develop techniques which will not only teach the subject but also in the elementary and secondary school levels.

The aim of this workshop is to develop techniques which will not only teach the subject but also make the student an effective teacher.
Schadegger Attends Seattle Conference

Travels a Schadegger chairman of the geography department at EWU was a delegate to the recent annual meeting of the American Institute of Planning held on Monday in Seattle. Schadegger is also chairman of the Spokane county planning commission and a president of the Island Empire Planning organization.

Two other EWSC professors also attended the meeting. They are Clifford F. Kalsa, assistant professor of geography and C. V. Based, in charge of geophysics in surgery.

Among the most programmatic courses planned were those on transportation, community and resources planning.

Swimming Pool Has Graduation Rite

The EWSC swimming pool was the scene of the summer session win which at 2 p.m. on Friday, July 3, there will be a short graduation ceremony for more than 100 graduates.

Library to Close After Post-Session

The Haggenmiller library on campus will be closed for one week at the end of the post- session on Aug. 30. The library staff reported this week that the closing dates will be Aug. 15 to Aug. 23. From Aug. 16 through Sept. 29 the building will be open for one week at the end of the post-session.

Buffet Dinner Set

The campus dining area will be open from 1 to 5 p.m. Monday through Thursday. A regular buffet-style meal will be open from 5:30 p.m. until 7 p.m. Monday through Thursday.

OUTDOOR CLASSES are wonderful during extreme heat, but sometimes the walls of sticky white clouds drifting by and block the view; it is just too much for a fellow. This view of a speech class conducted by Miss Alice Neve speaks for itself.

GRADUATES MEET FOR REHEARSAL

Students returning from A or BS M degrees will be met at 3 a.m. in front of the Music building on Friday, July 3. There will be a short rehearsal.

WANT A CATS?

Students returning from A or BS M degrees should be present for the Music building by 7:20. Don't forget to get your caps and gowns at the book store before Friday.

Wants Cats?

Donald King Smith, assistant professor of geology and theatre, and his family will soon be leaving for Bedford college, Bedford, England. They have four cats that need a home for a year. Would anyone interested in taking care of one or more of Mr. King's cats be so kind as to contact him at the college or at home. His telephone number is 266-6656, and his address is 265 F. Street, Chet- ney. He will pay the feed bill.

Demonstrate Mock Oral

The graduate student club held mock orals at their last meeting. These are held to acquaint the graduate student with general procedure of oral, one of the requirements for a master degree.

Mrs. Bonnie Herl is the graduate student who presented a paper on her research. Dr. G. E. O. E. B. has the title of the paper as "Why the Gifted Child Needs Art." He was scheduled to present his paper at the opening day of the conference, April 20, 1960.

Grad Students Rank High in Testing

The results of standardized tests of 60 EWSC graduates for masters degrees in education show that the trend toward concentrating in secondary problems is growing.

The test cover history, philosophy, sociology, psychology of learning and education.

A measure of the scores was above the national average, but one third of the EWSC students were in the upper half of the test scores which are based on national norms for first-year graduate candidates who have taken the EWSC course.

Summer Students

As Radcliffe Co. invite you to make your garage your headquarters for all your automobile needs.

Our expert shop personnel are ready to serve you.

Our Park dept. is always well stocked with Bearne Ford parts and accessories.

Come in and take a test drive in the "World's most beautifully proportioned Car" The "59 Ford." We look over our excellent stock of Used Cars. Many of them low mileage, one owner cars.

We will be looking forward to meeting you.

SILK ROCKS—Predicted are several times of heavy rainfall by summer members of thefaculty class in the U.A. depart- 14ment of Exterior is a bea- of large, slate gray stone, next are piles of new slate rocks. Just below the large pile of new slate are piles of slate dust. A silver ring with polished stone is to be seen.

Five Post-Session Classes are Closed

As of Tuesday of this week, the following special classes were closed: 14th, 15th, 16th, 17th, and 18th.

CORRECTION

History 393, Washington State History and Government, given by Dr. Edgar Stewart, will meet on Tuesday at 8 a.m. until 10 a.m. in the Whitten Hall Room 217 and not from 9 o'clock to 10 o'clock in the morning at the University of Kansas.

Many persons who read these notices are unhappy in their own business and require guidance. Many persons are unhappy because of the depression that is prevailing in our country. The depression, after two years of living, is making a living. The depression of 1929 is a new depression, and there are signs that it is interesting to many.

There is little encouragement in the work of the teachers of the University of Kansas. Many persons are in the teaching profession. The depression is not a new depression, but a new depression, and it is interesting to many.

Meaningful Methods of Arithmetic

Taught Here by Visiting Authority

Miss Unkel, a professor of arithmetic at the University of California at Berkeley, was graduated from the University of Washington, and a master of science in mathematics at the University of California. Miss Unkel, a member of the National Council of Teachers of Mathematics, is the author of several books on mathematics.
