The upcoming AS elections swung into high gear last Monday as filing for officer positions officially closed. Fourteen candidates filed their names for the race.

In a move that surprised everyone, Larry Snyder, Activities Vice President and Jim Nelsen, Executive Vice President filed for the office of Executive Vice President. Until Monday, deadline for filing, Bruce Liebrecht had been the only candidate for EVP.

The first student to file was Curt Leggett, ARX (Off-campus, commuter) President, for the office of AS President. Bob Clark, this year’s AS Treasurer, is the only other candidate who filed for the chief executive’s job. Both have been very active in student activities.

EVP Candidate

Clark is also a varsity football letterman, past president of Hudson Hall, and a former member of Campus Council. Leggett is chairman of the Student Union Board, member of the NSA Committee, and a member of the AS Council.

One of the candidates, Bruce Liebrecht, would have made AS history. Until Snyder and Nelsen filed he was the only candidate for EVP. Liebrecht is Duke of the Intercollegiate Knights, president of the junior class, and member of the Academic Affairs Committee. Snyder is Activities Vice President, former president of Bachelor’s club, and a night manager in the SUB. Nelsen is president of the business club, present EVP, and an advanced ROTC cadet.

Snyde Remarks

First To Come? First To Serve?

Drop the net over the next favorable looking student, drag him in the student center and force him to sign up as a candidate for an A. S. office. This almost became popular as the bursar's office on the first of the month.

The first week, only one candidate for each office had convicted him or herself to the task of candidacy. First to sign up was: Curt Leggett, president; Bruce Liebich, Executive Hatch, Activities Vice President; Dave Rossing, Treasurer; and Lynne Wilexon, Secretary. Then came the dry spell. Everyone seemed to be waiting to see who was going to sign up next. No one did.

The present Executive set themselves to the search of prospective qualified students. Inquiries were made, suggestions and provocations were given and just plain directions given as to the location of the Student Center for those interested. The next name to appear was Rick Ranson, but he removed his name as he wanted to run for an office next year.

Then came Thursday, January 30 (Friday), file day. Names began appearing on the list, applications swamped Jim Nelson, Executive Vice-President and the Associated Students political circus began. Filing were: Robert Clark, a repeater; present A. S. Treasurer, for president; Ellora Martin, Activities Vice President; Bart Smith and Dave Rossing, Treasurer; and Carol Minahan and Sharon Moses, Secretary.

Now that filing day has drawn to a close and each candidate is busyly preparing a campaign, the decision now rests with the students. As for me, I think I'll just sit back and look, listen and evaluate and vote in the best interests of the Associated Students.

-- Larry Snyder

Study Reveals Definition Of Good Teacher

The following are excerpts from an article appearing in the Minneapolis Sunday Tribune, January 5, 1964. The items are taken from a study published in a National Education Association publication, the National Elementary Principal. The study was to determine just what a good teacher is, or isn't.

He is probably not the most intelligent among his peers. In general, there appears to be only a slight relationship between intelligence and rated success of an instructor.

A teacher's attitude bears a "small but positive" relationship to teaching effectiveness. The quality of a teacher's voice may be of some minor importance in teaching success.

The study made the major causes of a teacher's failure are "poor maintenance of discipline and lack of co-operation." Factors such as health, educational background, preparation, age and knowledge of subject matter are "relatively unimportant factors." The study's conclusion is, "Organizations which have high rated performance, the quality of a teacher's voice may be of some minor importance in teaching success."
Council Ok's Ski Funds, Discuss As Amendments

By Bob Stevens

Generously prevailed at Thursday's A. C. Council meeting for the funding of the Eastern Sports Club. By a unanimous vote of 17 to none, the ski group was granted the funds to provide winter activities on the campus for the benefit of the students.

In his report, President Kelly presented the financial report in detail. The ski group would be granted $2000 for racing equipment and $1000 for food costs. The total amount requested was $3000, and the council approved the request without any discussion.

President Kelly also announced that efforts would be made to establish a legitimate governing body for the ski group. The council members agreed to support the formation of a permanent governing body and agreed to meet with the ski group to discuss the details.

The next item on the agenda was the proposal for the construction of the Giant Octopus Ride. The council members discussed the proposed ride and the potential financial impact on the campus. The council members agreed to support the proposal and to meet with the Fun and Fancy Club to discuss the details.

The council then moved on to the last item on the agenda, the topic of the Associated Men Student's Council meeting on February 21. The council members discussed the agenda for the meeting and agreed to support the proposal.

The council members then adjourned the meeting without any further action.

Sophomore Is YD President

Campus Young Democrats this month elected Alan Acock to fill the presidential vacancy left by the resignation of Mike Lehan.

Acock's first official act was to sanction the sending of a telegram to former Representative John Goldmark, thanking him for leading the way in the fight against extreme rightist forces. Mr. Goldmark was recently awarded $46,000 in damages in a slander suit brought against Al Canwell and Don Caron of Spokane and Ashley Holden of Gonzaga University.

Upon assuming the presidency, Acock commented, "The Young Democratic clubs of America are both acknowledged and respected by the senior party. From our clubs spring the political leaders of tomorrow."

Our goal is twofold. First, we are an educational club in which our members learn the democratic principles that shape our nation. Second, and more important, we actively translate our democratic ideals into political action. February 7, 8, and 9, marks the date of our first state convention which will be held in Spokane. I believe that this convention will offer all of us members an enjoyable experience. Furthermore, it will provide an invaluable opportunity to see first-hand, the work of party machinery."

Those wishing to become delegates to the State Young Democratic Convention to be held in February at the Redpath Hotel are advised to contact the club through the local post office or contact President Acock at 235-3865.

John Goldmark is scheduled as dinner speaker at the YD Convention, along with Senator Henry M. Jackson.

Off Campus Will Have AWS Rep.

Newly suggested amendments to the AWS Constitution will enable the Off Campus and Commuter students to have a representative on the AWS Council. This will be voted on March 2, the day of the annual meeting.

"Giant Octopus Ride" To Be Highlight Of AMS-AWS Carnival

A giant octopus ride, capable of carrying two in each seat, and having a span of 70 feet will be the main attraction at the AMS- AWS carnival at 9 p.m., on the campus. The ride is being set up by the Fun and Fancy Club.

In addition to the giant octopus ride, there will be a water tank, a dunk tank, and other games. The Fun and Fancy Club is in charge of the carnival, and will be the main attraction of the evening.

"Pleasent Carnival" To Be Highlight Of AMS- AWS Carnival

A pleasant carnival will be held on the campus on Thursday night, February 21. The carnival will feature a range of attractions including a giant octopus ride, a water tank, and a dunk tank. The Fun and Fancy Club is in charge of the carnival and will be the main attraction of the evening.

Dear Editor:

After listening to speeches by members of the John Birch Society, many YAF members came to the conclusion that their organization is dangerous to our form of government. The Birch Society, having all the qualifications of a cult, should be treated just like one. Their version of Christianity is the only religion that has any adherents. (Though I won’t want to try and compare it to Christ.)

The YAF also went out to give us an interesting account of last November’s YAF convention. (This newspaper is very up to date, too.) I think the pictures tell the story of the drinking and carousing that went on at that convention. "It is the essence of Americanism," the resolution goes on to state. (I think this is one of the few times that the resolution has said anything about which resolutions we should look at.)

Robert Welch makes statements such as "So I am convinced America would be better off with a government of three hundred thousand officials and agents, every single one of them a thief, than a government of three million agents, every single one of them an honest, honorable, public servant." In the December 1963 issue of American Spectator, magazine published by the John Birch Society, an article by Charles Tanasi asserted that President Kennedy should be impeached.

The Birch Society has all the ingredients necessary to attract clever workers for the Communist Party. They also attack democracy in a form of government. They also attack democracy in the "Bluebook" such as "I am not a workman or a citizen of the United States of America in the form of government," talking to people who want an easy answer. They try to kid? In other words, what they’re for is the same thing we did for the students, they are forced either to go to the University of Washington or Oregon State College "where he could get into advanced calculus, general physics and thermodynamics." I should like to point out that these courses are regular course offerings at Eastern and the state college had risen from 250 in 1945 to 364 this year probably substantially being altered and modified both in its physical appearance and its academic structure, because of the part it plays in our countries ever expanding need for up to date education.

Mistake Noted

To the Editor:

I should like to correct a misimpression which appeared in the Easterner of Wednesday, January 29, 1964, in the article "Eastern’s Weather Station Prepares Jobs and Training". The article states that Mr. Schadegg, a weather student at Eastern, who could be said to have graduated from the University of Washington or Oregon State College "where he could get into advanced calculus, general physics and thermodynamics." I should like to point out that these courses are regular course offerings at Eastern and the state college.

The House Un-American Activities Committee is a great paradox. It is an illus­
trious committee in that the House Un-American Ac­tivities Committee has the duty to investigate or expose Communist af­filiates and the organizations they belong to. It is an necessary function within the democratic framework of the United States.

Tom Wilson: "It occurs to me that the House Un-American Activities Committee is a great paradox. It is an illus­trious committee in that the House Un-American Activities Committee has the duty to investigate or expose Communist af­filiates and the organizations they belong to. It is a necessary function within the democratic framework of the United States."
In any college town, the non-credentialed students find themselves observing college students doing things they first see as somewhat intimidating. In fact, there are some that dismay others by what they seem to find rather hard to classify the students. However, they soon see that there exist a number of students fit into and each category varies as much from the other by differing characteristics. Here are some:

1) The First Rat (Greasy Studby). Habitat: at or within 100 yards of the frat house. Greatest characteristic: any body is trying to get something, especially when somebody is trying to get away from something else. Usual anything with a seat, four wheels and a wristband.

2) The Major: sex. Hobbies: only one— and a gallon of gas, (unless the student is not already bald, in which case, the beard, looks like Jack Dempsey, ten minutes. Distinguishing characteristics: has a large right arm caused by afortunate collision of the shoulder with something on the line, but later in the year on the lawn. Pursuer usually has some other poor fool ask to marry him, and will go for years without this silly process. Characteristics: every other man in the student body.

3) The Indulger in Alcoholic Beverages. (Alcoholic Unanimity). Age Under 21. Distinguishing characteristics: has a large right arm caused by a fortunate collision of the shoulder with something on the line, but later in the year on the lawn. Pursuer usually has some other poor fool ask to marry him, and will go for years without this silly process. Characteristics: every other man in the student body.

4) The D Drain (Army). Distinguishing characteristics: has a large right arm caused by a fortunate collision of the shoulder with something on the line, but later in the year on the lawn. Pursuer usually has some other poor fool ask to marry him, and will go for years without this silly process.

5) The Partner (Wifey Hunter). Mode of Transportation: anything with a seat, four wheels and a gallon of gas, (unless the girl in question refuses to go as far). Distinguishing characteristics: usually somewhere standing up in front of the girls dorms at 1:20 A.M. Prey: Young damsel's love. Distinguishing characteristics: has a large right arm caused by a fortunate collision of the shoulder with something on the line, but later in the year on the lawn. Pursuer usually has some other poor fool ask to marry him, and will go for years without this silly process. Characteristics: every other man in the student body.

6) The Prostitute (Librarian). Species: predominantly female, but can include some males, and is present under the sun lamp, but later in the year on the lawn. Pursuer usually has some other poor fool ask to marry him, and will go for years without this silly process. Characteristics: every other man in the student body.

7) The Commuter (Latus arrivi) Habitat: the harbor of the STB. Likes to adventure: from Spakne to Cheney in less than ten minutes. Distinguishing characteristics: Arrives late for his first class every other day. Also carries a book with a steel frame, and carries it around for only that first class. Hobbies: usually standing up in front of the girls dorms at 1:20 A.M. Prey: Young damsel's love. Distinguishing characteristics: has a large right arm caused by a fortunate collision of the shoulder with something on the line, but later in the year on the lawn. Pursuer usually has some other poor fool ask to marry him, and will go for years without this silly process. Characteristics: every other man in the student body.

8) The Playboy (Wolfus Husbear). Mode of Transportation: anything with a seat, four wheels and a gallon of gas, (unless the girl in question refuses to go as far). Distinguishing characteristics: usually somewhere standing up in front of the girls dorms at 1:20 A.M. Prey: Young damsel's love. Distinguishing characteristics: has a large right arm caused by a fortunate collision of the shoulder with something on the line, but later in the year on the lawn. Pursuer usually has some other poor fool ask to marry him, and will go for years without this silly process. Characteristics: every other man in the student body.

9) The Commuter (Latus arrivi) Habitat: the harbor of the STB. Likes to adventure: from Spakne to Cheney in less than ten minutes. Distinguishing characteristics: Arrives late for his first class every other day. Also carries a book with a steel frame, and carries it around for only that first class. Hobbies: usually standing up in front of the girls dorms at 1:20 A.M. Prey: Young damsel's love. Distinguishing characteristics: has a large right arm caused by a fortunate collision of the shoulder with something on the line, but later in the year on the lawn. Pursuer usually has some other poor fool ask to marry him, and will go for years without this silly process. Characteristics: every other man in the student body.

10) The Frat Rat (Greekus 8). The Playboy (Wolfus Husbear) Habitat: the house of the frat. Greatest characteristic: has a large right arm caused by a fortunate collision of the shoulder with something on the line, but later in the year on the lawn. Pursuer usually has some other poor fool ask to marry him, and will go for years without this silly process. Characteristics: every other man in the student body.

11) The Suntanner (Quickgetus) Habitat: the house of the frat. Greatest characteristic: has a large right arm caused by a fortunate collision of the shoulder with something on the line, but later in the year on the lawn. Pursuer usually has some other poor fool ask to marry him, and will go for years without this silly process. Characteristics: every other man in the student body.

12) The Drama major (Limpus wrist). Habitat: always found in deep dark corners of the Sho- walter stage. Dress: sloppy jeans and sweatshirts with makeup and paint splashed on them at various spots and such. Distinguishing characteristics: has a large right arm caused by a fortunate collision of the shoulder with something on the line, but later in the year on the lawn. Pursuer usually has some other poor fool ask to marry him, and will go for years without this silly process. Characteristics: every other man in the student body.

13) The Liberal (Economus). Species: predominantly female, but can include some males, and is present under the sun lamp, but later in the year on the lawn. Pursuer usually has some other poor fool ask to marry him, and will go for years without this silly process. Characteristics: every other man in the student body.

14) The Business Major (Richerus). Species: predominantly female, but can include some males, and is present under the sun lamp, but later in the year on the lawn. Pursuer usually has some other poor fool ask to marry him, and will go for years without this silly process. Characteristics: every other man in the student body.

15) The Political Science Major (Democra). Species: predominantly female, but can include some males, and is present under the sun lamp, but later in the year on the lawn. Pursuer usually has some other poor fool ask to marry him, and will go for years without this silly process. Characteristics: every other man in the student body.

16) The Art Major (Lapidarius). Species: predominantly female, but can include some males, and is present under the sun lamp, but later in the year on the lawn. Pursuer usually has some other poor fool ask to marry him, and will go for years without this silly process. Characteristics: every other man in the student body.

17) The Science Major (Physicus). Species: predominantly female, but can include some males, and is present under the sun lamp, but later in the year on the lawn. Pursuer usually has some other poor fool ask to marry him, and will go for years without this silly process. Characteristics: every other man in the student body.

18) The Engineering Major (Ingeniarius). Species: predominantly female, but can include some males, and is present under the sun lamp, but later in the year on the lawn. Pursuer usually has some other poor fool ask to marry him, and will go for years without this silly process. Characteristics: every other man in the student body.
Collegians Back From Tour

The group, sponsored by the Cheney Chamber of Commerce, returned late Wednesday evening from eight weeks of concertizing in the Far East. They made a farewell appearance in Spokane on Thursday evening.

The tour took them to Korea, Japan, Okinawa, Taiwan and Guam. The group traveled more than 20,000 miles, and the 12-week course will be held at Garfield Elementary School.

Here are a few comments received by Governor Albert F. Rosellini, President Donald S. Patterson, and Dr. Ralph Mann, choral director, in response to the Collegians tour.

Back From Tour

Five Extension Courses Begun This Quarter

The Western Washington State College Collegians were honored jointly sponsored by the USO and the National Music Council. Dr. Ralph Mann, Director of the Collegians, commented that the first-hand educational observations and music challenges afforded them was one that few college students have the opportunity to realize and experience in a college situation.

The tour took them to Korea, Japan, Okinawa, Taiwan and Guam. It has been estimated that the group traveled more than 20,000 miles. These are a few of the highlights of the four as related by Dr. Mann.

After a send-off breakfast on October 14, sponsored by the Cheney Chamber of Commerce, the Collegians were driven to the Spokane International Airport for their initial departure and ultimate destination, Tokyo. The tour group gave their first overseas performance in Yokusuka, Japan. "They were amazed at the responsiveness and appreciation of their first overseas audience, which initiated in them a new excitement and challenge for future concerts."

The following morning the group was flown from Yokusuka Air Base to Kimpo Air Base near Seoul, Korea. Dr. Mann said that the experience of landing in a war-ravished and cold war conscious country, will long be remembered by each member of the group.

Geographically, the Korean portion of the tour extended from Camp Kaiser, near the DMZ, to Pusan, a large seaport member of the group. Scheduled concert assignments were accomplished by riding trucks, small commercial buses, and military planes—"You name it and we rode it!"

Traveling great distances precluded between performance destinations and concerts were given in a relatively short period of time, and in most instances, the least adequate performance facilities. However, in spite of these factors, "each member of the group loved and enjoyed the performance opportunities to bring to the servicemen in Korea music from home."

Members of the group were Karen Richardson, Judy Barton, Nancy Luther, Frank Del Nero, Barron Tilton, Sam Jones, Roger Graham, Dorothy Roberts, Walter Ryals, Trudy Thompson, Marcia Belten, James Andrews, Donald Ricks and Diane Florence.

Laudits And Plaudits

Here are a few comments received by Governor Albert F. Rosellini, President Donald S. Patterson, and Dr. Ralph Mann, choral director, in response to the Collegians tour.

Back From Tour

Five Extension Courses Begun This Quarter

Five evening extension classes offered in Spokane by Eastern started this week, Raymond M. Giles, EWSC extension director, announced. A workshop in the physical sciences for intermediate grade teachers, Richard L. Carpenter, started Monday evening at Garfield Elementary School. The class will meet from 7 to 10 p.m. for 10 weeks.

History and government of the State of Washington, taught by Donald Wade, also begins this evening. The class will meet at Lewis and Clark High School from 7 to 10 p.m. for 10 weeks.

The other Wednesday class is a course in Radio and visual aids, meeting at Bancroft Elementary School. Taught by Robert Pryor, the 12-week course will be held from 7 to 10 p.m.

A workshop in physical geology will open Thursday evening at John Shaw Junior High. William Wilkening will teach the 10-week course which will also meet from 7 to 10 p.m.

Seven Named As Assistants

Seven Eastern Washington State College students have been appointed as pregraduates in the division of history and social studies. They are Joyce M. Burley, Elda D. Larson, and Martin F. Seedorf.

While the Collegians were in Okinawa they presented a special concert in the Ryukyu Islands in support of the People-to-People program of the High Commissioner. The audience consisted of selected high school and college students, Faultless members of the choir are (l. to r.) Jim Andrews, Wally Ryals, Barry Tilton, Nancy Luther, Judy Barton, Trudy Thompson, Marcia Belten, James Andrews, Donald Ricks and Roger Graham.
**Koinonia House Offers Chance To Study, Relax**

by Wally Carson

If you're looking for a pleasant retreat from the throbbing masses on campus and all the weighty problems that seem to be taxing your strength and endurance, then the Koinonia House is exactly the refuge you've been seeking.

Though not a very imposing structure, the Koinonia House retains an atmosphere of informal relaxation and quiet meditation. It's only natural that you make yourself at home once you're through the door. The sofa divans and coffee tables offer an open invitation to anyone who might wish to relax, study, or just talk about the company of his friends.

The purpose of the Koinonia House is to provide a Christian witness in the academic community. There is no creed to subscribe to. The philosophy there stands on its own merits; a person's religion is not what he says he is but rather his relationship with his fellowman. The Rev. George Allen, Minister-Director, says quite clearly that what he is trying to accomplish through the facilities of Koinonia House. The Curriculum Committee has ruled that fifty upper-division credits will be required, instead of the former sixty. Credits will be required, instead of the fifty upper-division credits. A 2.25 GPA in the student's major field will be required for graduation, was the ruling of the Administrative Council. Both of these rulings will go into effect for those graduating this fall or later, regardless of the catalog under which they graduated.

The underlying purpose of the Koinonia House is that the house rules above are a girls first love. With an extremely large cast of thirty people, meeting six nights a week, four to five hours a night for rehearsal, the Shakespearean play, "Romeo and Juliet" is expected to be the biggest drama production of the year. It will be presented by Mr. David Burr, and student director Sharon Koch, on February 26, 27, and 28, at 8:15 p.m. in the Showalter Auditorium. Mr. David Burr, director, is in his third year of teaching at EWSC. Having graduated from Olivet College in Michigan, David Burr did graduate work at the University of Michigan and is now working on his Ph.D. All alterations have been made in the cast and in new as follows:

Romeo, Rod Thompson; Juli-

et, Toni Haney; Marciau, Leroy Folke; Benlovo, Fred Hol bert; Tahlat, Jim Jamerson; Nurse, Gretchen Hermann; Lady Capulet, Pat Goki; Capu lel, James Koho; Frier Laur ence, Al Halverson; Sampson, Clay Lust; Gregory, Chuck Nor ris; Balhras, John Dunham; Abram, Herbert Fitzpatrick; Paris, Terry Saxe; Prince, Vince Digiatoasta; Lady Montagul, Philip Stultz; Paris's page, Jay Berg; Extra men, John Hick man, David Cole, Jerry White; Extra Women, Sherri Dudley, Bonnie Kiser, Valerie Zellenhold, Jackie Hoff.

**Car Life Doubles**

Car life doubled between 1927 and 1961. The average car turned in for scrap in 1927 was 6.8 years old and had 90,000 miles; in 1961 (last year for which figures are available) the average scrapped car was 14 years old and had traveled 112,000 miles.

**California Employers Here Today**

Representatives from school districts in California and Nevada will be at Eastern today to interview teacher candidates.

Rameold M. Giles, EWSC placement director, said Richard F. Brown, assistant superintendent of Clark County School District, Las Vegas, Nevada, and William H. Lee, assistant superintendent of Lower Crab Creek School District, Colorado, will be on campus February 6, 9 a.m., to talk with teacher candidates. Anticipated vacancies are for Girls' P.E. and the primary level.

Mr. Robert Anderson, Superintendent, Lower Crab Creek School District, Royal City, Washington, will be on campus February 10, 2 p.m., to interview prospective teacher candidates for Junior and Senior High School vacancies in the following areas: Commercial, District Music, English, Foreign Language, Social Studies, Coaching.

Mr. Curtis Cunningham, General Agent, Connecticut Mutual Life Insurance Company, will be on campus February 11, 9 a.m., to interview prospective teacher candidates for Elementary and Junior High vacancies at this time.

Donald G. Pickerel, Personnel Director and Personnel Supervisor of Seattle Public Schools, Seattle, will be on campus February 13 and February 14, to interview prospective candidates for Junior and Senior High School vacancies at this time.

Mr. Frank N. Lawry, Personnel Director of Issaquah Public Schools, Seattle, will be on campus February 13, 9 a.m., to talk with prospective teacher candidates interested in their district titles.

Mr. Thomas Deering, Superintendent of Schools, Issaquah, will be on campus February 13, 9 a.m., to interview prospective teaching candidates for the following positions: Kindergarten, 1st grade, 2nd grade, 3rd grade, 4th grade, 5th grade, 6th grade; Jr. High Language Arts, Math, Science; Sr. High English; Art, Industrial Arts w/Math.

Loaded Cigar Timely Mistake Is Noted

By Rose Christensen

An exploding cigar gave one person a close shave one recent day during a coffee corner session with Dr. Dallas W. Synth from the University of Saskatchewan, speaking on Mass Media and the Political Process.

Synth, who is head of the University's division of Social Science, spoke of the inability of military forces to give adequate protection to their countries and consequent military obsolescence. This statement concerned with the innocent lighting of an exploding cigar nearby. Among the laughter around one red face, the speaker was heard to say, "My sympathies."

"The human race is now growing out of a phase, something like adolescence," Synth began. "We can't tell what is taking place."

The principal facets of this phase began in the middle of the nineteenth century.

Population in another part of this change as is military obsolescence. America needs to examine where she is headed in the world and what her position is.

The power we have to inform populations today is equivalent to the power of the media to build castles," stated Synth, mulling over the problem of television broad-casting from satellites. Deciding on the type of programs to be broad-casted will necessitate a common denominator of universal understanding, especially in terminology, such as "Freedom."

"America is undereducated and overentertained," stated Synth.

The function of mass media today is to train people for consumer- ship. Mass media is the starting point for making changes, he pointed out and added that today America has, "Substituted the governing of the consent in most cases to the consent of the governed."

Pam Diehm

A Closer Look

Perhaps one of the most emotional of all special days celebrated by Americans each year is Valentine's Day.

The origin is uncertain. Three traditions seek to account for it. One cites it a survival of an old Roman February feast called Lupercalia, when young Romans put into a box the names of young maidens and then drew the names by chance for partners at the coming Lupercalia festival. A second refers to the rural tradition that "about this time of year birds choose their mates, and probably chance comes the custom of young men and maidens choosing valentines, or special loving friends on that day."

The third is based on the stories about a certain Valentine of early Roman days, an uncanonized saint who has become the patron saint of the day.

For those happily in love, sentiment and tenderness rule. It may be a day of actual affection, a range of love for those closest to you.

Valentine's Day is as much an event for men as for women. Tangible reminders of affection are given to men as well as to women. Points to consider in the custom of mutual gifts-giving:

2. The mid-February exchange of gifts was an old Roman custom.
3. Men are just as appreciative of unexpected gifts as women are.

To avoid the pitfalls of this charming holiday and reap the joys, here are a few do's and don'ts.

DO—Send a friendship Valentine to members of the opposite sex, when you are truly friendly. Humorous cards are permissible. A gag may possibly be fitting, but never cruel or sarcastic.

DON'T—Buy an elaborate gift for someone who is not genuinely close to you. Insensitive gifts are fun among friends and family and are appropriate and fun to exchange or simply to give without thought of receiving one in return. A book, a record, a gimmick, a gag should fit in with the other person's interests. The gag may possibly be funny or a gentle rib, a hobby or enthusiasm, but never cruel or sarcastic.

DON'T—Wear anything made of lace or tulle. Valentine's Day is not a Christmas Day.

DON'T—Take your date to a movie and then, what's the point?

DON'T—Send a Valentine of any kind to anyone who is engaged.

DON'T—Observe the custom of young men and maidens choosing valentines, or special loving friends on that day. The third is based on the stories about a certain Valentine of early Roman days, an uncanonized saint who has become the patron saint of the day.

The power we have to inform populations today is equivalent to the power of the media to build castles," stated Synth, mulling over the problem of television broad-casting from satellites. Kathleen Gemberling

The work of Kathleen Gemberling, a well known Spokane artist, is currently being displayed in the Walter Isle Memorial Union Building.

Her paintings have been exhibited in various shows throughout the country including the Pennsylvania Academy of Fine Arts and the Butler Art Academy. She has also Just recently received an invitation to exhibit in the Governor's Invitational Exhibition.

The paintings are done by a method of glaze layers applied to the canvas, and because of this the paintings seem to have great depth.

Savage's Weekend Brings No Wins

The Eastern Washington State Savages completed their week end road trip this past week as they turned back in unquestionable fashion on Friday and Saturday night.

Friday night the Savages ran full force into the Knights of PLU and their record setting scoring ace, Tom Whalen, who is expected to break existing Evergreen Conference scoring record, scored 33 points as the Knights coasted to the victory.

Dar Monasmith, 22, assumes unusual position as he drives base ball from the foul line. Joe Allen led the way for the Savages with 10 points. This week end the Savages play host to the Central Washington Wildcats and the UPS Loggers in the finals.

Swimmers Drop Fifth

The Savage Swimming team lost another match Friday afternoon to the Western Washington Vikings. The score was 54-38. Western grabbed off six first places while the Savages could only get five. Team depth made the difference as the Western squad grabbed off a majority of the runner up positions.

Al Waton won the 200 yard free style event for the Savages with a time of 2:15.5. He also won the 200 yard breast stroke event with a time of 2:40.2.

Rich Sundstrom won the individual medley and the 200 yard breast stroke events with times of 2:35.3 and 2:41.4.

Mr. Point-getter, Dick Griffith, again won first place in the diving competition.

Gonzaga Will Host Annual Science Meet

Gonzaga University has been named host for the annual Northwest Regional convention of the American Chemical Society, to be held in Spokane June 18-19, 1964.

Dr. Dana Harter, Eastern Washington State College science division head and Dr. Vincent Stevens, EWSC, chairman for the convention, said Henry J. Wittrock of the department of metallurgical research, Kaiser Aluminum and Chemical Corp., is general chairman.

Wittrock has named six other committee heads to handle the convention. These include Dr. Hugh W. Johnston, Whitworth College, program; Fr. Arthur L. McNeil, Gonzaga, housing; Gladie M. Wilson, sewage disposal plant, City of Spokane, exhibits; Dr. Gilbert B. Manning, Sacred Heart Hospital, banquet and hospitality; Dr. John Douglas, EWSC, and Dr. Robert Bockes, Whitworth, arrangements, and Mrs. Marion Bushey, ladies’ program.

More than 250 chemists from Washington, Oregon, Idaho, Montana, Utah and British Columbia are expected at the convention. Dr. Harter said, sessions will be held at Gonzaga.

Psych Club To State Hospital

The Psychology Club will be making a trip out to Eastern State Hospital on Tuesday, February 11, at 6:30 p.m. Members will spend about two hours visiting with patients of one of the intake wards. Any one interested should meet in front of Martin Hall at 6:30 on February 11. Bus rides will be provided for those who need them.

For further information contact Bruce Leibrecht, 359-2472.

THE FORD SPECIAL CUSTOM IS THE BIGGEST BIG-CAR VALUE

This is Standard Equipment

- White Exterior
- Pleated, All-Vinyl Interior
- Bright Chrome Dip Molding
- Mileage Maker
- Synchro-Speed Drive
- Foam-Cushioned Front Seat
- Color-Keyed Vinyl-Rubber Mats

Here’s how to save even more with Ford’s Service-Saving Features:
- 36,000 miles or 3 years between major chassis lubes
- 6,000 miles or 6 months between oil changes and minor lubes
- Engine coolant-antifreeze, installed at the factory, for 36,000 miles
- Self-adjusting brakes
- Aluminized muffler
- Galvanized vital underbody parts to resist rust and corrosion

VALENTINE, I WOULD NOT HESITATE TO FIGHT A SABRE-TOOTHED TIGER, A POISONOUS RATTLE SNAKE, A FIRE EATING DRAGON TO WIN YOUR ADMIRATION AND AFFECTION, BUT YOUR HUSBAND SCARES ME.

See the rest of these at CHENEY DRUG
Ted Byran on still rings.

Rod Ostboe, the team's captain and only senior, is from Richland and competes in the free exercise event and also on the parallel bars.

Vern Reynolds, a sophomore from Bremerton, is the gymn team's number one competitor in the tumbling event.

Junior, Gary Biese, from Richland, is one of Coach Tibbitts best hopes in the vaulting event.

Byron Wallace, another member of the team from Hightine is a sophomore and is one of the team's best entrants in the free exercise event. Byron also competes on the side horse and in the tumbling events.

Sophomore, Steve Woodward, has already proved himself to be one of Coach Tibbitts ace's. Steve, who competes in the trampoline, sidehorse, and vaulting events, also competes on the parallel bars, was the 1960 Washington state high school all around gymnastics champion. Steve scored twenty points against the team from Washington State University and was a big factor in the Savage's victory over the Cougars. Steve is also from Hightine.

Keith Wright, a junior from Centralia, competes on the trampoline for the Savages.

Tony White, a freshman from Renton, competes on the still rings.

In a recent interview, Coach Tibbitts said, "It is a real inspiration to work with this team. All but a couple of them are P.E. majors and will be big assets to the schools that they team at."

The gymnastic team is coached by Thorne L. Tibbitts, a graduate of Washington State University. The team is comprised of thirteen members who compete in eight different events. "These men begin practicing for their events almost as soon as school starts and keep practicing through the middle of March. They practice about ten to fifteen hours a week after classes."

Gymnastics has been a varsity sport at Eastern for about eight years. Mr. Tibbitts is now beginning his fourth season as coach. In order to letter in gymnastics at Eastern, a member of the team must earn at least twenty-five points in varsity competition. The team is made up of the following athletes:

Tony Britain is a former Central Valley gymnast, but Tony now competes for Eastern on the horizontal bars.

Dick Brown, a sophomore from Hightine, is the squad's number one competitor on the horizontal bars and he also competes on the still rings.

Ted Byron, a junior from Renton, is the team's ace on the still rings.

Mike Gavin, a freshman from Hightine, was last year's high school champion on the side horse and is the team's best hope in that event for this season.

Another Highline member of the squad is Dennis Lazer, who is the team's best man in the free exercise event. Dennis also competes on the horizontal bars and in the tumbling event.

Chuck Messenger, a junior from Centralia, is the team's number one man on the parallel bars.

Last year Chuck finished number eight in the parallel bar competition at the West Coast meet for the Western Intercollegiate Gymnastics Association. Chuck also competes in the long horse event.

S.P.'s Falcons Top Savages

Seattle Pacific scored an easy 70-58 victory over the Savages January 28 in the Cheney field house. The Falcons of Seattle played ball control in the second half to increase a four point halftime lead to a 12 point victory.

The Falcons shot 54% in the first half to Eastern's 29%, but the Savages took ten more shots to even the scoring. Dave Middle of Seattle Pacific scored seven points in the last minute and a half to give the Falcons their half-time lead.

The Falcons came out in the second half and immediately started playing ball central. They attempted only 25 shots in the second half and hit on 15 of them for a 60% average. John Crow of Seattle Pacific led all scorers with 21 points getting 14 of them in the second half. Eastern was led by Joe Allen with eighteen.

The Falcons had a 43-31 advantage on the rebounds. They controlled the defensive boards 31-14.

This was Eastern's last non-conference game of the season and ended non-conference play with a 5-8 record.

The Savages opened their 64 season on a winning note as they downed the Cougars from W.S.U. 69-59 at Pullman on January 25. This Saturday Coach Tibbitts will take a seven man squad composed of Tony British, Ted Bryan, Mike Gavin, Rod Ostboe, Vern Reynolds, Byron Wallace, and Keith Wright to Eugene, Oregon to compete against the U of O team.

Tibbitts said, "Oregon is just getting started, as far as gymnastics is concerned, so I don't think that we will have any trouble beating them."

The gymnastics squad will open its home season on February 15 against the Thunderbirds from the University of British Columbia. The meet will start at 2:00 in the field house.

Five of the top gymnasts from Eastern will take part in the WIGA meet in Tucson, Arizona, the 20th and 21st of March.

Eastern Washington tennis team. Last years conference champions are already looking forward to this spring season. Last years squad combined a 12-3 record in winning the crown.

Coach Bob Anderson reported that 8 members of last years squad returning. Returning let- termen include Don Knutson, Dave Adams, Keith Vandenburg and Chuck Hilt.

Last years squad won 4 individual championships. Don Knutson was the No. 1 bracket singles champion. Chuck Hilt was the No. 5 bracket champion. Don Knutson teamed with Dave Adams, who finished second in the No. 2 bracket, and together they won No 1 doubles title. Roger Kruiser and Keith Vandenburg won the No. 2 doubles crown.

Needless to say, Coach Anderson and his Savages are waiting impatiently for spring to arrive. Competition starts on April 3 with the Savages traveling to Pullman to meet the Washington State.

A tennis meeting is scheduled for February 6. All interested tennis enthusiasts are urged to attend. The meeting will be held at 4:00 in room 205 of the Field House.

Tennis Turnout is Tomorrow

Tennis enthusiasts will have their first turnout tomorrow, February 6, at 4 p.m. in the Fieldhouse.

Mr. R. B. Anderson, tennis coach, said all interested men and women are encouraged to attend. He feels that after last year's conference championship Eastern will again be tough to beat.

A good schedule is planned and if enough students are interested Anderson said a JV team will be formed.

The meeting will be held in room 205.
Goldwater Jr. Heads Youth For Goldwater

Washington, D.C.—The formation of National Youth for Goldwater, a nationwide organization mobilizing college and high school students for Goldwater, was announced today by Donnichi Ritchel, general director of Senator Goldwater’s Presidential campaign. Today’s announcement combined several other organizations under the National Youth for Goldwater banner, including Young Americans for Goldwater, formed in California after Senator Goldwater announced his candidature on January 2.

Named national chairman of the organization was Barry Goldwater Jr., 25, the Senator’s oldest son. Ritchel also announced the appointment of James Hart, former national chairman of the College Youth Republicans, as national director.

Barry Goldwater Jr., a 1962 graduate of Arizona State University, is affiliated with a Los Angeles stock brokerage firm. He was active in the Arizona Republican Party and is a registered voter there.

Young Student is an accomplished athlete and a member of the high school swimming team and also won his state’s record for the 400-meter medley relay. Hart, a graduate of Northwestern University and lives in Madison, Wisconsin. He has been active in Young Republican politics for six years.

For further information contact: Leo Edwards, Goldwater President 11501 Conn. Ave., N.W. 330-9900

Goldwater Jr. Serves Eastern

Some students on campus and also off campus have been deploring the efforts of the local citizens of Cheney, the campus town, to establish a Public Employees Federal Credit Union, commonly known as the Goldwater Union. This organization was established by the public employees, under the leadership of the former mayor of Cheney, Mr. Shadegg, who is treasurer. Business is conducted by the members, with Mr. Francis J. Shadegg as president.

The credit union is treasurers. Business is conducted by the members, with Mr. Francis J. Shadegg as president.

The credit union is primarily for employees, both campus and off campus, who wish to become a member. Applications are made available to all persons who wish to become a member. Business is conducted by the members, with Mr. Francis J. Shadegg as president.

The policy of the operation is controlled by the board of directors, and the board is guided by law and authorized by Federal Charter. The Credit Union is to be a voluntary, nonprofit organization, and its purpose is to provide a safe and convenient place for saving money and making loans.
