**The Leaves Are Gone**

**The Autumn Is Here**

With His Bit of Cheer

By Don Dressler

There is that certain feeling you acquire after about three weeks at Eastern. It is a mixture of reaction to the fall season, newly recognized, or rather discovered that the leaves will be gone soon for the fall quarter, and one may return to the campus to relive the good times you may have had with the old friends, make new ones, say "hello" to favorite instructors, watch the NEW Savage football team. All in all, one desires to dive again into the environment that can only belong to the college or university campus.

As you familiarize yourself with local business houses along the main street of Cheney, finally make the turn toward the hill containing the administration building.

"SNDY'S REMARKS"

After being involved in this year's Homecoming Week and 1963 Mancini Concert, I feel obligated to write this article to clear the air.

The Associated Students are members of the E.W.S.C. gang. We have top Name Entertainment to the campus, have the Tommy Dorsey orchestra to the campus, and have increase $5,500 for their concert while dealing with all the problems involved in bringing the Tommy Dorsey orchestra to the campus. To my knowledge no one committed by the Lyceum Committee. (To the university of Montana on Oct. 10 will be the music of Mancini. The concert will determine the number and extent of future programs. See you at the concert.

QUESTION: IN YOUR OPINION, WHAT IS OR SHOULD BE THE ROLE OF THE POLITICAL PARTY ON CAMPUS?

PSYCH CLUB PLANS QUARTER

A tentative schedule of events has been set for the Fall quarter by the Psychology club. Among these events will be a number of evening visits to Eastern Washington State hospital, Lakeland Village, and a field trip to the Washington State penitentiary.

Also on the roster are a number of guest speakers and films as well as discussions on various areas in psychology. The first meeting of the quarter will be held tomorrow at 11:40 a.m. in Martin hall, Room 212. Any interested students are invited to attend. The advisor for this coming year is Mr. Marion Cupp, a recent addition to the Psychology department.

Dave Smith, President of Eastern's Young Republicans, said, "Well, it appears we're going to have a real strong group. If, for obvious reasons, this doesn't pan out, the Young Dems are sure to have little competition on political issues this year."

Smith said all the new members will be placed on a regular mailing list and receive all information pertaining to national and local Republican theory. The first meeting this year will be held sometime this week. Members are requested to check the SUB bulletin boards for the time and place. The first meeting will consist of information along the lines of basic party politics.
Ogdon States Policy Of Sign And Poster Hanging

To provide you with a definite policy on the hanging of signs and posters, Mr. Al Ogdon, assistant in student personnel, has given this information to the Easterner to pass on to you students.

Signs should always be in good taste and should not be sloppily made. They should also be taken down within twenty-four hours after the event. This is the responsibility of the sponsoring organizations. Repair of any damage caused to the building as a result of improper hanging of signs will be charged to the sponsoring organizations.

In Showalter Hall you are to use the marble surfaces, the bulletin boards, or the wire in the lower rotunda. Absolutely no signs are to be placed on the glass areas. Use only masking tape in placing the signs in the marble areas; scotch tape is prohibited. The bulletin boards at the staircase between the first and second floor are reserved for use by the Convocations and Concert Committees.

The policy regarding poster hanging in the Walter W. Isel Memorial Student Union is as follows: Hang signs and posters on the bulletin boards which have been prepared for this purpose. There are also caves available for advertising important events; see Mr. Ogdon for their use.

The walls and glass surfaces are to be kept free of signs and posters. In hanging signs you are asked to use only straight pins. Please do not use thumb tacks. Signs supporting the candidacy of this or that candidate for office will not be hung in the rotunda.

The college residence halls, Hargreaves Library, Ratcliff Hall, and other campus buildings each have their own policies regarding the hanging of signs and posters. You should contact the directors of these buildings before proceeding with your publicity campaigns.

Some of our stockholders work at night

Communist workers must find it very hard to understand that an American can be an employee and also an owner of the business.

For instance: All Standard Oilers who are 35 or older, and have 5 years of service, may invest a portion of their pay in Standard shares if they wish, through monthly deposits in our Employee Stock Plan.

The Company adds a contribution, which has averaged more than $1.50 for every $1.00 deposited by employees. When a Standard Oil retiree, dividends from his accumulated stock add to his other retirement benefits.

The Employee Stock Plan is now the largest single holder of Standard Oil stock. Yes, the husky follows that night drilling crew are Standard Oil stockholders. They own a piece of the Company, and share in its profits.
Savages Drop Second Straight

Interceptions Prove Fatal As Rucker Leads PLU to 20-7 Win

by Mike McAfee

A crowd of more than 3,000 enthusiastic fans filed into Woodward Field Saturday night anticipating the Savages first football victory in over two full seasons, however, the victory celebration was postponed once again as the Pacific Lutheran Knights, under the direction of second year coach Roy Carlson, turned back the Eastern Washington Savages, 20-7, for their initial victory of the season.

The defeat, the second straight for the Savages, came on the heels of a week of fired up practice sessions that seemed to point to a victory for head coach, Dave Holmes and his squad.

The Savages presented a more varied offense against the Knights, than they had showed against Linfield College last week, as five backs contributed to Eastern's rushing yardage, but that extra drive was not evidenced as halfback Dick Zornes was slowed by a cramping ankle injury, and speedy halfback Mel Stanton was not 100% effective after recovering from a pre-season injury.

The Savages left the field at the half-time intermission holding a slim 7-6 lead on the strength of a beautifully executed 56 yard pass play from quarterback Lee Grichuhin, to Fred Amundson for the touchdown. Senior guard Walt Burnett then kicked the extra point to give Eastern the slim lead.

In the end it was several key offensive mistakes on the part of the Savages that gave the Knights the victory. An Eastern fumble on their first play from scrimmage led to P.L.U.'s first score, and four decisive interceptions by the Knight defenders kept Eastern's defensive unit with their backs to the wall most of the night.

Veteran quarterback Lee Grichuhin picked up 108 yards through the air on nine completions for the Knights as he averaged an outstanding 43.9 yards on nine punts, two of which landed inside the Eastern 10 yard line.

This weekend the Savages travel to Tacoma for their first away-from-home encounter of the early season. They will meet the university of Puget Sound on the Loggers home field. Unless a definite change is noted before game time Saturday, the Loggers must be given a definite edge in this one. The Loggers hold a 16-0 victory of P.L.U. earlier in the season, also on their home field.
