Trustees Delay Naming New Mens Dorm

AS Council Begins New Quarter With "Full Load"

By Bob Stevens

Council meetings were recently met with a variety of early-quarter business matters Thursday night as A.S.C. opened its first winter quarter meeting.

President, Reece Kelly, opened the meeting with a report from the Collegiate Roundtable. Eastern, Whitworth, Gonzaga, and Fort Wright College make up the inter-school panel which plans events and programs of mutual interest to students of the four area colleges.

Kelly announced that the group was planning an Inter-School Ski Meet on Mt. Spokane early in February. He also stated that Eastern students could now attend school functions at any of the other member colleges for the same rates given to resident students.

Jim Nelson, Executive Vice President, reported a recent meeting of the Board of Trustees in Spokane. Nelson said the Board put off any action on naming the new men's dorm until March. At that meeting, Nelson presented the board with the student petition asking that the new dorm be named after our late President, John F. Kennedy. Nelson said he will continue efforts to win Board approval of the name. He offered, "Don't tip our canoe with a Tawanka II", as a slogan for the campaign.

Larry Snyder, A.V.P., told Council that Eastern should be host to the Modern Jazz Quartet on January 17-19 in Ellensburg. The topic at the meeting with a report from the annual affair provided an opportunity to fill one's home library for little expense.

Famous Couple To Present Film Tomorrow Afternoon

"Adventure Is Indonesia," a film made by Helen and Frank Schreider, travelers for "National Geographic Magazine," will be shown at 1:40, January 16, in Showalter auditorium.

Helen and Frank Schreider traveled from one end of Indonesia to the other. Hampered by lack of fuel for the Jeep, poor communications and jungle roads which have seen no maintenance since World War II, and aided by Army convoy's that escorted them through rebel-infested territory, the Schreiders experienced a way of life that is fast vanishing under the pressures of the twentieth century.

33 Done Real Good

Thirty-three students received all A's are among 255 named to the fall quarter honor roll at Eastern Washington State College.

AAUW Sponsors Big Book Sale

Positions Are Now Open For Hall Helpers

With the beginning of Winter quarters the AS Council was back to formulating student policies. A full agenda greeted council members at their first meeting. Pictured above, contemplating legislation, are the AS officers, (left to right) Margie Seldeman, Secretary; Reece Kelly, President; Jim Nelson, Executive VP; Larry Snyder, Activities VP and Bob Clark, A.S. Treasurer.

All girls who are interested in applying are urged to do so.

Trustee Student Applications Due

Koffie Korners for January were announced at the National Student Association meeting last week.

January 21, a film, "Communism On The Map," will be shown and commented on by Mr. William Kidd, EWSC professor of history.

January 22, Sam Parks, candidate for fifth congressional seat in the state legislature, will debate an Eastern instructor on the subject, "Earl Warren Should Be Impeached."

January 30, Dallas W. Smythe, from the University of Saskatchew an, Canada, will speak on "The Mass Media and Political Process."

Also discussed at the meeting were positions of student hall assistants as responsibility. In addition to performing routine duties, assistants serve as counselors; therefore, they must be discreet, dependable, understanding, firm and fair. Scholarship and financial need will also be considered in making the selection.

All girls who are interested in applying are urged to do so.
Faculty and Staff Members Now Available As Speakers

More than 50 Eastern Washington State college faculty and staff members are listed as speakers available for community, club and school groups in a new bulletin published by the college.

More than 100 specific topics are listed in seven general fields — education and school subjects; family, home and community; literature and the arts; the national and world affairs; science and geography; state history and resources, and travel, foreign countries.

Students, including ones from Africa, Iran, Italy and Japan, available for speaking engagements are also listed.

A wide variety of cultural programs, available through the college's Division of Creative Arts, is also listed in the bulletin. These include art shows, plays and several varieties of music and vocal solos and groups.

John H. Lathrup, Speakers Bureau chairman, said copies of the bulletin are available for interested persons.

Fellowship To Hold Meeting

Inter-Varsity Christian Fellowship will hold an organizational meeting Thursday, January 18, 2:40 p.m., in the Tahiti room of the Isle-Land. Inter-Varsity, commonly known as I-V, is a non-denominational organization of college students. There is a chapter on most of the campuses in the United States. There is a regional and national organization, however, each chapter is an independent organization.

Jim Plunkitt, a transfer student from Washington State University, will head the group as temporary president. He was active in the WSU Inter-Varsity, and feels comfortable with the group. All interested students are invited to come and help organize the new group.

Major In Psychology To Be Offered Next Year

By Sharon Schultes

Beginning next year the Psychology department at Eastern will offer a Bachelor of Arts in Education degree with a major in Psychology.

Because the full-time positions available for teachers of psychology in the public schools are limited, students desiring to major in psychology must also have a thirty-credit minor in an approved subject matter area.

The need for high school teachers with preparation in psychology has increased tremendously during the past few years. Results of an informal survey taken in one General Psychology section here this fall quarter revealed 20 schools in this geographic region offering courses in psychology. Sixty-eight per cent of the students in the class had taken advantage of the courses when offered.

On a statewide level, Dr. James H. Elder, Chairman of the Psychology Department at Washington State University, conducted a survey in 1956 which revealed that 36 per cent of the high schools in Washington include a psychology course in their curriculum. The school's enrollment seems to have a direct relationship here, as indicated by the fact that 25 per cent of those with 50 to 99 students, 31 per cent with 100 to 499, 4 per cent with 500-999, and 61 per cent with 1000 or more students offer such a course.

At present a similar study is being conducted by a graduate student at Central Washington State college which will provide more information on the need for teachers in the Washington state schools.

There are new textbooks available for use in high schools in the areas of General Psychology, Psychology of Adjustment, and Applied Psychology.

A great deal of interest is being generated in high schools for this field, as reflected by the number of students entering Eastern who are electing Psychology as their major field.

Eighteen children — including one set of twins — have been born to Peace Corps couples abroad.

Forty-two Peace Corps Volunteers are between 20 and 40 years old. Thirty-three are older than 30. The oldest is a 36-year-old engineer working in Pakistan.
Eastern Reserves Finance Funds For New Buildings

Eastern Washington State college has had $1,226,000 reserved by the Housing and Home Finance Agency for the construction of a new women's residence hall and to build an addition to Tawanka Commons, food service center. Fred S. Johns, EWSC comptroller, said the Seattle regional office of the agency has approved the college's preliminary application. Final application must be made before February 13, 1964.

The new residence hall, to house about 240 women, was being planned even before the new $2 million men's residence hall and Tawanka Commons were opened.

Culler, Gale, Martell, Erickson, Norris & Davis, Spokane architects and engineers who designed the new 12-story, 480-capacity men's residence hall, are designing the planned women's hall, Johns said.

Donald Nernas, Spokane architect, is designing the Tawanka Commons addition. It will increase seating capacity in the dining area by 560, bringing its total seating to almost 1,200.

Both buildings will be built with funds from the HHFA, Johns said, and will be paid for from fees paid by students, without any expense to taxpayers. Of the reserved funds, $1,100,000 is expected to be used in construction of the residence hall and $166,000 in the food service building addition.

Income Tax Period Ends

The income tax filing period began January 2. Your financial records are important in preparing Federal income tax returns, Director of Internal Revenue Neal S. Warren said. Now is the time to get together your canceled checks, receipts, records of contributions, and other papers.

Taxpayers who kept good financial records during the year should have no trouble preparing their Federal income tax returns, Mr. Warren explained. Good records are especially important to taxpayers who itemize deductions and who may be called upon to furnish proof of the expenditures. Copies of prior years' returns are also good guides in preparing the new return.

The Internal Revenue Service is converting to automatic data processing. Mr. Warren urged that taxpayers file complete and accurate returns since this will insure more systematic handling, faster action through correspondence, proper credit of payments and better maintenance of the tax account.

New Men's Residence Hall Now Open And Nearly Full

The new residence hall will be nameless, at least for three months, Dr. Hagie said. The EWSC board of trustees delayed naming the new hall for three months at a meeting earlier this month. At that time, a petition, signed by 1600 EWSC students asking that the hall be named "John Fitzgerald Kennedy Hall," was presented.

Staff Member To Connectict

An exchange of elementary school staff members between Eastern Washington State college and Central Connecticut State college has been approved by the EWSC board of trustees. Harvey Erickson, Spokane, EWSC board chairman said that Ralph Streedwick, instructor in the fifth grade of the EWSC Campus Elementary school, and Robert A. Fitzsimmons of Vance Elementary Training school, New Britain, Conn., a school affiliated with Central Connecticut State, will both exchange teaching positions next year.

The exchange was arranged through correspondence between Dr. Don S. Patterson, EWSC president, and Dr. Herbert D. Wolfe, president of the Connecticut college, Erickson said.

Sit down, you're gonna need it
I would like to take this opportunity to extend a welcome to all the returning students and new students and to wish you a successful New Year in your college and your other endeavors. I feel that student government is to contribute to your success as students and to give you an opportunity to contribute to the success of the student body and college community of which you are a member.

Winter quarter is traditionally an active period for those who are interested in student government and, being the oldest student organization at our college, it is also the quarter in which the workings of student government take place continuously before the eyes of all the students. Therefore, I feel that it is imperative that I give the student body a brief sketch of the issues and problems that confront your student government.

First, the Associated Students are faced with the task of finding individual projects in which to devote their desire and ability to work on the newly formed academic Senate Committees on which the students have been granted seats. If the students' desire is to see practical and contended desire to have an effective voice in the college policy-making process and to be consulted before decisions are made, then we must be prepared to meet the standards of other qualified and most interested students to assume these duties.

Second, the Associated Students are faced with a rapidly changing college living group pattern caused by the reorganization of determining representation to the legislative body of our student government: the A·S·C. I will submit a proposal to the Council to be placed on the primary election ballot for the students' body's approval that will amend the constitution to broaden representation. The Associated Students, the commuters, the new men's dorms, L-A-Hall, and other large living groups more seats without denying any living group, as resources will be taken from the at least one seat.

If the Associated Students are interested in the welfare of the students and their schools who are enrolled in the EWSC we will be working through Russ Curran who is our Representative (Gonzaga, Whitworth, and Fort Wright College) to establish a student discount program with the students in businesses in the Spokane area. There are well over 7,000 college students in the Spokane area which represents a sizable consumer group and, therefore, an opportunity for the Associated Students, vice-president and treasurer. Freshmen, sophomore or junior girls are invited to attend these meetings in the Council in that they may become familiar with the working procedures of the A·S·C.

Positions open for appointment to various student council positions include: president, secretary, co-social chairman, co-programs chairman, and business manager. Therefore, I hope these issues are the ones that are of concern to your student government and turn much of their attention to that and the duties of the students to work for better representation of our organization. A·S·C is held every Monday night at 6:30 p.m. in the Tahiti Room in the Student Union Building.

Michael Rowe, principal of Omak High School, has been named to membership on the EWSC advisory council on teacher education.

The associated students should recognize the burden of dependency we have continued to suffer on the business office and to provide for our own professional business manager to aid us in the tremendous load we now have placed on him and the administration's business office.

Besides aiding in establishing a student discount and service and better student finance system, a professional business manager would be of aid in the area of planning for a new student union facility. We have a responsibility to future students to begin the work of financial and physical plans for a new student union building. Effective plans take years to develop and even more years to bring into reality.

These are a few of the problems our student government is being faced with and we have the following two ways: we may, "ostrich-like", ignore the existence of the tremendous challenges that confront student government and continue to handle student government in a rather dependent, unprofessional manner, or we can recognize these challenges and begin to work with them through hiring professional help and improving the programs needed to meet the needs and aspirations of the student community.

I hope these issues are the ones that the people in student government turn much of their attention to and that the delegates of the upcoming election campaign centers.

Activities "Clears Air" "Where has all the money gone?"

Activities once again feel it is time to submit a published statement for the purposes of clearing certain areas of the Activities budget. The various areas of campus media and social functions have convinced me that the time has arrived for a public statement in regard to the financial status of the Social Activities budget.

The most generous of these years, you have every right to know how it is used.

Since the name entertainment budget is only $3000, Social Activities is seeking a substantial income in order that they may reuse the money for additional programming. We are not in the business of making money. If we were, I believe we would be on top floor rather than in a basement apartment. An extreme effort is being made to improve our excellent name entertainment at a minimal fee to the student. When losses are continual the entire budget is engulfed in the process.

The Social Activities income set by the business office of $200 must be satisfied before any money can be used for future entertainment. With the problem of not being able to make money with money and still keeping the idea of supplying an excellent caliber of entertainment at a low nominal cost we are under a severe handicap. This is an administration problem which the Social Council must face and settle prior to Budget week, which falls in May.

I urge those students who have opinions and/or solutions to our dilemma to request speaking engagements at the earliest opportunity. I will appreciate your thinking.

Larry Seydel

Trustees Delay Naming Dorm

(Continued From Page 1)

living in the new dorm, having maintained a 2.675 cumulative grade point average, are reprimanded if in the process of making a bad grade or being a bad roommate. Any such action would take a constitutional amendment. It was felt by some Office workers that one seat would be in order to fill the vacancy.

The most vigorous discussion of the evening centered around a report on the music department. Professor Johnson is a graduate assistant in the Dean’s office and recently made a trip on campus organizations. Johnson reported that 30 of the 250 jobs assigned to the organizations listed in the floor plan but only about 35 are still active. Many of these groups have constitutions which are legally recognized by the Associated Students. Among those having faulty constitutions were: Sage and the Western Student Union, Trinity and Evergreen Company of A.S.U.A. and several other active organizations.

Johnson pointed out that about 20 organizations are responsible for almost all of the activities held on campus. Johnson felt that the proposed elimination of the dead wood and withdraw recognition from any inactive organizations be tabled until next Thursday.

Jim Nelson moved to establish a committee to look into the Cheney Chamber of Commerce’s plans to reprise the E.W.S.C. signatures at the entrance of the city. Early plans made by the Chamber were not carried out. The motion passed.

Nelsen also moved to have a committee check the feasibility of a trophy case in Tawanka Commons. Eastern has numerous trophies collected from athletic events in past years but none have been displayed since the old student room in Showalter hall was removed. Tawanka would be one of the best places for trophies. Nelson stated that there had been a permanent case in the dining area and that the popular New Student Building would be a more suitable location for the display. Nelson was appointed to look into the matter but no decisions were reached.

A.V.P. Larry Snyder announced that filming of new hands was being abandoned because there are no funds available. Snyder feels that the proposed new Student Union building would be a more suitable location for the display. Snyder was appointed to look into the matter but no decisions were reached.

Music Profs To Entertain

The two members of the Eastern Washington College Music Department will be available Thursday, January 15th from 10:00 until 11:00, in the main lobby of the Student Union building.

We, the students, asked to entertain the students by singing and playing various songs and hoping to make the students feel better.

Eastern Drops Conference Opener

Pirates Have No Problem Spoiling Savage Opener

By Mike McAtee

The Whitworth Pirates spoiled Eastern's conference opener, and extended their home court record to 3-0, by handing the Savages a 74-58 loss Saturday night.

The Savages were unable to get off the ground all night as the "Whites" jumped off to a 13-advantage.

Jim Tutton, got the Eastern quietest on the scoreboard by striking the Savages first three field goals. They closed the gap to 14-9, but were unable to get any consistent attack generated. It was veteran Jim Utgaard, of the Pirates, who spelled the difference in the final tabulation. Utgaard connected on 12 of 17 tries and one-for-one from the foul line, finishing as the nights leading scorer with 25 points.

The Savages, who carried an upset victory over the Portland Pilots in the opener, were led by Jim Tutton's 13 markers. Tutton kept the country in the contest in the first period as he scored 14 points. At the half the teams left the court with the Pirates maintaining a commanding 44-27 lead.

The second half saw the Pirates open up their lead, and at one time led 70-40. Jim Tutton was unable to get going in the final period as he hit on only one free shot for his total of 13.

Dar Monasmith, who had been the spark in the Savages non-conference games, hit on 4 field goals, and 3-3 charity shots for eleven points.

On Second Thought

Operation Scramble

"Operation Scramble" is heading into full-swing this winter as some of the nation's top college football coaching positions continue to be open across the nation.

As rumors fly and heads drop those near and far from the coaching ranks are anxiously watching as several top-rated positions are being filled, while others are opening.

The Pacific Northwest was the scene of upheaval and rumor as early as mid-September. Just as the "63" season was swinging into its last quarter, the most respected coaches of the Coast were being rumored to be breaking ties with the Country Homes with a change of heart from the west coast, is still at the helm in Spartanville, but said to be in line for the head coaching position at San Diego's Arizona State. Bob Titchenal, one of the most respected coaches in the nation and it would have to be a very rewarding move to pry him away from his position as the Spokane campus.

Adams to California?

Sam Adams, head mentor of the Whitworth Pirates, was constantly being rumored to be breaking ties with the Country Homes throughout the "63" campaign and heading for California where he is said to be in line for the head coaching position at San Jose State College. Bob Titchenal, one of the most respected coaches on the west coast, is still at the helm in Spartanville, but said to be in line for the head coaching position at San Diego's Arizona State. Bob Titchenal, one of the most respected coaches in the nation and it would have to be a very rewarding move to pry him away from his position as the Spokane campus.

Sutherland Cut Loose

With the season's end came the note that Jim Sutherland and Western Washington University had, by mutual agreement, severed all relations. This came as a definite surprise to some of the most ardent Cougar followers, and definite discord was noticed immediately.

Reactions from across the nation seemed almost automatic as applications arrived from both seaboards. With Dee Andros as the league's leading scorer with 17.2 points per game, it would probably go without results.

Wilkinson for Senate

However, the loudest commotion originated from the Southwest. One of the nation's most successful coaches in the past century, Bud Wilkinson of the University of Oklahoma, who has made sounding board gestures of foregoing college coaching to enter the national political scene for the past year, announced that he would regard for Owens has swelled to great heights and any thought of pulling him away from the Husky bench would probably go without results.

No matter what the final outcome is in any of these cases, the one result which cannot go unnoticed is the tremendous effect those situations have on college football. The hiring and firing of college coaches is but a football, what the winter trading sessions are to major league baseball. It keeps football in the air throughout the year and adds a great deal to the interest and pagneto that becomes apparent in September.

Eastern Dumps St. Martins In Home Victory

Savages Host PLU And WWSC This Weekend

The Savages play host to the Conference leaders this weekend. A Friday night encounter with the Pacific Lutheran Knights will be followed by a Saturday evening contest with Western Washington State College.

The Knights are currently tied with Western for the conference lead with a 2-0 record. Coach Gene Lundgaard has a wealth of valuable talent. Hans Albertson, an All-American selection 2 years ago, is back to round out the veteran squad that includes All-American Catt Gammell, and All-Conference nominee Tom Whalen. Whalen is currently scoring at a pace of 24.8 points per game average.

The upset Viking, of Western, are led by veteran Bob Thomas and currently holding an impressive 7-3 Conference record.

Monday night the Savages look for revenge as they meet the Gonzaga Bulldogs in the field house. The high scoring Bulldogs hold an early season, 105-58 victory over the Savages.

Pirates Prove Too Tough

Matmen Score Upset "Team Effort Over Montana State

By Mike McAtee

A Friday night crowd of 250 filled the fieldhouse with cries of encouragement and enthusiasm, as Eastern's wrestling team scored an upset 16-10 victory over Montana State University.

Coach Brent Wooten preferred not to pick a turning point in the evenings matches and stated "the win was the result of an all-out team effort."

Lynn Kuehn, 130, put the Savages ahead to stay in the second period of the evening. Kuehn defeated Rich Southern, 7-2, after Bob Santosdter, Eastern, and John Black, M.S.U., wrestled to a 5-5 stand-off in the opener.

Kuehn's victory was followed by decisions by Ron Chathum, 170, and Jack Hester in equally impressive fashion. The other Eastern victory was notched by Ed Chandler, 167, as he defeated Dick Treat, 9-2.

Wooten was as impressed with the evenings crowd, as the crowd was with him and his first year squad.

This Saturday, January 18, Eastern entertains the Whitman College Missionaries at 3:30 p.m. in the fieldhouse.

Savages Have No Problem Spoiling Savage Opener

By Mike McAtee

Leon Phelps, a member of Eastern's ROTC rifle team, was awarded second individual honors in the Inland Empire Rifle Conference, Saturday. With a high score of 288, and competing in a three-team match, Phelps gave Eastern's team its only win in the entire conference. Phelps also won an award for best shooting in standing position with a score of 100-100. Eastern's complete rifle team competed in the conference with a final score of 137-100. The Inland Empire Rifle teams that competed in the conference were Gonzaga Army, Spokane Valley rifle and pistol club, junior division, University of Idaho Army and Navy, W. S. U. Army, and EWSC Army.
Dar Monasmith (22) and Vince Jarvis (54) hold leads in six departments in the latest "63-64" Basketball Statistical Report. The report, as of January 6, indicates Monasmith, who has played in all ten non-conference games, heads the list in field goals attempted with 55, in free throw shooting percentage with 44-53 and 83%, in total points with 178, and in scoring average with 16.1 points per game. Jarvis, who has also played in all ten encounters, tops the list in rebounds with 66, and in field goal percentage with 33-66 for 50%.

**A Closer Look**

With the new year comes a new look in fashions. Fall and Winter fashions this year, particularly for day time have much of a refreshing country look. Silhouettes are classically casual, easy to wear. Distinction is lost to the elongated lines of the new shapes by the use of soft tailoring and beautiful fabrics. Still uncluttered, these lines are not as severe as they were in previous seasons. Softness is added by collars, cuffs, pocket details and the use of top-stitched seams. "Sportive" is the word for Fall and Winter. Silhouettes for this year's fashions have been borrowed from the riding habit, the shooting jacket, the trench coat, and the coachman's cape. The elegant use of fabrics gives these fashions a feminine look, even though the lines are typical of men's fashions.

Fall and Winter fashions appear almost revolutionary through the use of various tweeds, plaids and other country type fabrics for clothes meant for the city. Casual yet elegant, keeping with the easy fitting approach to the Fall and Winter, is the raglan sleeve, considered the most characteristic of the new lines. The raglan sleeve along with the dropped sleeve are some of the ways that are being used in an attempt to widen the shoulder line. Waistslines are variable, they are lifted high, dropped low or belted low on many clothes.

Casual and Sportive are applicable only to day clothes, however, for after dark the mood is changed to romantic and dramatic. Easy, relaxed, very fluid, not a stiff line anywhere is the definition for evening clothes. With the use of rich fabrics, evening clothes are made elegant in a grand manner.

**Savages Drop Swim Meet**

The Eastern swim team began its Evergreen conference season on a losing note this last weekend as they lost two swimming meets. On Friday the Savages, coached by S. T. Stratton lost a triangular meet to the University of Puget Sound and the University of British Columbia in Tacoma.

The members of the swim team are Dick Griffith, Rex Eads, Bob Crawley, Larry Utzinger, Pete Carlson, and Al Watson.

On Saturday, Mr. Stratton led his team to Bellingham for a dual meet with Western Washington State College. Here again the Savages ended up low man losing by a score of 56-38.

In Evergreen conference competition the Savages lost to U.P.S. by a score of 64-15. The seven members of the Eastern team were only able to garner one first place award. This came when Dick Griffith took the top spot in the diving competition. Although the U.B.C. team beat the Savages by a score of 64-15, it did not count in Evergreen conference standings.

The Savages placed first in the 400 yard medley relay, 50 yard free style, diving, and 200 yard breast stroke events.

The first home meet for the Eastern team will be Saturday, January 25 at four o'clock when they entertain the U.P.S. Loggers.

ATTENTION MOTORISTS

The City of Cheney has presently in effect an ordinance restricting overnight parking on city streets. The purpose of this ordinance is to enable city crews to plow snow without being hampered by parked cars. So that you may be informed of the provisions of this ordinance, they are printed below.

Ordinance D-45—Article VIII, Sec. 76 (1), It shall be unlawful to park or leave parked any vehicle on any street of the City of Cheney between the hours of 1 a.m. and 7 a.m. from December 1 to March 1.

It shall be unlawful to park or to leave parked any vehicle on any street of the City of Cheney except the central business district during heavy snowfall (heavy snowfall meaning a fall on the ground of two inches or more) at anytime between 4 p.m. and 7 a.m.

It should be noted that the last paragraph does not contain any limiting dates, but will be in effect with the advent of a snowfall of two or more inches, without warning.

The City of Cheney
Roy Foss, Clerk

Library For Children In Science Room

Students and faculty are cordially invited to view a comprehensive exhibit of 600 new children's library books—involving the output of some 50 publishers—to be on display at Room 207 of the Science Building between January 6 and 30. The exhibit will be open daily from 2:30 to 4:30 p.m. The collection has been brought to Eastern as an adjunct to the study of children's literature by students who are preparing for teaching. However, this service is available as well to administrators, librarians, teachers, and parents.

The exhibit presents all the outstanding new books of Early Childhood ranging in level from Kindergarten through Junior High (ages 5 to 14) and is completely organized and curriculum-related. It provides a unique opportunity to see and choose books from among the colorful, informative, well-written juvenile literature being produced today. Because of its comprehensive nature, the exhibit is generally regarded as the most satisfactory and efficient way to keep up with the important new books being written for young people.

All teachers, librarians, and other school personnel visiting the exhibit will find available free curriculum-related catalogues annotated and fully indexed by subject, author and title. The exhibited books are numbered, both on the covers and in the catalogue, and thus make every title directly accessible whatever the interest or approach. Books, on exhibit, a national promotional operation, supplies the exhibit but neither takes nor fills orders.
