Greeks Expanding Here
Third Fraternity Begun

Beta Delta Theta recently added its name to the ranks of local fraternities at Eastern when the twelve member group held its first meeting.

This is the fourth Greek organization to establish itself here in the last 18 months. Like the other locals, Beta Delta Theta will be working towards a national fraternity charter and the establishment of a Greek system at Eastern.

Originally part of a mixed group of anti-Greek members on campus, the men now comprise the Betas broke away to form what their fellow inductees had been fighting.

Bob Welch, spokesman for the group, announced that his fraternity will be very active in the future. Welch attended Thursday night's Inter-Greek council meeting where his group received recognition by the other Greek organizations.

"The fraternities' present charter membership includes: Bob Welch, Paul Turnerene, Dennis Henderson, Wayne Fairburn, Denny Schimke, Dick Cummins, Steve Glass, Don Lathen and Earl Flago.

Koffee Korners

The Spokane section leader of the John Birch Society, Mr. Abraham, will speak on the policies of the organization at this Thursday's Koffee Korners.

Mr. Abraham is considered to be the most timely of all speakers featured this quarter. Abraham's presentation at the Koffee Korners will give students an opportunity to comprehend the actual facts about the minority.

The Koffee Korners sessions are held in the S.U.B. terrace room at 9:30 a.m.

Savages Whip Loggers
Stanton Leads Gridders To Second Half Victory
by Mike McAtee

The Eastern Savages combined a rejuvenated second half offense with a tight-lipped defense in the final two quarters Saturday to defeat the U.P.S. Loggers 16-14 in both schools.

A Dad's Day crowd of 2,506 sat quietly through the first half as the Savages offensive unit found it rather rough going on the ground and in the air.

Midway through the second quarter, training 7-0, the Eastern squad put together a drive that seemed of potential scoring quality. However, the Tacoma school, with its backup to the wall, brought the Eastern drive to a stop inside the ten yard line. On fourth down Don Shore split the uprights with a field goal. As the teams left the field at the intermission the score remained U.P.S. T, Eastern.

The second half was different. The Savages offensive unit under the dual control of quarterbacks Richard Robertson, and Les Girolchin took on a new look. Halfback Mel Stanton, who is a leading contender for All-Conference honors despite early season injuries, was "Johnny on the spot" in the Savages second half scoring drive.

Stanton took a hand-off on a draw play on his own 25 yard line and bore down. He was finally pulled down on the Loggers 22 yard line after a 22 yard gallop. Stanton proved unstoppable as he covered the 22 remaining yards on a rushing play for the score. Shore's kick was good and Eastern had the lead for the first time in the contest. In all, Stanton was responsible for 12 of the 86 yards covered in the 5 play scoring drive.

The Loggers with big Steve Maddocks leading, again opened up the fourth quarter with a 50 yard scoring drive of their own. Maddocks second score came on a 5 yard serial from Maddocks to Shafter. With only 6:35 remaining on the clock, Maddocks proved his passing ability as he completed 9-15 passes for 141 yards and both U.P.S. touchdowns.

The second Logger touchdown began to take on greater and greater significance as the score stood at 12-14 going into the final three minutes of the game.

In the last dash effort the Savages turned the ball over on downs on their own 49 yard line with only 3:15 remaining on the clock. A 14 yard pass from signal caller Lee Griech to halfback Willie Jackson, with the Savages Loggers 12 yard line, and well within striking distance for the fisted up Savages.

Stanton picked up eight yards on 2 line smashes up the middle, but a third down pass from Griech to Loisfelt fell incomplete and the Savages were forced into a fourth down situation with less than a minute left on the clock. On the next play Stanton made his day complete as he circled left end, ahead of the block of All-Conference tackle for the final and deciding score.

Mel Stanton closed out the year by having his biggest day of the season. He picked up 172 yards rushing and scored both Eastern touchdowns.

On defense it was the play of Curt Byrnes, short on recognition, but long on ability, that time and again applied the stop in the defensive unit. Byrnes, a member of Columbia Basin College, has been an important link in the Savages defensive alignment all year. His aggressive play has proven his ability and should produce All-Conference recognition.

Construction Plans Include New And Remodeled Buildings

New Construction totaling $7.5 million is now being planned at Eastern when the EWSC Campus from Finn–Hill Elementary School Station to the northeast corner of 20th and Madison is added to the EWSC campus. The addition to the east side of the campus will almost double the seating capacity of the existing stadium. The third building which will almost double the seating capacity of the existing stadium will also be the most timely of all speakers featured this quarter. Abraham's presentation at the Koffee Korners will give students an opportunity to comprehend the actual facts about the minority.

The Koffee Korners sessions are held in the S.U.B. terrace room at 9:30 a.m.

Students Are Requested To Order Winter Packets

A table is placed outside the Registrar's Office in Showalter Hall, Room 218, where students may complete the card which requires registration materials. The completed cards are placed in a special box at the table, where the Registrar's staff will pick them up daily. The student is reminded to have his permanent student number with him when the request for registration materials is completed, Mr. Smith said.

A registration packet will be prepared automatically for those who have completed the card request. Those who have not requested that a packet be prepared will find that their registration in the Winter Quarter will be delayed while registration materials are being prepared for them during registration days.

Industrial Arts Honorary Elects Five New Initiates

November 13, Epilson Pi Tau, International Honorary Professional Fraternity in Industrial Arts, elected five new members for initiation.

Robert Heinemann, Joe Lowery, Ken Bowler, Jerry Walkup, and Gordon Wallace were selected for their professional promise and academic records in the field of industrial arts and in extracurricular activities.

Each of the initiates was required to submit a project to show his ability in some area of Industrial Arts. These projects were submitted to the organization, and the initiates were questioned by members of the organization about their projects, and in the areas of industrial arts.

A combination initiation and Christmas party will be held on Friday, December 6. Wives and guests of members will attend the Christmas party, to be held at Dr. and Mrs. Vandellberg's home immediately following initiation of new members at the Student Union building.

Officers for the school year are:

President, Gary Fresh; Vice-President, Steve Pope, and Secretary-Treasurer, Dean Crabtree.

Typing Test Date Changed

The official date of the typing placement tests has been changed from November 29 to December 2. The exams will be held after Business annex at 2:30 p.m.

Mental Health Film Slated

The third in a series of free public programs sponsored by the Spokane County Association for Mental Health will be held to-night, November 29, at 8:00 p.m. in the auditorium of the Spokane County Health Department building.

The film, "The Cry For Help!," is aimed at instilling understanding of suicide as a problem affecting the individual, the family, and the community.

Dr. Loretta Freestell, Chairman of the Psychology Department at Eastern, serves on the Advisory Board of the Spokane County Association for Mental Health.

ADD-A-GLASS-A-VITALITY
TO BALANCE EVERY MEAL

If you're missing milk at meals, you're probably missing out on your share of vitality, too. For fresh, whole milk is an excellent source of the protein, calcium and riboflavin that you need every day for get-up-and-go energy. Don't cut off balance on vitality—

ADD-a-glass-of milk to every meal

WASHINGTON DAIRY PRODUCTS COMMISSION, SEATTLE Representing the Dairy Farmers in Your Area
Great Day at Eastern
by Don Dressel

Many ingredients are needed when one is attempting to create a wonderful day. This day may be found and labored according to the individual's taste. To some, this day may be a beach party, cold beer, and bikinis of course, during the hot summer. Or it may be winter skiing under a crisp blue sky, tight ski pants, and hot wine in a ski lodge. Right weather, right girls or boys (choose carefully), or right anything—these are all contributions to the makeup of a great day.

Last Saturday, November 16th, was one of those days. Oh sure, the weather was a little windy, and the ground was a bit damp, but by the end of the day, these factors were forgotten. Thinking back, it didn't even start out like a normal Saturday.

Members of Eastern's Bachelor Club have retained a tradition of feting boys from St. Joseph's Orphanage at a feed and football game each year during the fall season. This day, all members of the "B" Club are honorary fathers for a day (a rather dubious title for a bachelor). The boys are brought out from Spokane and first shown the campus. During this indoctrination, there are many head counts. Eighteen boys of various ages are more difficult to keep together than the Bachelors themselves at one of their "wet" functions. Next stop was Louise Anderson Hall for lunch where the young guests immediately charmed everyone with their impressive table manners. The Bachelors attempted to follow suit but they need more lessons, and the boys didn't have time to teach them. The boys were next taken to the field house to meet the Eastern team, try on football helmets, and pick favorites to root for during the game. After these introductions, they went to Gary Field to play their own game of touch football. Again, they completely outclassed the Bachelor Club members. I must add that the members were by this time a bit weary in the shoulders from playing "horseback" with the younger guests. They spurn like Marshall Dillon.

The game was the big attraction of the day, and in between trips to the lavatory, the boys saw most of it, and better yet, the red shirts won. This was a new experience for most of the young guests—also for the bachelors, needless to say. The large Dad's Day crowd also added to the color of the successful Saturday. These were the ingredients for my great day—a heavy little boy on my shoulders, exciting football with the home team winning, and the knowledge that there would be eighteen boys returning to St. Joseph's who had also had a great day.

Who's Mel Stanton? Surely you've heard of "Flash" Gordon.

Dames Club Will Meet

The University Chapter of Dames will hold a regular meeting on Monday, November 30, 1963, at 8 p.m. in Sutton Hall Lounge. Mrs. Frances Stimson, a volunteer coordinator at Eastern State Hospital, will speak on mental health in general and the relationship of the patient to the community. She will also show slides of the hospital.

Refreshments will be served following the meeting.

We Get Letters

Glancing through the Sounding Board this week, it's apparent that the election season is fast approaching. National elections only occur once every four years. Consequently, a college editor is extremely lucky if he is holding office during the campaigning preceding one of these elections. Of course, along with the interesting and valuable experience these elections afford, there are unpleasant annoyances that have to be considered. Not the least of these annoyances are "letters to the editor" which are written by pseudo-political politicians dedicated to the cause of informing the entire academic community of just what issues are in for the election year.

Now don't misunderstand us. We love to print letters. But once in a while we rearrange a little. Post office rates vary for filler material. Any of you who have ever read one of these messages are aware of this. These speeches afford, there are unpleasant annoyances that have to be considered. These letters are in doubt.

A Criticism

Of Criticism

Editor of The Easterner

Of late we students of Eastern have been frequently assailed by a fellow student named Robert Ho­ thony W. White. Among other things, Mr. White has been attacking the administration in matters pertaining to the school's policies. This is nothing new. Mr. White has been known to use to his advantage the time of the legislature.

We say that just as the administration has a lack of lack of backbone, so does Mr. White, for no better reason than he is the only administration of which he is a part.

You tell all kinds of things they don't know anything about. And when they try to tell you have some personal counterpart to these things, they tell you out of your mind.

We will readily concede the fact that most of these letters are written and submitted with honest and sincere intentions. But this does help. They still don't make any sense.

So in the future dear letter writers, please try to refrain from wasting your valuable time by forcing us to read any profuse dissertation demonstrating how the blind lead those who cannot see. 

M.L.H

Holmes Should Be Happy (We Are!)

Dave Holmes, Eastern's new head football coach, was a thorough, winning mentor at Spokane's North Central High School before coming to Eastern.

After last week's final game of the season, Holmes made it apparent he wasn't about to change. Greetings to the gridiron.

The Savages won three games this year, more than the total amount they had managed in the last three years.

A few weeks ago, as the team was trying to forget the drubbing it received last week, an obscure comment was given an 'ol team, just different faces." Nothing could have been further from the truth. There were the same faces, with the addition of Holmes, but hardly the "same 'ol team."

There is only one school in the Evergreen Conference that holds more football records than Eastern—Whitworth, and even their gridiron marks.

This year's graduating class won't be around to witness the acquisition of these records, but we students in the immediate class would like to congratulate "Coach" Holmes and his staff on their excellent debut, and extend our wishes for many very successful seasons.

M.L.H

Official Notices

By publication of these notices students are deemed to be officially notified of any events or obligations indicated.

Registration for the Winter Quarter of 1964 will be held on Thursday and Friday, January 2 and 3, from 9:00 a.m. to 4:30 p.m. in the Registrar's Office, Shewalter Hall E12. This must be accomplished no later than December 13, 1963.

Loose Loot Gets Lifted

 Theft of books, money and personal belongings has become a real problem on our campus. It has reached the point where it isn't being taken from the coat racks outside the cafeteria. This thief or thieves can now be expected to find their victims anywhere on campus.

Within the student body there's a wide range of individuals of different backgrounds and trends and inclinations. This potential resource (for each one of us) is going to be wasted. Wouldn't it be to our advantage to find out as much as possible about this vast and storagehouse of knowledge? What happened to the gregarious spirit that predominated the campuses of yore? What has happened to the camaraderie of Sub with someone you haven't met? We feel the issues here to referred to this in a very objective manner. Some of us, however strongly supported it. Others of us have given up but are working more in-depth analysis of it. Do not make any more of your own statements without the bounty of knowledge necessary to make valid conjectures.

Respectfully tendered,
Willard Alexander Hatch II

Happy New Year!

Toastmaster's Club.

Some 'OL Story

Dear Sir:

Mr. Lehan's editorial in the November 13th issue of your paper was amusing and enjoyable. The time has come to publicly express my disapproval of this column and its articles which resemble almost every article and editorial which have appeared in the Easterner in the last ten years. It's time we showed the public what makes the Easterner what it is.

It is apparent to me that most of our students are interested in the news, and that much of the news is solved with articles derogatory to the organization which we are a part of.

If two campus papers were available, one which coincided most closely with our own political leanings. Since there is only one, there is no choice. I would like to see a less dogmatic publication in the future.

Sincerely yours,

Arthur K. Bouquet

To the Editor:

Dear Mr. White,

We wish to express our congratulations on your recent campaign in sight into the areas of Federal policy. It seems that the future of the Federal Government cannot see through the Russians dastardly plans. Eastern has chosen it as the field over which we spread our delectatory views.

In view of your statement concerning the Test Ban Treaty, we may suggest three courses of action.

(1) Do nothing at all and let a very deep bomberhead. Then you will survive the holocaust and become the "Adam Pond's" who have predicted exceeding that of Mr. White. For the serious student, time is precious and we feel a reluctance to donate it for the consumption of literature with little significance. As Mr. White has also nothing to offer in exchange but his private prejudices.

Harsaages solely defined by desire for experience should be restricted to the special class and Toastmaster's Club. Some of us, Mr. White, feel that a silent ig­ noration is the only cure for a verbal one.

As a case in point, we recently had the opportunity to feel embarrassment for one Mr. Don Run­ ber, who was giving a rowing talk on the dangers of Fascism as represented by the economics of John Maynard Keynes. Tragi­ cally for our country, he was trying to define socialism and was unami­ fied of the grand unifying scheme for his victim. The apex of Mr. Runner's profundity was reached when he blithely admitted he did not read anything by the famous conserva­ tive economists and, after having branded him a dangerous fascist social­ ist, said nothing but would continue to support capitalists and fervent supporter attempts, gained the attention of the audience. This kind act resulted in our embarrassment for the would be redeemer who admitted that he didn't understand what is meant by a regressive sales tax, however strongly it is supported.

In short, many of us are sick of being deceived by such nonsense. After praising God, motherhood, and country, we have been left with nothing but their vacillating and vacuous "$1 in­ tentional". To hold their audiences attention. We are eager to listen to any well in­ formed and intelligent argument on any subject, irrespective of his point of view. If he can only be a good Debater, many of us would be glad.

We do realize, however, that with precious little time to re­ flect, one may not realize fully that two columnists of the same names do not constitute an educated man.

Charles A. Downing
Jack McCabe
Robert E. Larsen

To the Editor:

Dear Sir:

We feel that certain people are using the press for the promotion of asinine and irrelevant arguments. We feel that the news media should not be used in a way that would be considered for promoting worthless and create a more active student body. We feel the issues here to referred to in a very objective manner. Some of us, however strongly supported it. Others of us have given up but are working more in-depth analysis of it. Do not make any more of your own statements without the bounty of knowledge necessary to make valid conjectures.

Willard Alexander Hatch II

Unfriendly Eastern

To the Editor:

Clicks and small groups on campus that exclude themselves from general student life and that are destroying the harmonious ties that constitute the basis of belonging. For the most part, every student looks upon his fellow student as a potential enemy and friend, little less than a total stranger. The only good came from each other is the books being carried underneath the arm. It is impossible for a student to use a Sub with someone you haven't met unless committed to warrant it. Is this the student body?

Within the student body there's a wide range of individuals of different backgrounds and trends and inclinations. This potential resource (for each one of us) is going to be wasted. Wouldn't it be to our advantage to find out as much as possible about this vast and storagehouse of knowledge? What happened to the gregarious spirit that predominated the campuses of yore? Lampooned Lehan

Dear Sir:

I feel, along with many others, that Mr. Lehan's column last week was a disgrace. His first implication that Mr. White's column need worry about to a Communist conspiracy and that they began to wonder if he didn't understand what is meant by a regressive sales tax, however strongly it is supported.

We feel the issues here to referred to in a very objective manner. Some of us, however strongly supported it. Others of us have given up but are working more in-depth analysis of it. Do not make any more of your own statements without the bounty of knowledge necessary to make valid conjectures.

Trouble Staying In School: Actually It's Not So Hard

In case any incoming freshmen at Eastern State Harbor college this fall are having trouble pulling grades... Here are a few sure cures guaranteed to place them on the honor roll.

1. Bring the professor news—Professor Chambers has been having such a pleasant experience dealing with you, if you know he's written something or an article in some class if he wrote it.

2. Look alert. Take notes expeditiously. If you look at your watch, don't stare at it unbelievingly and 'shut up.'

3. Now frequently and murmur, "How true!" To you, this seems exaggerated, to him, it's quite objective.

4. Laugh at his jokes. You can tell if he looks up from his notes and smiles unexpectedly, he has told a joke.

5. Sit in front and near him. (Applies only if you intend to stay awake.) If you're going to tell all the trouble of making a good impression, you might as well let him know who you are, especially in a large class.

6. Ask for outside readings. You don't have to read it. Just ask. It looks well, arranges to be called at the end of the hour. It creates an unfavorable impression if the rest of the class has read it and you sit there alone snoring.

7. Be sure the book you read during the lecture looks like a book from the course. If you do math in psychology class, match the books for size and color.

8. Ask any questions you think he can answer. Conversely, avoid announcing that you have found the answer to a question he couldn't answer, and in your younger brother's second-grade reader at that.

Prof Rotary Guest

An Ewro professor was guest speaker at a noon luncheon of the Cheney-Medical Lake Rotary Club recently. William L. Wilkerson, instructor in Geology-Geography, presented a lecture—"Minerals Ex- ploration"—on the development of ore deposits and the discovery of ore deposits.

The meeting was held at the Beehive restaurant in Cheney.
Eastern's offensive line comes alive as second half begins.

Unidentified Eastern ball carrier stopped for no gain as tackle Doug Cox (79) comes to his assistance.

Stanton (46) sweeps end for big gain as Don Shove (86) sets up interference.

Stanton (46) fights for valuable yardage as Sterling (22) and Schjeldahl (69) clear way.

Jerry Garceo (21) slants off tackle as Jerry Schilling (52) and Don Shove (86) form interference.
"Hoopsters" Squad Ready; Announce Seasons Schedule

Eastern will have a 16-man varsity basketball squad, W. B. (Red) Reese, the Savages’ veteran coach, announced.

Reese said Eastern will have five lettermen, led by two Spokane seniors, 6’6” Joe Allen and 6’4” Alex Woods. Allen led last year’s Savage basketballers with a 14.3 season average; Woods was second with 12.5.

Reese said the two-platoon system will be used in these early games to give him an opportunity to find out who his best players are, and that he plans on freely substituting the other four members of the squad.

The other lettermen are Kennewick senior Darvin Monasmith, 6’1”; Spokane junior Jim Tutton, 6-foot, and Vince Jarvis, a 6’4” Winfield, B.C. junior.

Five non-letter winners from last year’s squad, one junior and four sophomores, have also returned. They are Spokane junior Dave Hansen, 6’1”; Jack State, Spokane, 6’8”; Paul Hendrickson, 5’10”, from Anatone; 6’2” Dick Manke, Selah, and Jim Kelly, 6’2”, from Lamont.

Junior college transfer from North Idaho JC, 6’3” Mike McGuire, Wapato, Washington, is also on the squad.

All the rest of the players are freshmen, Reese said. They include Bill Brite, a 6’5” center from Snohomish, and Manske as forwards, State is the only freshman who will start on either of the platoon teams. But Reese said that junior McGuire and the other three, Brite, Kelly and Manke, all fresh, were looking good. Savages had a 9-13 record with a team that had only one senior. Reese expects a vastly improved 1963-64 record.

Pence Grant Is Awarded

Eastern Washington State College freshmen from Yakima and Vancouver, Wash., are the first recipients of scholarships in honor of the late Omer Pence, EWSC emeritus professor. Recipients are Linda Lee Smith, Yakima, who is majoring in education and Richard L. Jarvis, Vancouver, a chemistry major.

Mr. Pence taught at Eastern from 1925 to 1954 in geography and related areas. He also served as director of placement and of extension services.

The scholarships were arranged by the Pence family and are in honor of the late Omer Pence.

Central Receives National Recognition

The Central Wildcats, who finished the season with an impressive 9-0 record, are currently rated the number nine small college team in the nation. The latest figures offered by the National Association of Intercollegiate Athletics tabbed Northern Illinois as the top team in the nation for the third week in a row. Other schools in the Northwest among those rated were Lewis Clark of Oregon eighth, and Linfield also of Oregon rated in twelfth team in the nation.

Evergreen Conference Basketball Action

Basketball fever on the Tacoma campus of Pacific Lutheran university has reached fever pitch, and with good cause. Coach Gene Lundgaard is in good company when he brings his Knight hoopmen onto the court. Returning for the 63-64 season are two All-American candidates and an All-Evergreen Conference nominee.

Curt Gammell, of North Hollywood, was selected last year for Little All-American recognition. It was Gammell and Tom Whalen, who averaged 19.2 points per game last season, that led the Knights to the Evergreen Conference championship and first spot in the District I NAIA playoffs. Those three should make up the nucleus of what should prove to be one of the stronger squads in the Conference.

Early Warm Ups in Store

Hopeful pitching candidates for the 1964 varsity baseball squad are taking part in practice sessions three times weekly in the fieldhouse. Head coach Ed Chissus terms these practices not conditioning drills, but rather a time to develop skills such as the step off the mound and the move to first base.

Working with the pitchers is lefthander Jack Spring. Spring is the lawful property of the Los Angeles Angels of the American League, where he compiled a 3-0 win loss record mostly in relief during the 1963 campaign. Much can be gained from Spring’s experience and all those that are interested in turning out are welcome.

On Second Thought

By Mike McTee

Central receives national recognition. The Central Wildcats, who finished the season with an impressive 9-0 record, are currently rated the number nine small college team in the nation. The latest figures offered by the National Association of Intercollegiate Athletics tabbed Northern Illinois as the top team in the nation for the third week in a row. Other schools in the Northwest among those rated were Lewis Clark of Oregon eighth, and Linfield also of Oregon rated in twelfth team in the nation.

Councilors Retire Early
More Done In Short Time

A.S. Council held the shortest meeting of the quarter Thursday night as members sliced through the business in a record 35 minutes. Treasurer, Bob Clark, was the only officer to present a report at the minute-thirty meeting. He announced that the activities budget was in much better shape than was previously anticipated. A. V. P., Larry Snyder, expressed his pleasure over this fact. Clark also announced that the contract for this year’s annual had been awarded to Perschell Printers of Pasco.

Dean Hagie expressed concern over a chain letter which was presently circulating on the Whitworth campus. Hagie said that he had been contacted by Whitworth’s Dean of Students and warned that the “320 Club” might soon reach Eastern. Skip Clausen and Jim Nelson stated that the letter had already reached campus and was receiving moderate acceptance.

More complaints on postal service were filed by representatives from Monroe and Senior halls. Irritation was expressed over the length of time it took a letter to reach its destination when mailed on campus. No action was taken on the matter.

Sutton hall’s delegate complained of a hole and a troublesome post in the parking lot across from the dorm. He noted that these obstructions were causing great inconvenience to students using the lot. No action was taken on the matter.

Larry Davis announced that KEWC recently began FM broadcasting. Programming is largely classical music. Davis also stated that a teletype was being installed in the campus station for news purposes. President Reese Kelly asked if we would be paying for the teletype. Davis declined comment and Kelly asked that he be prepared to report on the matter at the next meeting.

The only resolution of the evening approved a plan to have social functions sponsored by members of the Inter-collegiate Round-table open to student of all member campuses. Gonzaga, Eastern, Whitworth and Fort Wright College presently make up the round-table. By presenting his Student Body card, a student may attend activities at any one of the four schools.

Dr. Ralph Connor, Eastern associate professor of sociology and a member of the research committee of the State Department of Health, will present the findings of the state hospital survey on the management of alcoholic patients to the department next week.

The State Health Department and research committee will consider the report in a special research meeting and make final arrangements for its publication. Dr. Connor, who is also a member of the Governor’s Committee on Alcoholism, made the survey during 1960.
Classical, Folksinging, Jazz Featured on KEWC FM Station

KEWC-FM began broadcasting last Tuesday night. Newly licensed by the federal communications commission, the station is Cheney's first broadcasting service. The newly-established operation will be concerned with the promotion of the Cheney area.

by Steve Powell

Included in the programming from 6 to 12 p.m. will be varied types of music ranging from operas and classical orchestras to jazz and folk songs of foreign lands. Such albums as George Gershwin's, Porgy & Bess; Brahms, played by Eugene Ormandy and the Philadelphia Orchestra; Arturo Toscanini, conducting La Bohème and The Creative Piano, by George Shearing are examples of what can be heard over KEWC-FM.

To satisfy its listeners, the new station will feature mood music from 6-7, music of foreign lands from 7-7:30, special features, 7:30 to 9 and classical from 9 to 12. Opera is scheduled for Tuesdays, 7:30 to 9 p.m. Discussion programs involving well-known faculty members will later be incorporated into the nightly schedule.

KEWC-FM has an effective radius of 10 miles in the Cheney area. For those campus listeners and Cheney residents who have FM receivers, KEWC-FM operates on 89.9 megacycles.

According to Howard Hopf, assistant professor of Radio-Television, Richard D. McConnell, a Walla Walla senior, has been appointed program director. Announcers slated for the FM station are, Allen Wetzel, Larry Reed, Rich Nessen, Don Cary and Jay Stowell.

Operation of the FM station will be in addition to the EWSU carrier current station which has operated on the Eastern campus for more than 15 years. The new station is one of three collegiate FM broadcasting functions in the state of Washington.

Oral Interpretation Program Slated Mon.

Oral Interpretation programs, begun at Eastern last winter will continue at 8:15 p.m., Monday, November 25 in Martin hall auditorium.

The thirty students participating will have the opportunity to demonstrate the different types of oral interpretation. Different units will perform, each having a distinct theme. Cuttings from great plays, classical and modern poetry, humor, and drama are just a few of the many parts to be performed. Within a mixture of the light and the profound, a varied program is planned.

Included in the program will be excerpts from "Tea House of the August Moon," "Cyrano de Bergerac" and "The Man Who Came to Dinner." Choral speaking will be another outstanding highlight. Miss Moe, assistant professor of speech, says, "It's artistic, it's fun, it's an inspiration to interpret what writers have set down for prosperity."

There's no admission charge. Everyone is invited for an evening of fine entertainment.

MORE KINDS OF CHEVROLETS THAN EVER BEFORE!

JET-SMOOTH LUXURY CHEVROLET

15 models. Four series—the Impala Super Sports. More luxurious, too. Even the Biscaynes are now fully carpeted. There's seven different engines' worth of power—140 hp to 435 hp (optional at extra cost). It's a matter of knowing if you'd like your luxury on the gentle side or on the other side.

Model shown: Impala Sport Coupe

TOTA LLY NEW CHEVELLE! 11 models. Three series. An entirely new line of cars sized a foot shorter than the big cars, so you get the handling ease of smaller cars. But don't sell it short! Chevelle gives you generous passenger and luggage room. Engine choice: 130 to extra-cost 259 hp.

Model shown: Malibu Sport Coupe

NEW CHEVY II Six models. Two series—Nova and Chevy II 100. Both now offer an extra-cost 126-hp V8 or a 155-hp six, to give you more Chevy II power than ever before. Match this added power with Chevy II drift, and you can see why Chevy II will be harder than ever to keep up with this year.

Model shown: Nova 2-Door Sedan

Model shown: Monza Club Coupe

NEW CORVETTE Two models—the Sport Coupe with a new one-piece rear window plus improved interior ventilation, and the dashing Sting Ray Convertible. Both boast smoother rides, improved sound insulation. Both go with four big V8s, including a new extra-cost 375-hp engine with Fuel Injection.

Model shown: Sport Coupe

Student Housing Will Increase To More Than 1,100 Next Year

Eastern Washington State College will provide housing for 250 more students next year than the college was able to furnish this year, Mrs. Virginia Dressler, EWSC dean of student housing, said. The increase will provide housing for 612 women, an increase of 128, and for 450 men, up 139 over this year.

Next year, 1,150 students will be housed, Mrs. Dressler said. The increase will provide housing for 412 women, an increase of 128, and for 450 men, up 139 over this year.

Eastern's new 460-man 12-story round tower-type residence hall is scheduled to open in January, Mrs. Dressler said. During next summer, the college's married student court will be converted into residence's residence, to house 155 men.

Conversion of the married student court is feasible, Mrs. Dressler said, not because of a drop in the number of married students, but because of the recent construction of comparable low-rent private apartments in Cheney, Sutton Hall, which this year has 122 men students, will be converted to a residence for 122 women. Louise Anderson hall, now housing the college's food service center will move to the new Tawanka Commons in January, will be remodeled to accommodate 279 women, 18 more than this year.

The two other women's residence halls will remain the same next year. Monroe housing, converted to a residence for 113 senior 129.

Two men's halls, Garry and Hudson, both World War II surplus buildings, will be “retired” next year, Mrs. Dressler said.

Grant Offered by Science Foundation

The National Academy of Sciences-National Research Council has been called upon again to advise the National Science Foundation on the selection of candidates for the Foundation's program of regular graduate and postdoctoral fellowships. Awards will be announced on March 13, 1964.

Fellowships will be awarded for study in fields including the sciences, sociology and history. They are open to college seniors, graduate and postdoctoral students, and others with equivalent training and experience. All applicants must be citizens of the United States and will be judged solely on the basis of ability.

Applicants for the graduate awards will be required to take the Graduate Record Examination designed to test scientific aptitude and achievement. This examination, administered by the Educational Testing Service, will be given on January 18, 1964, at designated centers throughout the United States and certain foreign countries.

The annual stipends for graduate fellows are as follows: $2000 for the first level; $3000 for the intermediate level; and $4000 for the terminal level. The annual stipend for postdoctoral fellows is $5000. Limited allowances will also be provided to apply toward tuition, laboratory fees, and travel.

Further information and application materials may be obtained from the Fellowship Office, National Academy of Sciences-National Research Council, 2101 Constitution Avenue, N.W., Washington, D.C. 20418. The deadline for the receipt of applications for regular postdoctoral fellowships is December 16, 1963, and for graduate fellowships, January 9, 1964.

Take . . .

UW Accepts Andrews

An EWSC senior, Dan Andrews, has been accepted by the University of Washington School of Medicine, according to Dr. Dana E. Harter, EWSC science division head.

Andrews, an honor student majoring in biology, is the son of Dr. and Mrs. J. Austin Andrews of Cheney. Dr. Andrews is associate professor of music at EWSC.

Dad's Day Is Big Success

Winning Savages, Gambling, "Strippers" Entertain Dads

Approximately 200 dads were entertained with comedy strip tease shows, singing, comedy routines, and games such as bingo, poker, blackjack and craps. With a modern night club theme, socializers walked around giving out souvenirs and serving drinks, which were ordered from the SUB.

An auction for prizes such as a gun case, records and cameras found the people bidding their play money to prices of $14,000 for records, and $20,000 for the camera.

Registration in the morning commenced the Dad's Day program honoring the dads. The dads were then taken on tours of the campus followed by the AMS convocation. Trophies were awarded at the morning convocation to the oldest dad, youngest dad, the dad who came from furthest away and the dad with the most children attending EWSC.

Dinner was served from 4:30-6:00, followed by Tonight in Nevada and a mixer which featured the Royalmen.

Dottie Ridgway and Judy Stitch served as co-chairmen for the great success of Tonight in Nevada.

Play Cast Announced

E.W.S.C. Drama department will present the "A View From The Bridge" by Arthur Miller and directed by Mr. David Burr, November 20, 21, and 22 in Showalter Auditorium.

The modern day tragedy of a man whose fatal flaw was that of loving someone too much will begin at 8:00 p.m., bringing with it one of the schools most talented performances.

The delicately chosen cast is as follows: Eddie, Buck Fitzpatrick, Catherine, Sherrie Dudley, Beatriz, Valerie Zellerhoff, Marco, Rod Thompson, Rudolph, Al Halverson, Mike, Chuck Norris, Aforti, Leroy Quinlan, Two Investigators, Jim Jamenson and John Terris, Tony, Terry Saxe, Two Submariners, Clara Lust and Fred Hubert, Other Women, Toni Haney, Jackie Pierre, Gretchen Herrmann, and Joy Bierg.

In regards to the try-outs Mr. Burr had this to say, "I am pleasantly surprised at the number of the talented readings I received for this play; especially among the women." This talent and the number of hours the students put into the production of the play assures its success.

Activity cards are honored for admittance.
Teacher Exam
In February
College seniors planning to teach school will be able to take the National Teacher Examinations February 18, 1964.

At the full-day session, future teachers may take the Common Examinations, testing their professional knowledge and general educational background, and one or two of the 13 Optional Examinations, measuring mastery of the subjects they expect to teach. Prospective teachers should contact the school systems in which they seek employment, or their colleges, for specific advice on taking the examinations, according to Educational Testing Service.

Scores on the National Teacher Examinations are used by many large school districts for employing new teachers, and by several states for granting teaching certificates or licenses. Lists of school systems which use the examinations are being distributed by Educational Testing Service to colleges educating teachers.

Bulletins of information containing registration forms and detailed information about the February 18 administration of the exams may be obtained from college placement offices, school personnel departments, or directly from National Teacher Examinations, Educational Testing Service, Princeton, N. J.

Registration for the tests opens November 1, 1963, and closes January 17, 1964.

Reveen Revealed
In a town that is known as a tough town to entertain P. J. Reveen hypnotizes his way to success. His vitality and humor sell a show that could conceivably fail.

Reveen started hypnotism at the tender age of 12. He read books on the subject, studied it and finally, in 1956 organized and opened his show. Together with his attractive wife Coral he has toured the world from Australia to Canada.

Whether or not scientific hypnotism is actually practiced on the Post Theatre stage is not important. What is important is that it has people just like you and me on the stage performing stunts they never dreamed possible. At the same time these stunts are neither embarrassing nor dangerous. His philosophy is to present entertainment.

At the same time he can see the world. To see this young man is to see something that couldn't possibly be duplicated in movies or television. It's a must.

—Jack Setts

Co-ed and Spur To Be Announced

The Spurs will also announce their Spur of the quarter who will be the girl they feel has done the most for the organization during the quarter.

Chorus to Tour

A four-day singing tour of the San Francisco area will be taken by Eastern's ROTC Chorus, Capt. Maynard Nelson announced today.

The tour, which will extend from February 27 to March 1, will see the chorus giving concerts throughout the San Francisco area including local high schools, service clubs, Letterman Army General Hospital and Officer and N.C.O. clubs at the Presidio.

Nelson also announced that Cadet Capers will be presented at Eastern on Saturday, February 23. Anyone interested in performing is asked to contact Capt. Nelson or Doug Hudson. Auditions will be held every Thursday at 7 p.m. in the Science auditorium.
