Fiscal Year 1996, IV.B. - Mr. Stewart

1. Operating Budget, IV.B.1.

Vice President Stewart gave a summary of the operating budget for fiscal year 1996.

The summary included a biennial overview of the Washington state legislative operating budget appropriations for the 1996-97 biennium, data on enrollment increases, restrictions or provisions included in the Biennial Operating Budget Appropriations Act, and the recommended annual operating budget for the first year of the current biennium. The operating budget data contained descriptions and highlights of the four major budget categories: educational and general operations, auxiliary enterprises, scholarships and fellowships and sponsored programs.

Mr. Stewart recommended approval of the operating budget for fiscal year 1996 which authorizes the university to proceed with plans for expenditures and transfers within the limits of the 1995-97 Biennial Appropriations Act.

Motion #07-02-95: "I move that the Board approve the operating budget in the amount of $94,538,755 for fiscal year 1996."

Motion by Mr. Geraghty; second by Mrs. Beschel; approved unanimously.

Mr. Geraghty stated that the members of the Finance Committee met prior to the July Board meeting and reviewed the proposed budget. At the scheduled Board of Trustees retreat in October, members of Board will learn more about the mechanics and philosophical background of the budget and the role the Board plays in the planning and budgeting process.

Mr. Kirschbaum commended Mr. Stewart and his staff on the comprehensible presentation of the budget.

Mr. Ormsby commented that the Board spends less time to pass the budget because of the thorough process of preparations and presentation. He expressed his thanks on behalf of the Board to everyone who was involved in the project.

Mr. Stewart presented the capital budget for 1996. Projects included JFK Library Add/Remodel, HVAC, Sutton Hall Remodel, Showalter Hall Auditorium Renovation, Classroom Renewal, Telecommunication Campus Network, etc., and local funding for projects to improve Housing & Dining, Parking Services and University Bookstore.

Mr. Stewart recommended that the Board approve the capital budget of $21,457,892 for fiscal year 1996, which begins July 1, 1995, and ends June 30, 1996.

Chair Ormsby entertained a motion that the capital budget be approved for the fiscal year 1996.

Motion #07-03-95: “So moved.”

Motion by Dr. Torres; second by Mr. Kirschbaum; approved unanimously.

Mr. Geraghty commended Dr. Durrie and other members of EWU legislative delegation for their work with legislators which resulted in funding for many needed capital projects, especially the Library and Sutton Hall Remodel.

Mr. Stewart pointed out that the S & A Fees Budget are part of the operating budget and were approved as part of the operating budget.

Mr. Franke commented that concerns have been expressed about reductions proposed in the budget with some program cuts up to 40 percent and indicated that he will review the budget process.

The ASEWU budget for student activities increased by over $40,000 from previous years. This shows ASEWU’s commitment to increase student activities.

University Treasurer Resolution, IV.C. - Mr. Stewart

Mr. Stewart recommended that the Board delegate its contracting and signature authority to him for university contractual agreements and signature authority.

Motion #07-04-95: “I move that the Board approve the University Treasurer Resolution as presented.”

Motion by Mrs. Beschel; second by Mr. Jackson; approved unanimously.

Approval of Public Works Contract Award Over $150,000, IV.D. - JFK Library

- Mr. Stewart

Mr. Kirschbaum recused himself from consideration of the proposed contract and left the meeting room.

Mr. Stewart recommended that the Board of Trustees approve a contract award to Shea Construction, Spokane, Washington, for project #AE-93-05, JFK Library Addition/Remodel. Contracted work provides for the construction of a three-story 78,446 g.s.f. addition to the university’s main campus library and the renovation of the existing building, including new mechanical and electrical systems throughout, building commissioning and site improvements.

MWBE percentages for Shea Construction show 11.9% MBE and 6.02% WBE participation.
Mr. Stewart added that the bid consists of a base bid and seven alternate bids. One alternate bid, "Steam Hot Water Heater," was taken off the bid because the work can be done by university staff at a lesser cost.

Chair Ormsby entertained a motion to approve the award of construction bid as recommended by Mr. Stewart.

Motion #07-05-95: "I move that the Board of Trustees approve the contract award to Shea Construction, Spokane, Washington, for project #AE-93-05, JFK Library Addition/Remodel, in the amount of $13,397,600."

Motion by Mr. Jackson; second by Mrs. Beschel; approved. Five votes in favor, one vote abstention, and one member who recused himself from participation in the decision.
