Leadership Representatives Consider Eastern's Problems

From Football to Flappers... Dads to Be Honored Saturday

Night In Nevada

By Jan Glear

From Football to Flappers, dad will be busy Saturday, if he attends the annual AMS-AWS dance at 6 p.m. at Eastern.

Night In Nevada

By Jan Glear

Have you ever had the urge to "break the bank" in Las Vegas? If you can't drop little things (like midterms) and go to Nevada, you have one chance this year to try your luck. November 10 is the date for one of the most gala nights of the year. "Night in Nevada" is a bevy of glittering rooms and the Ball lounge from 6 p.m. to midnight.

The sponsors of the event, A.W.S., chose the theme of "The Flaming 20's." (girls get out your flapper costumes) with fabulous decorations direct from Harold's Club, Golden Nugget, and others, furnished by the Las Vegas Chamber of Commerce.

Pristes and mock gambling will be in the Terrace rooms from 6 to 9 p.m. Games included are roulette, blackjack, poker, and bingo. An auction is also on the entertainment list.

True to the theme, there will be a floor show complete with chorus line to add color and atmosphere to the occasion. A DJ record dance will conclude the evening in the Ball lounge from 9 p.m. to midnight.

Due to the scarcity of flapper costumes, you are not compelled.

War Etchings

SUB Display

An exhibit of 16 etchings on "The Grand Miseries of War" by Jacques Callot opened a month-long showing at Eastern last quarter.

The etchings are being exhibited in the Student Union building.

Former Actress, Congresswoman Presents Excused Con Tomorrow

Helen Gahagan Douglas, former actress and Congresswoman from California, will speak on "The Alliance for Progress" at Eastern Thursday (Nov. 8) morning.

Her talk at 10:30 a.m. in Showalter Auditorium is an excused absence for students.

Though she now makes New York her headquarters, Mrs. Douglas travels widely both in this country and abroad and keeps a finger on the pulse of vital issues, especially those in foreign affairs and public welfare.

During the summer of 1962 she visited the overseas United States delegation to the South American countries participating in President Kennedy's "Alliance for Progress" program. She has also visited recently in Europe and the Middle East, and during World War II lived for a time in India.

While many opera lovers and movie fans remember her performances on stage and screen, Mrs. Douglas is most widely known today for her achievements as the representative of California's 14th Congressional District. In 1944 she was elected to the House of Representatives from the 14th District and served in the 80th, 81st and 82nd Congresses.

Since her retirement from the Washington scene, Mrs. Douglas served one term in the U.S. Delegation to the United Nations and has written and lectured widely on public issues.

Monday Off!

No classes will meet Monday, Nov. 12, in observance of Veterans' Day, which falls on Sunday.

Students are our business. Their activities, their problems, their ideas, their concerns.

McCallum is one of the publishers of the Easterner, and because the staff is composed of students, we felt this fact was obvious.

The Easterner, as every issue states, is published by the Associated Students. This is the government of Eastern consisting of all enrolled students. It is funded by the budgets from the student body and by contributions from the faculty, the office of the Easterner is located in the Student Union Building.

One of the responsibilities of the Associated Students is in the selection of editors. From the applications submitted, the communications committee of the council selects the editor.

From the first day of the quarter the editor accepts the responsibility of being sole judge of what is to appear on the paper. He accepts the duty of producing a paper each week and of answering for anything objectionable which might appear. He is subject to the laws of the state and the laws of the university. He has chosen these men and women to represent him and to speak for him, and as a student, you are the readers of the paper.

One individual, who must believe that time means nothing and that anything can be accomplished, suggested that the paper be broadcast. Of course, if you have never attended one of the weekly sessions, which are open to the student body, you would be of the opinion that you might not have the vaguest idea as to what goes on. But here is your chance.

Let's urge the council to act in favor of this proposal, forget what the students think and broadcast this week's meeting. One thing is for sure, the student body will be interested. This they should be able to do under all conditions. They have chosen these men and women to represent them and to speak for them. This is the concern of the student government.

What to print is a decision easily made—what is the concern of the students? The Easterner feels everything is the concern of students.

If the students are not interested in listening to such a "live" broadcast, fine. But, I think that any and every student would find it much easier if they knew that the session was being "aired" to the public.

If the students are not interested in listening to such a "live" broadcast, fine. But, I think that any and every student would find it much easier if they knew that the session was being "aired" to the public.

With the insertion of social morality, we take into consideration the typical Eastern student. "Let's Washu, Limbo, mash potato, and the real McCoy (up and over and over)."

This is the Eastern mixer. What is the idea of a dance if it is not the first place? We are sure both parties want to get acquainted with each other and with their bodies at each other at ten paces. The teen-ager dance should have been left in high school. We pride ourselves upon being civilized, but how can we be civilized if we don't know the primitive?

One undersigned, feels that there should be a change, away from high school. Does anyone have any suggestions or opinions? We would like to hear what you think about this topic. How can it be solved or can it be solved? Upperclassmen, you are out of high school.

Dear Editor,

American football has been in a dilemma between tradition and logic when football is concerned. This situation is not new; in fact, it has been going on for years. Many schools have obtained national recognition in football. Gonzaga University, for example, has obtained national recognition in basketball. Many things student government can do is to appropriate enough to grant a scholarship to a football player. Football, perhaps, has lost its heritage. Perhaps it is becoming just another sport with no more significance than any other sport played. Today, the game which was once played for enjoyment is being played for money. The business world won't have been unable to accept the responsibilities placed upon them by marriage while attending college and not suffer any great marital or scholastic failures.

No, I don't think the average Eastern student should get married because the average student at Eastern is like the average junior at Lewis and Clark—limpduck and lacking in wisdom. The average student lacks the responsibility and doesn't realize the many problems of married life. However, there are some students who possess the qualities the average student doesn't. These students would probably get higher grades if they didn't get married.

Tom Paddock (married student)

It depends on the individual. Some students, whether they're in school or not, aren't mature enough to get married. The fallacy that "Two can live as cheaply as one doesn't hold true at all—especially if one of the individuals is a student. Education and marriage both pose problems and to be married is like the unification of the system will gradually tend to cause friction between man and wife.

Bobbie Miller

No students between ages of 18 to 22 usually are not willing enough to accept the responsibility of a longer marriage. If the student marriage is not controlled by the alumni, the faculty, the administration or any great marital or scholastic failures.

Cynthia Happeny

If there is something that is proper marriage is not mature enough to accept the responsibilities placed upon them by marriage while attending college and not suffer any great marital or scholastic failures.

Penny LaFon

Do they mix? This problem has plagued students ages. The question for this week is "Do you think they should mix?" I think that the students should mix because the average student at Eastern is like the average junior at Lewis and Clark—limpduck and lacking in wisdom. The average student lacks the responsibility and doesn't realize the many problems of married life. However, there are some students who possess the qualities the average student doesn't. Colorado Students Join Newspaper Condemnation

BOULDER, Colo. (CP)—The "Committee of 500" formed to attempt to reverse the firing of the editor of the Colorado Daily got one more victory Friday, as a campus-wide referendum at the University of Colorado voted (2,000-900) to uphold the university president in overruling student demands to fire Althen.

The referendum was scheduled by the Associated Students and government after CU President Quigg fired Althen for "a pattern of editorial irresponsibility." Althen had published a series of articles condemning Son Barry Goldwater's stand on foreign aid and foreign policy.

The editor came under fire this week by Colorado Republicans and several newspapers.

Newton was fired because the paper had been charging that the editor had been consistently irresponsible in printing strong attacks on politicians, and that he had fired Althen "in the best interests of the University." Colorado sources said that Newton appeared to have won over a large number of students with his address.

Retreat

"This is what is demanded of our students union is too crowded to adequately serve the campus. The advantages of renting the Idle or building an entirely new existing display room is being made. KFWC and the Easterner will be presented with ideas for improvement. Among numerous other things it was brought up that... faculty and students should be urged to send letters to the editors..." The quality in both areas should be upgraded to a higher college level.

Carolyn Stanford
Magnificent Mezzo

Carolyn Stanford, celebrated mezzo-soprano, is all her world-wide critics say she is—and more. With her lovely voice, facial expressions which mirrored the fact that she gave her all to each song, and even the least movement of her gracious hands, she captivated the audience Thursday evening in Shoemaker hall.

With true dramatic ability, she saved the part of her program where she shone like a star until the last. She has a voice of rare natural beauty and lived closely with the American spirituals and folk songs. Gerhard never had it so good. Because she gave those songs an air of authenticity, it became a privilege to listen to her.

The singer possesses natural gifts of untold potentiality, and her stage manner was exceptionally impressive.

The four German lieder which comprised the second part of the program were sung with grace and dignity. Very few artists can get away with leaning on a piano while they perform, but this action became an integral part of the performance. It seemed as though she had a delightful secret to share with her listeners. In the last leieder, she asked if she should wake her lover. "Ah, no."

Miss Stanford gave an aria from Saint-Saens' Samson and Dalilah magnificent proportions with her voice being the powerful voice. She was in complete authority of her own voice and of the eyes and ears of the listener. Realizing with her audience, which nearly brought the house down with their applause, that American folk songs and spirituals were made for her.

Costume Mixer
Friday Night

Dogpatch dress and Marryin'
Sam are coming to Eastern. Gar-
ry Hall is sponsoring a girl's choice
dance and movie. Friday night,
November 9. The mixer is to
be a complete affair, with prize
sgoing to the best costumed
group that is entered.

The selection of silent movies
will be shown at 7 p.m. in Bali
lounge. The Sadie Hawkins
dance will begin at 9 p.m. with
music by the Skylarks. A photog-
rapher will be present to immortalize
the occasion, for a price.

ASC Recognizes 3 Planning Committees at Last Meeting

Three committees were adopted at Thursday evening's Associ-
ated Students council meeting.
The first will work to schedule
"expression sessions" in the Is-
land Harbor. At these sessions
students will indicate who wishes to
attend on any phase of college life
and problems related.
This is still in the planning
stage, but when completed and
these sessions are inaugurated
they should give interested stu-
dents and faculty a chance to
take suggestions for improve-
ments on questions that may
arise.
Another committee that will be
recognized will consider the pos-
sibilities of a freshmen-sophomore
program.
A student-faculty committee
will examine the problems in the
various departments on campus.
Probably this should, for the
present, be labeled a committee to
improve, or suggest ways of improve-
ments, to the department.
Also it was announced that:
1. Interested students are need-
ed to serve on a committee to
check into the issuance of com-
plimentary activity passes.
2. Don Dressel and Dick Pit-
man were appointed to the Board
of Council.
3. KEWC is owned and oper-
ated by the students, and Lea
Raschko, station manager, urged
them to utilize it.

Second Try Fails; WWSC Downs EWSC

Western Washington defeated Eastern Washington for the second time this year, scoring in the first and third quarters for a 13-6 Evergreen conference football victory Saturday.

Ken Fry ran 28 yards for a touchdown only a minute after the opening kickoff. Fry had intercepted Lee Grichuhin's pass on the EWSC 40-yard line a few plays earlier. Ron Roe's extra point kick gave the Vikings all the points they needed to win.

Western scored again in the third quarter when Terry Parkes passed to Gary More for 34 yards. Eastern passed for 299 yards on the opening play in 49 tries, the Savages' best offensive display of the season.

Daryle Henjum blasted over from the one to give Eastern its only touchdown. The Vikings had a slight statistical edge, gaining 382 yards to 372 for the Savages, although both teams had 15 first downs.

Western passed effectively, throwing only 14 times for eight completions but netting 198 yards and a touchdown. Roe gained 95 yards rushing to pace the Viking ground game which was good for 180 yards.

Attention Wrestlers

All men who are interested in turning out for wrestling this year are invited to attend the first meeting of the wrestling team today. It will be held in FH 205 at 3:30.

POCKET KING SIZE

For Saturday

Eastern Washington plays its final home game of the 1962 season against Whitworth Saturday. Kickoff time is 1:30 p.m.

A Whitworth victory would give the Pirates at least a tie for the Evergreen conference championship. Whitworth is tied for first with the Puget Sound Loggers, who play their last league game against an improved Pacific Lutheran team. UPS beat the Lutes 10-7 earlier this year.

Whitworth defeated Eastern 13-6 early in the season.

The Pirates have improved since that game. After losses in their first two games they bounced back to win five straight.

Saturday's game is the season finale for Whitworth.

Eastern will attempt to salvage something from an unsuccessful season. The Savages have improved their offense since the first Pirate game, but the Eastern defense faces a stern test against Whitworth.

SUB Bowling Alley Opens

If you have been hearing a thunderous roar while peacefully sipping your coffee lately, don't be alarmed; it's only the start of another social season.

Unfortunately you won't be able to take your frustrations by sightseeing in on the pin boy. He's been replaced by an automatic pin setter. Opened last week, the alley will be open from 8 a.m. to 10 p.m.

Those interested in league tournaments should notify their dorm social chairmen or the ROTC. Tournaments should notify their dorm social chairmen or the ROTC.

Rifle Range Schedule

The Boy Scouts and the Junior Rifle team will be firing on the Woche-King's range in the ROTC building. Tuesdays at 4:30 the Junior Rifle team, consisting of boys and girls between the ages of 12 and 18, will be firing. The Boy Scouts will shoot on Thursdays at 7 p.m. The ROTC Rifle team will use the range daily from 1 to 4:45 p.m. and on Tuesday and Wednesday nights at 6:30.

Sports Clinic Set Saturday

A clinic on sports medicine and athletic training will convene at 8 p.m. Saturday.

The four-hour session, sponsored by the division of health, physical education and recreation, will be held in the Turnervin club, will be of special interest to P.E. majors and minors, a spokesman for the groups said.

For Saturday

Eastern Washington plays its final home game of the 1962 season against Whitworth Saturday. Kickoff time is 1:30 p.m.

A Whitworth victory would give the Pirates at least a tie for the Evergreen conference championship. Whitworth is tied for first with the Puget Sound Loggers, who play their last league game against an improved Pacific Lutheran team. UPS beat the Lutes 10-7 earlier this year.

Whitworth defeated Eastern 13-6 early in the season.

The Pirates have improved since that game. After losses in their first two games they bounced back to win five straight.

Saturday's game is the season finale for Whitworth.

Eastern will attempt to salvage something from an unsuccessful season. The Savages have improved their offense since the first Pirate game, but the Eastern defense faces a stern test against Whitworth.

SUB Bowling Alley Opens

If you have been hearing a thunderous roar while peacefully sipping your coffee lately, don't be alarmed; it's only the start of another social season.

Unfortunately you won't be able to take your frustrations by sightseeing in on the pin boy. He's been replaced by an automatic pin setter. Opened last week, the alley will be open from 8 a.m. to 10 p.m.

Those interested in league tournaments should notify their dorm social chairmen or the ROTC. Tournaments should notify their dorm social chairmen or the ROTC.

Rifle Range Schedule

The Boy Scouts and the Junior Rifle team will be firing on the Woche-King's range in the ROTC building. Tuesdays at 4:30 the Junior Rifle team, consisting of boys and girls between the ages of 12 and 18, will be firing. The Boy Scouts will shoot on Thursdays at 7 p.m. The ROTC Rifle team will use the range daily from 1 to 4:45 p.m. and on Tuesday and Wednesday nights at 6:30.
WRA Group Sets Busy Schedule

Modern Dance and Women's Gymnastics, two recently created organizations of the Women's Recreation association, are well on the road toward a full schedule of activities.

Recently officers were elected for the two groups. Captain of the gymnastics' team is Shirley Seutsch and co-captain is Sue Aldrich. The modern dance group selected Glenna Rogers as president and Shirley Mossey as secretary.

The groups have already conducted a dance and gymnastics workshop for 100 Spokane Girl Scouts. The participants had the opportunity of showing their skills and teaching the enthusiastic high school girls of the area.

Future plans for the gymnasts include attending several gymastics meets and also holding a meet here at Eastern for some of the high schools in the area.

The modern dancers will attend a workshop at Central Washington State college to assist high school teachers in establishing dance programs in their schools. There is also a possibility of a concert exchange program with the dancers from Central.

"Time Out" by Leon Gurney

First of all I must apologize to the gridiron heroes of Hudson Hall. Last week I left them out of the column when in fact they should have been the first to be mentioned. So I shall put them back in now, heading the intramural football competition with six wins and no losses. Sorry, gentlemen.

Horsehoe Mixed

The horseshoe competition is going strong but at the present time it is mixed up as far as who's ahead of whom. There has been a great many forfeited and rescheduled games, and rather than try and tell you how things are going and get you all mixed up, I shall wait one week and then have them all in order.

Intramural Swim

The intramural swimming meet, held last Friday afternoon, saw a very enthusiastic turnout. Everything went very smoothly thanks to the splendid direction of Mr. Steve Stratton and the girls who volunteered to check the times. The meet was won by Ester's swimming team, who took first, second, and third places in each event. Unfortunately, they were all disqualified because they happened to be turning out for varsity swimming. Such a waste of talent. Second place, or first intramural, was taken by ROTC with Hudson coming in second. The times for the events were: 25 yard freestyle—11.8 won by Mullan of ROTC, 25 yard backstroke—16.5 tied by Kuehn of Hudson and Bonnie of Sutton, 25 yard breaststroke—19.2 won by Corder of Hudson, 25 yard butterfly—14.6 won by Griffith of ROTC, 50 yard freestyle—14.6 won by Mullan of ROTC, 50 yard backstroke—42.6 won by Wirtman of Sutton, 50 yard breaststroke—43.2 won by Corder of Hudson, 50 yard butterfly—42.2 won by Griffith of ROTC, 100 yard medley relay—1:05 won by ROTC, 100 yard relay—1:34 won by Off Campus, and the 300 yard freestyle won by Off Campus for which I have no time.

How do you persuade a reluctant youngster that music is not "for sissies?" College teachers of the West, Alaska and Hawaii do so with the help of our Standard School Broadcast, which, by dramatizing music from symphony to jazz, adds a colorful dimension to learning.

Gary and 2 1/2 million other boys and girls hear this weekly radio program in their classrooms. Has it inspired in Gary a zest for the violin? Honestly, no. But he now thinks the trombone is "swell," and plays it with vigor. His parents credit this new interest to the classroom music. Who knows how many children have discovered an exciting new world through this public service program? It has just started its 35th consecutive year, so we have served quite a few school generations. Tune in some Thursday. Adults enjoy the program, too.

Planning ahead to serve you better

Eastern Frosh March Of Dimes Teen Chairman

An Eastern freshman, Ron COLLQUHOUH, has been appointed Washington state chairman of the teen age program of the National Foundation, according to R. C. Tarrant, Washington state March of Dimes chairman. March of Dimes chairman, rect the March of Dimes teen age program throughout the entire state during the forthcoming March of Dimes, January 3-31, 1962. Ron met with other top March of Dimes volunteer leaders in Portland, Oregon, October 29 and 30, to plan the 25th anniversary campaign.

In announcing the important state-level teen-age leadership appointment, Mr. Tarrant said, "Teen-agers have proven that they can be among the most effective and dependable volunteer workers, and they participate the year around in all National Foundation programs, including public education about Salk and Sabin vaccines, health scholarships and assistance to children stricken with birth defects, arthritis and polio. Because teen-agers are tomorrow's leaders, they should be vitally concerned with today's health problems."

Ron served as TAP chairman for Spokane county during the last March of Dimes campaign.

Carlton Heads

EWSC Alumni

Robert Carlton of Wenatchee, a 1951 graduate of EWSC, has been announced Alumni Association president. Former president, John Loschspeck, 1948, has moved into the position of executive secretary.

Other officers are as follows: Ray Cronrath, Spokane, 1936—president-elect; Len Jones, Bellevue, 1948—vice-president, Mrs. Norma Main, Spokane, 1951—secretary.

Board members were elected for the districts three, eight, seven and nine. Robert McFarland, Othello, 1942, was appointed to fill the district three position for Jim Spree who moved to Edmonds. Mrs. Jean McCune, Bellevue, 1949, fills the district eight position. District seven is filled by Howard Odell of Kennewick, a 1951 graduate. Phil Fanklin of Portland, Oregon, a 1949 graduate, is the district nine member.

Concerned with today's health problems.
