Action Items, IV.

Minutes of the June 22, 1990 Board of Trustees' Meeting, IV.A. - Mr. Kirschbaum

Motion #07-02-90: "I move approval of the minutes of the June 22, 1990 Board of Trustees' meeting."

Motion by Mrs. Beschel; second by Mr. Jackson; approved unanimously.
The 1991-93 operating biennial budget request was presented in two parts: the essential requirements level and the decision packages. The essential requirements budget is $98.5 million and the decision packages amount to $16.2 million, totaling $114.7 million. The 12 decision packages are grouped according to the goals developed through the planning process. The three goals are learning, student development, and university management.

Capital budget requests for the biennium amount to $20.1 million. The Office of Fiscal Management requires a six year capital plan. The biennial request is the first two years of the six year period. In addition, $2 million is being requested for preplanning for the Spokane facilities. We were advised by the HECB to submit this request in addition to our capital budget, as a special item. The expectation is that it would be considered part of the branch campus funding.

Motion #07-03-90: "I move approval of the $114.7 million 1991-93 biennium operating budget request, the $20.1 million capital budget request, and $2 million in preplanning funds for the Spokane facility."

Motion by Mrs. Chase; second Mrs. Beschel; approved unanimously.

Mr. Shaw recommended that the board approve a new tuition waiver program for classified state employees, effective fall quarter, 1990.
